PRESENTATION OF PROPOSALS.

Bernal Cut Bonds.

Proposals for the purchase of certain bonds of the City of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m., and opened by said Board at said time.

The bonds offered are described as follows:

Seven hundred thousand dollars four and one-half per cent Bernal Cut Bonds, Issue of July 1, 1927, comprising 35 bonds of $1,000 denomination, maturing each year from 1932 to 1951, inclusive.

The said described bonds bear interest at the rate of four and one-half per centum per annum, payable semi-annually, and shall not be sold at a price less than the par value thereof, together with accrued interest thereon at date of delivery.

Bidders may bid for the whole or any part of the bonds here offered, and when a less amount than the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt, State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award or within such time thereafter as may be agreed upon by the purchaser and Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the

United States, or by a deposit of certified check, payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County, for a like sum, provided that no deposit need exceed the sum of $10,000 and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bond bid for by him if his bid is accepted.

Hetch Hetchy Power Transmission Line Statement to Voters.

Supervisor Havenner presented the following statement, which, on his motion, was *ordered sent to the Registrar of Voters for distribution with sample ballots*:

"Bring Hetch Hetchy power into San Francisco and let the people use it. Votes Yes on Number 3.

To the Voters of San Francisco:

The bond issue for $2,000,000 to finish the "missing link" in the City's Hetch Hetchy transmission line, will give the people a proper market for their own power supply.

As long as the City's unfinished line halts at Newark, as at present, Hetch Hetchy Power must go unused or else be sold to the Pacific Gas and Electric Company. Being the only possible ouyer at Newark the Pacific Gas and Electric Company can and does dictate the price and the terms. The City is helpless.

Finish the line—bring it on into the City itself, as was the original intention—and the people are given a chance against the power monopoly and its costly rates.

The people's power system is located in the Sierra Nevada mountains. When it became known that the City Engineer planned to run the transmission line only to Newark—where the "P. G. and E." had just built a new substation—a wave of indignation swept San Francisco.

This bond issue is the people's first opportunity to correct the bad condition that was then created.

It is because the line is unfinished that the city is receiving only $2,000,000 a year for a huge power output which the Pacific Gas and Electric Company transmits but forty miles and then sells to our people for little less than $9,000,000 a year.

Completion of our own transmission line is the essential first step that must be made before this foolish and unsound arrangement can be remedied.

The original Hetch Hetchy plans which this city laid before Congress involved a complete transmission line into the city, not one that halts at a private power station.

And Congress never intended that the waters of Yosemite National Park should be turned into a generating source for any private corporation. The grant was made expressly to the people of this city, for their own beneficial use.

As long as we remain in our present position—which is indefensible in principle as well as financially—we are open to just such criticisms as have been made recently from Federal sources, which are rightly dissatisfied with the uses to which we are putting the Hetch Hetchy grant.

That private power interests would like to see this grant forfeited and leased to themselves, is obvious.

Completion of the transmission line, in conformity with the city's original program, ought not to be delayed.

Opposition to this relatively small bond issue comes from power company sources, which do not want the city enabled to compete with them in the electrical fields. No sooner had the people of Los Angeles voted to bring their own power into their city, than the private companies slashed rates 12 per cent. It is the presence of the Municipal Railways in San Francisco that keeps carfares to five cents on the private lines.

Similar benefits may be expected to follow through the decision of San Francisco's voters to carry the Hetch Hetchy power line to its proper destination and make the current ready for use.

The question is raised as to what will be done with the power when the line is finished and the step-down station ready.

If this power is worth $2,000,000 a year at Newark, it is worth considerably more in San Francisco with other users available. The gradual diversion of the city's power supply to municipal functions is also made possible and will occur as a natural and gradual consequence.

Hetch Hetchy power belongs to the city and the public, not to any private corporation.

Only by completing the public transmission line can the city and the public make the rightful and profitable use of the power plant which their moneys have constructed.

CITIZEN'S CAMPAIGN COMMITTEE APPOINTED BY THE MAYOR AND BOARD OF SUPERVISORS.

HENRY F. BOYEN,
Chairman.

Vote Yes on Number 3."

Passed for Printing.

The following matters were *passed for printing*:

Cabinet Shop Permit.

On motion of Supervisor Deasy:

Resolution No. —— (New Series), as follows:

Resolved, That the Royal Mill and Cabinet Shop be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate a cabinet shop on Keith street between Yosemite and Armstrong avenues.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Amending Zoning Ordinance, Eighteenth, Mariposa, Wisconsin and Carolina Streets.

On motion of Supervisor Hayden:

Bill No. 8256, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

Section 9 of the Use of Property Zone Map, constituting a part of said ordinance, is hereby ordered changed so as to place the block bounded by Eighteenth street, Mariposa street, Carolina street and Wisconsin street in the Light Industrial District instead of the Second Residential District.

General Contractors to File List of Subcontractors in the Interest of Local Industry.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, there is a rule by the Board of Public Works that when a contract is let by said Board to a general contractor, that said general contractor shall, within a specified time, file with the Board of Public Works a list of proposed subcontractors on any job on which he has been the successful bidder.

And whereas, this rule has been constantly violated and led to abuse and bad practice, to-wit: that said general contractors have used the violation of this rule to peddle subcontracts in various places to the detriment and against the best interests of local business firms;

And whereas, in the case of the mill owners who have their factories in San Francisco this practice has resulted in over seventy-five per cent of the mill work of these school buildings and others being let to factories outside of San Francisco;

And whereas, the Charter expressly states that, other things being equal, a mandate that home industry shall be preferred in the mat-

ter of work being done by and for the City and County of San Francisco;

And whereas, fifty per cent of the mill work in the buildings constructed by the Board of Public Works is for labor and it is obvious that local labor should be employed on said work; wherefore, be it

Resolved, by the Board of Directors of the Southern Promotion Association in a regular meeting assembled this 22d day of September, 1927, that we request:

First: That a ruling requiring general contractors to file a proposed list of subcontractors within a specified time with the Board of Public Works be changed to read "that before a general contract is awarded to the general contractor, that a list of his subcontractors be filed with the Board of Public Works," and that this ruling then be enforced to the letter.

Second: That the Board of Public Works order that, in so far as it is possible and with no equivocation, all mill work be awarded to factories within the limits of the City and County of San Francisco.

Third: That the mill work under the supervision of the Board of Public Works be segregated from the rest of the work and that said bids on said work be taken separately. And be it

Further Resolved, That the Bureau of Architecture of the Board of Public Works be instructed to allow no deviation from the above unless by special permission of the Board of Public Works in regular meeting assembled and all the interested parties be notified.

Referred to Public Buildings Committee.

Death of John P. Horgan, Chief Building Inspector.

Supervisor Deasy presented:

Resolution No. 27945 (New Series), as follows:

Whereas, in the death of John P. Horgan, the Chief Building Inspector of the City and County of San Francisco, the City has lost the service of one of its most faithful, competent and efficient employees, who for more than twenty-seven years has filled a position of the highest responsibility in such a manner as to merit the commendation of everyone brought in contact with his office and win the esteem of all with whom he has been associated; and

Whereas, his kindly disposition, his affectionate nature and the sterling integrity that characterized his every action as a public official and citizen won him the regard, the esteem and the love of all whom knew him as boy, as man and as husband and father; therefore, be it

Resolved, That we, the Board of Supervisors of the City and County of San Francisco, deeply deplore the loss which our City has suffered in his death, that we recall with pride his faithful services as a public official and his high integrity as a man and extend to his family our heartfelt sympathy, and that when this Board adjourns it does so out of respect to his memory.

Unanimously adopted by rising vote.

Masquerade Ball Permit.

Supervisor Schmidt presented:

Resolution No. 27946 (New Series), as follows:

Resolved, That permission is hereby granted the Samuel L. Shortridge Non-Partisan League of the State of California to conduct a masquerade ball in Polk Hall of the Civic Auditorium Monday evening, November 7, 1927, during usual hours, upon payment of the usual license fee.

Adopted by the following vote:

Accepting Offer of Rearden T. Lyons et al. to Sell Certain Land Required for Widening of Portola Drive.

Supervisor McSheehy presented:

Resolution No. 27968 (New Series), as follows:

Whereas, the owners of the following described land situated in the City and County of San Francisco, State of California, and sought to be acquired by the City and County of San Francisco for the widening of Portola drive, have offered to convey the property desired by said City and County for the considerations mentioned below, viz.:

Rearden T. Lyons and Maude H. Lyons, $1 and the further considerations set forth.

Parcel 1. Commencing at a point on the easterly line of Burnett avenue, distant thereon 6.283 feet northerly from the northerly line of Corbett avenue, as shown on map entitled "San Miguel Rancho," recorded in Map Book "G." at page 153, in the office of the Recorder of the City and County of San Francisco, State of California; thence running easterly along the northerly and westerly line of Corbett avenue the following courses and distances, 22.163 feet; thence on a curve to the left, radius 65 feet, central angle 26 deg. 30 min. 30.063 feet; thence on a tangent to the preceding curve 42.26 feet; thence on a curve to the left, radius 140 feet, central angle 77 deg. 21 min. 49 sec., 189.035 feet; thence tangent to the preceding curve 86.517 feet; thence leaving the westerly line of Corbett avenue and deflecting 85 deg. 07 min. 47 sec. to the left 30.109 feet; thence deflecting to the left 94 deg. 52 min. 13 sec. 20.642 feet; thence on a curve to the right, radius 200 feet, 285 feet, more or less, to the easterly line of Burnett avenue; thence southerly along the easterly line of Burnett avenue 11 feet, more or less, to the point of commencement.

As a further consideration it is understood and agreed that the following described parcel of land will be graded level with the proposed Portola drive:

Parcel "A". Commencing at a point on the easterly line of Burnett avenue, distant thereon 17 feet, more or less, from the northerly line of Corbett avenue, as shown on map entitled "San Miguel Rancho," recorded in Map Book "G", at page 153, in the office of the Recorder of the City and County of San Francisco, State of California; thence northerly along the easterly line of Burnett avenue 45 feet; thence northerly to a point on the northerly property line of Adelheit Strassburger, distant thereon 45 feet westerly from the westerly line of Corbett avenue; thence easterly along the said property line 15 feet; thence deflecting to the right 85 deg. 07 min. 47 sec. 20.642 feet; thence on a curve to the right, radius 200 feet, 285 feet, more or less, to the easterly line of Burnett avenue and the point of commencement.

As a further consideration it is understood and agreed that the remaining property of Rearden T. and Maude H. Lyons adjoining the above described Parcel "A" will be graded to a one-to-one slope.

The above mentioned grading is to be done at the time of the construction of Portola drive fronting the above-described Parcel "A".

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said persons and offered to the City and County of San Francisco for the considerations herein set forth; now, therefore, be it

Resolved, That the said offer of sale be accepted, and the City Attorney is hereby authorized and directed to examine the title of said property, and, if the same is found in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco.

Adopted by the following vote:

Ayes— Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Roncovieri—2.

Authorizing Settlement of Claim of United States Government Against the Municipal Railway of San Francisco for Revenue Tax Upon Automobile Busses of Said Railway.

Supervisor McSheehy presented:

Resolution No. 27969 (New Series), as follows:

Whereas, the Collector of Internal Revenue, at San Francisco, State of California, under and by virtue of the Internal Revenue Act of 1921, has assessed upon the operation of automobile busses, by the Municipal Railway of San Francisco, a tax and penalty in the amount of thirteen hundred and seventy-seven ($1377) dollars, for the period from July 1, 1920, to June 30, 1924; and

Whereas, the City Attorney has negotiated with said Collector of Internal Revenue a compromise of said claim by the said Municipal Railway paying to the said Collector of Internal Revenue a sum of nine hundred ($900) dollars as and for a full settlement of said claim of said Collector of Internal Revenue against said Municipal Railway of San Francisco; and

Whereas, it is necessary as a condition precedent that said tax be paid before an application for exemption from said tax be entertained or considered by the Department of Internal Revenue; now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized to enter into a compromise agreement with the Collector of Internal Revenue, at San Francisco, providing for the payment by the Municipal Railway of San Francisco to said Collector of Internal Revenue of the sum of nine hundred ($900) dollars as and in full settlement of claim of said Collector of Internal Revenue for the payment of thirteen hundred and seventy-seven ($1377) dollars as and for tax and penalty on the operation of automobile busses by Municipal Railway of San Francisco for the period from July 1, 1920, to June 30, 1924, and further, the City Attorney is hereby directed to prosecute the application for exemption from said tax, and if said application for exemption is denied, to institute and prosecute a suit for the collection of a refund of amount herein authorized to be paid.

Adopted by the following vote:

Ayes— Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Roncovieri—2.

Report of Special Bridge Committee.

The following was presented and read by the Clerk:

San Francisco, October 24, 1927.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

The Special Bridge Committee met in the office of his Honor the Mayor on Friday, October 21, 1927, and had under consideration the letter of the Secretary of War reaffirming ruling that no bridge would be authorized north of Hunter's Point.

After discussion of the subject matter it was moved, seconded and carried that City Attorney O'Toole, City Engineer O'Shaughnessy and Judge Matt I. Sullivan be authorized and requested to prepare draft of bill to be introduced in Congress. The bill after being drawn will be reported to the committee and thence to the Board of Supervisors.

The committee will meet at the call of the chair.

Respectfully submitted,

JAS. B. McSHEEHY,
Chairman.

Conveyance of Lands to United States Government for Privileges Granted Under Raker Act.

On motion of Supervisor Shannon:

Resolution No. —— (New Series), as follows:

Whereas, the City and County of San Francisco, a municipal corporation, is the owner of the hereinafter described real property; and

Whereas, by the Act of Congress of December 19, 1913, commonly known as the "Raker Act," the Government of the United States ceded and granted to the City and County of San Francisco certain rights and privileges in the Yosemite National Park; and

Whereas, the people of the City and County of San Francisco did, through its Board of Supervisors, by ordinance duly adopted on the 12th day of January, 1914, and approved by the Mayor of the City and County of San Francisco on the 13th day of January, 1914, accept the said grant from the said Government of the United States, subject to all the terms and conditions set forth in said Raker Act, which said ordinance has never been revoked, annulled, amended or set aside, and now remains in full force and effect as a valid ordinance and enactment of the people of the City and County of San Francisco; and

Whereas, it was provided in said Act that in consideration of the granting of said rights and privileges to the City and County of San Francisco, that the said City and County should convey to the United States by proper conveyance a good and sufficient title, free from all liens and incumbrances of any nature whatever, all tracts of land which were at the time of the passage and approval of said Act, owned by the City and County of San Francisco within the Yosemite National Park or in that part of the National Forest adjacent to said park, and which said lands were not actually required for use by the said City and County of San Francisco under the provisions of said Act; and

Whereas, the hereinafter described land is situate within the National Forest Reserve adjacent to Yosemite National Park, and was owned by the City and County of San Francisco at the time of the adoption and approval of said Raker Act; and

Whereas, said hereinafter described land is no longer required by the City and County for use under the provisions of the said Raker Act, or for use in connection with any development made by the said City and County under the terms and conditions contained in said Act; now, therefore, be it

Resolved, That for the purpose of complying with the terms and conditions contained in the said Raker Act, and for the purpose of fulfilling the conditions thereof, that the City and County of San Francisco convey to the United States of America, by a proper conveyance, and free and clear from all liens and incumbrances of any nature whatever, those certain tracts or parcels of land hereinbefore referred to, and situate, lying and being in the County of Tuolumne, State of California, and particularly described as follows:

All of Section Sixteen (16), Township One (1) North, Range Nineteen (19) East, Mount Diablo Base and Meridian.

And be it

Further Resolved, That the Mayor of the City and County of San Fran-

cisco and the Clerk of the Board of Supervisors of said City and County be and they are hereby authorized, empowered and directed to make, execute and deliver a good and sufficient deed conveying all and singular the above-described property, free and clear of all incumbrances, to the United States of America.

Also, Resolution No. ——— (New Series), as follows:

Whereas, the City and County of San Francisco, a municipal corporation, is the owner of the hereinafter described real property; and

BRIDGE HEARINGS.

Motions.

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor Shannon, further consideration of the foregoing motions was *continued until Monday, October* 31, 1927, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Byington, Deasy, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—12.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Death of Captain Henry Gleeson, Traffic Squad.

Supervisor Schmidt presented:

Resolution No. 28028 (New Series), as follows:

The Board of Supervisors learns with regret of the passing of Police Captain Henry Gleeson, who for many years faithfully and honorably served the City of San Francisco. The Board feels that a severe loss has been sustained by the people of this community. Since 1888 Henry Gleeson, by his character and ability, performed outstanding service in the Police Department. The members of the Board feel a deep and personal loss and extend to his bereaved family profound sympathy.

The Board adjourned out of respect to his memory.

Adopted unanimously by rising vote.

Names of Gold Star Mothers to Be Inscribed on War Memorial Tablet.

Supervisor McSheehy presented:

Resolution No. 27990 (New Series), as follows:

Whereas, funds have been provided and plans are practically completed for the erection of a building as a memorial to the heroic men who fell in the defense of the country in the World War; and

Whereas, the supreme sacrifice of these brave men was mourned by all their countrymen, yet none felt it so keenly as their mothers, who could only find solace in the fact that they, too, had made the greatest sacrifice at their command in giving their sons to the cause of humanity; therefore, be it

Resolved, That San Francisco honor these Gold Star Mothers by inscribing their names on a suitable tablet in the War Memorial Building; and be it

Further Resolved, That the trustees of the War Memorial be requested to place a suitable tablet in the War Memorial Building with the names of all of San Francisco's Gold Star Mothers inscribed thereon as a tribute to the sacrifice they made for their country.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd —13.

Absent — Supervisors Badaracco, Bath, Hayden, Roncovieri, Shannon —5.

Committee to Secure National Republican Convention.

Supervisor Colman presented:

Resolution No. ——— (New Series), as follows:

Whereas, San Francisco is inviting the delegates of the Republican National Committee to hold the 1928 national convention of the Republican party here; and

Whereas, the entire citizenry of San Francisco points with exceeding pride to the efficiency with which the 1920 Democratic convention was staged in this City, and can assure delegates that this successful meeting will be equaled, if not surpassed, should San Francisco be selected; and

Whereas, the National Republican party will meet in Washington on December 6, 1927, to arrange for the 1928 convention of the Republican party; therefore, be it

Resolved, That this Board of Supervisors, representing the entire populace of the City of San Francisco, goes on record for the appointment of a special committee or representative to appear with the San Francisco Chamber of Commerce and the San Francisco Hotel Association next December in Washington to present our plea that San Francisco be chosen as the 1928 convention city.

Referred to Mayor Rolph.

Assessor Sent for.

Supervisor McSheehy requested Clerk to send for Assessor and have him present sometime during this meeting.

Amendment to Zoning Ordinance, Nineteenth Avenue and Sloat Boulevard.

Supervisor Marks presented a proposed bill providing for changing zone at Nineteenth avenue and Sloat boulevard from First to Second Residential in order to permit the construction at said intersection, he said, of a proposed $1,000,000 Christian Science Home. Maps were filed also and the entire matter *referred to the City Planning Commission.*

Discussion in re 333 Kearny Street, Etc.

Supervisor Havenner: Now, Mr. Chairman, on last Monday this Board adopted a motion, requesting the Grand Jury to investigate certain rumors that were in circulation with relation to the ownership of the building at 333 Kearny street, a portion of which has been leased by this Board for over a year. Since that time you, Mr. Mayor, have made a statement in the public press that, at one time, the building was owned by a firm of which you were a member, I believe, and that subsequently, upon its transfer to former Supervisor Ralph McLeran, that an agreement was in existence between the firm which you represented and Mr. McLeran for a division of any of the net profits that might result from the sale of the building. On the same day in the public press that your statement was published, Mr. McLeran made a statement in which he said, in effect, if I remember the quotation correctly, that you had never had a dime's worth of interest in the building, and denied that any such agreement was in existence. Now, you will probably remember that I, personally, assumed a good deal of responsibility in connection with the lease of the premises at 333 Kearny street. My two colleagues on the Finance Committee opposed that lease, not on the ground of any question concerning its ownership but on various general grounds. I was the third member of the Finance Committee, and I had been also a member of the special committee appointed by this Board to recommend the leasing of quarters for city departments that had previously been housed in the Hall of Justice. I recommended and joined with the committee in recommending the lease of these quarters at 333 Kearny street. My two colleagues of the Finance Committee opposed that lease and they opposed it—and it was their right to do so—at the time of budget making and declined to recommend any provision to this Board for the appropriation of money through the budget for the payment of that lease during the last fiscal year. I, personally, not being in agreement with my colleagues at that time on that matter, and believing that the recommendation for the leasing of 333 Kearny street had been entered into in good faith by this Board, I, personally, on the floor of the Board, amended the budget and provided for the appropriation to pay for that rental. I therefore feel a considerable personal responsibility with respect to the integrity of that lease, and since these statements have been published, since our last meeting, in conference with the City Attorney, I have been advised that it was our duty to have a record of the termination of any agreement between yourself or any other city official, and the owner of that building, or the coowner of that building, with respect to any division of profits that might result from the sale of that building, merely in order to clear this up. And I am informed by the City Attorney that it ought to be our duty to do it. I desire to announce now, with the consent of my colleagues on the Finance Committee, that the Finance Committee, under the authority vested in it by the provisions of Section 3, Chapter 2, Article 2 of the Charter, will conduct an investigation, merely to establish definitely the termination of any agreement that might have existed with respect to the ownership of that building, so that, when the matter comes before the Board—and it is now

pending before the Board—I and the other members of this Board will be advised whether there is any legal reason why we should not proceed with this lease. If there is not, so far as I am concerned, I see no reason for changing my previous vote. If there is, it is my right, and it is the right of the Board to be advised of it, and we ought to have the record definitely settled. And that will be the purpose of this investigation, and the City Attorney will be asked to prepare the necessary subpoenas to bring witnesses before the Finance Committee and to require their testimony on this matter.

City Attorney O'Toole: May I have the privilege of the floor: I think, Mr. Havenner, that when you said that I advised you that it was your duty, I think I said I thought that the committee had that privilege.

Supervisor Havenner: I will take the responsibility on myself then. You said it was our right.

City Attorney O'Toole: Yes.

Supervisor Havenner: I think it is our duty so long as there is any question that has not been definitely settled.

Supervisor Byington: I did not get the motion myself.

Supervisor Havenner: There is not a motion, I merely served notice on behalf of the Finance Committee that we will, under our Charter authority, conduct this investigation to determine the date of the termination of any agreement.

Supervisor Byington: I merely want to say, in regard to the statement made by Mr. Havenner, that the Building Committee consists of Mr. Powers, Mr. Deasy and myself. Considerable has been said here about there being a suspicion in reference to a lease. I have sat now on that committee for about ten months, and I think Mr. Deasy will bear me out, we have discussed, from the very beginning, as to whether or not the District Attorney's office should return to the Hall of Justice. Mr. Powers, Mr. Deasy and myself went down to the Hall of Justice and looked over the Hall of Justice to see if there were accommodations there sufficient for the District Attorney's office and for the Probation Officer. We brought that up from time to time. I myself have expressed the opinion that the District Attorney should be in the Hall of Justice. They spoke about canceling the lease. I think Mr. Deasy will bear me out that during nearly the year that we have sat on that committee the chairman of the committee never said a word about there being anything irregular in reference to the lease, never a word was brought before that committee, and I never heard of it until Mr. Havenner rose here on the floor of this Board last Monday and made the statement. It seems to me that, among gentlemen, there ought to be openness and sincerity. If anybody connected with the Building Committee knew that there was anything irregular he owed it to his colleagues on the committee to state that frankly and openly. It should have been done six or eight months ago. It never was done. I was taken by surprise by the remarks of Mr. Havenner at the last meeting of this Board, and I say that that is not a fair, open and outstanding and manly way of conducting the business of this legislative body.

Supervisor Powers: Mr. Chairman, as chairman of the Building Committee there was a special committee appointed before I took office. I had been against the District Attorney moving out of the Hall of Justice from the time of the inception of the bill. I did not know that there were any papers between officials. I had heard a rumor of it but I do not go on rumors. I will never bring anything up in this Board of Supervisors that I cannot prove. I was surprised to read in the statement of Mayor Rolph when it came out last week that his firm had some sort of an agreement with former Supervisor McLeran. I knew nothing about that until the statement came out in the paper last week. If I had known it, I would have brought it up in committee, which the committee knows and every member of this Board of Supervisors knows that I was thoroughly against the District Attorney moving out of the Hall of Justice. I knew there was ample floor space in the Hall of Justice for the District Attorney to attend to his business there.

If anybody in the city government had any information that is coming out today they should have come in and given it to the chairman of the Building Committee, so that I could have brought it out and told the truth to my colleagues on the Board and to the citizens of San Francisco. Bringing it up as a campaign issue today, anybody that will say that I brought that up as a campaign issue, it is the falsest remark that was ever

uttered out of anybody's lips, because I have been on my feet here, week in and week out, for twenty months. How could I bring it up as a political issue when I have been on my feet for twenty months, every month, fighting against the rent of that building down there? I have been honest and sincere in that bill as any man that ever walked in two shoes. I did not want the District Attorney to move, and in my first term as a member of this Board of Supervisors, I was on the Building Committee, and when that bill came up I said: "Let us renovate that building down there that we can make accommodations for the officials that are down there," but we could never get the money to do it. And I challenge anybody to tell me that I brought this up as a campaign issue because I have been battling it for twenty months.

The Mayor: Well, it is very strange, Mr. Powers and Mr. Havenner, that on the 16th day of May, 1927, when you were both present, that Mr. McSheehy submitted a full and complete report, which is printed in the record of the Board of Supervisors, showing all the transfers of that property, and to come in here today and to say that you never knew anything about it, when you were present, is simply ridiculous.

Supervisor Havenner: I never heard, and I do not think any member of this Board ever heard any direct statement that there was an agreement in existence with respect to the division of the profits of that building after it was transferred to Mr. McLeran. I defended the lease to Mr. McLeran because Mr. McLeran was no longer a member of this Board, and although I had been opposed to him politically, and had been opposed by him in a very bitter political way, I did not think that that could influence my recommendations here. I was convinced at the time that these were the best quarters offered to us, and so I voted in favor of it. But there was never any official information in the hands of this Board as to the existence of any agreement for the division of profits that might result from the sale of that building until last Tuesday or Wednesday morning when this statement was published.

The Mayor: You peddled this all around for months, all of you, and all of you knew it, and everyone of you knew it.

Supervisor Havenner: We did not know it. I heard the rumors and so stated here last Monday, but I did not know that any such thing was in existence. I had never been told what the terms of any agreement were. I heard the rumor that there was an agreement. You know, Mr. Mayor, very well that, if that agreement had been revealed to this Board at the time the Board was entering into this lease, it would have been the subject of a very careful and thorough discussion here on the floor of the Board. It could not have failed to be. We would have required to be shown that the agreement no longer existed. That was our duty under the Charter. We did not know it then and I never knew it with any authority, or authority enough to state it, until you published the statement.

The Mayor: Well, I told the truth.

Supervisor Havenner: That is true. All we want to do now is to find out when that agreement was terminated, and that is our duty.

Bridge Matters Deferred.

Bridge hearings, fixed for 11 a. m., were, on motion, *laid over until afternoon session at* 2:30 *p. m.*

Conveyance of Lands to United States Government for Privileges Granted Under Raker Act.

Resolution No. 28007 (New Series), as follows:

Whereas, the City and County of San Francisco, a municipal corporation, is the owner of the hereinafter described real property; and

Whereas, by the Act of Congress of December 19, 1913, commonly known as the "Raker Act," the Government of the United States ceded and granted to the City and County of San Francisco certain rights and privileges in the Yosemite National Park; and

Whereas, the people of the City and County of San Francisco did, through its Board of Supervisors, by ordinance duly adopted on the 12th day of January, 1914, and approved by the Mayor of the City and County of San Francisco on the 13th day of January, 1914, accept the said grant from the said Government of the United States, subject to all the terms and conditions set forth in said Raker Act, which said ordinance has never been revoked, annulled, amended or set aside, and now remains in full force and effect as a valid ordinance and enactment of the people of the City and County of San Francisco; and

Whereas, it was provided in said Act that in consideration of the granting of said rights and privileges to the City and County of San Francisco, that the said City and County should convey to the United States by proper conveyance a good and sufficient title, free from all liens and incumbrances of any nature whatever, all tracts of land which were at the time of the passage and approval of said Act, owned by the City and County of San Francisco within the Yosemite National Park or in that part of the National Forest adjacent to said park, and which said lands were not actually required for use by the said City and County of San Francisco under the provisions of said Act; and

Whereas, the hereinafter described land is situate within the National Forest Reserve adjacent to Yosemite National Park, and was owned by the City and County of San Francisco at the time of the adoption and approval of said Raker Act; and

Whereas, said hereinafter described land is no longer required by the City and County for use under the provisions of the said Raker Act, or for use in connection with any development made by the said City and County under the terms and conditions contained in said Act; now, therefore, be it

Resolved, That for the purpose of complying with the terms and conditions contained in the said Raker Act, and for the purpose of fulfilling the conditions thereof, that the City and County of San Francisco convey to the United States of America, by a proper conveyance, and free and clear from all liens and incumbrances of any nature whatever, those certain tracts or parcels of land hereinbefore referred to, and situate, lying and being in the County of Tuolumne, State of California, and particularly described as follows:

All of Section Sixteen (16), Township One (1) North, Range Nineteen (19) East, Mount Diablo Base and Meridian.

And be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of said City and County

be and they are hereby authorized, empowered and directed to make, execute and deliver a good and sufficient deed conveying all and singular the above-described property, free and clear of all incumbrances, to the United States of America.

Absent — Supervisors Badaracco, Bath, Roncovieri, Shannon—4.

Resolution No. 28008 (New Series), as follows:

Whereas, the City and County of San Francisco, a municipal corporation, is the owner of the hereinafter described real property; and

Whereas, by the Act of Congress of December 19, 1913, commonly known as the Raker Act, the Government of the United States ceded and granted to the City and County of San Francisco certain rights and privileges in the Yosemite National Park; and

Whereas, the people of the City and County of San Francisco did, through its Board of Supervisors, by ordinance duly adopted on the 12th day of January, 1914, and approved by the Mayor of the City and County of San Francisco on the 13th day of January, 1914, accept the said grant from the said government of the United States, subject to all the terms and conditions set forth in said Raker Act, which said ordinance has never been revoked, annulled, amended or set aside, and now remains in full force and effect as a valid ordinance and enactment of the people of the City and County of San Francisco; and

Whereas, it was provided in said Act that in consideration of the granting of said rights and privileges to the City and County of San Francisco that the said City and County should convey to the United States, by proper conveyance, a good and sufficient title, free from all liens and incumbrances of any nature whatever, all tracts of land which were at the time of the passage and approval of said Act owned by the City and County of San Francisco within the Yosemite National Park, or in that part of the National Forest adjacent to said Park, and which said lands were not actually required for use by the said City and County of San Francisco under the provisions of said Act; and

Whereas, the hereinafter described land is situate within Yosemite National Park, and was owned by the City and County of San Francisco at the time of the adoption and approval of said Raker Act; and

Whereas, said hereinafter described land is no longer required by the City and County for use under the provisions of the said Raker Act, or for use in connection with any development made by the said City and County under the terms and conditions contained in said Act; now, therefore, be it

Resolved, That for the purpose of complying with hte terms and conditions contained in the said Raker Act, and for the purpose of fulfilling the conditions thereof, that the City and County of San Francisco convey to the United States of America, by a proper conveyance, and free and clear from all liens and incumbrances of any nature whatever, those certain tracts or parcels of land hereinbefore referred to and situate, lying and being in the County of Tuolumne, State of California, and particularly described as follows, to-wit:

Parcel 1. The south half of the northwest quarter, the northeast quarter of the northwest quarter, and the northwest quarter of the southwest quarter of Section Thirty-two (32), Township One (1) North, Range Twenty (20) East, Mount Diablo Base and Meridian.

Parcel 2. The southwest quarter of the northeast quarter, and the south half of the northwest quarter of Section Five (5), Township One (1) North, Range Twenty-one (21) East, Mount Diablo Base and Meridian. And be it

Further Resolved, That the Mayor of the City and County of San Francisco, and the Clerk of the Board of Supervisors of said City and County, be and they are hereby authorized, empowered and directed to make, execute and deliver a good and sufficient deed conveying all and singular the above described property, free and clear of all incumbrances, to the United States of America.

The following matter was *passed for printing*:

Amending Zoning Ordinance, Irving Street Between Thirtieth and Twenty-ninth Avenues.

On motion of Supervisor Marks:

Bill No. 8280, Ordinance No. ——— (New Series), as follows:

Amending Section 2 of Ordinance No. 6450 (New Series), entitled "Establishing set-back lines along portions of Capitol avenue, Thirty-ninth avenue, Thirty-second avenue and Irving street."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. So much of Section 2 of Ordinance No. 6450 (New Series), approved December 23, 1924, the title of which is as recited above, as pertains to the establishment of set-back lines along the southerly side of Irving street between Thirtieth and Twenty-ninth avenues is hereby repealed.

Accepting Offer of Spring Valley Water Company to Sell Easements for Hetch Hetchy Aqueduct.

Supervisor McSheehy presented:

Resolution No. 28025 (New Series), as follows:

Whereas, the Spring Valley Water Company has offered to convey to the City and County of San Francisco right of way easements for the Hetch Hetchy aqueduct tunnel or tunnels and for an electric transmission line and telephone line to be used in connection therewith,

over and across lands of said corporation in Alameda County, State of California, hereinafter described, subject only to conditions looking to the protection of the company's property against damage, said land being described as follows:

A strip of land situate, lying and being in the County of Alameda, State of California, to-wit:

All that portion of the north half of Section 13, Township 4 South, Range 2 East, the northeast quarter of Section 14, Township 4 South, Range 2 East, and the northwest quarter of Section 18, Township 4 South, Range 3 East, M. D. B. and M., included within a strip of land 250 feet in width, 25 feet northwesterly (measured at right angles) and 225 feet southeasterly (measured at right angles) from the following described line and said line produced southwesterly and northeasterly:

Beginning at a point in the south line of the northeast quarter of said Section 14, distant along said line north 88 deg. 05 min. west 768 feet from the quarter section corner common to said Sections 13 and 14, running thence north 74 deg. 58 min. 45 sec. east 2112.8 feet to a concrete monument set in the ground; thence continuing north 74 deg. 58 min. 45 sec. east 6700 feet, more or less, to a point in the east line of the northwest quarter of said Section 18.

The easterly end boundary of said 250-foot strip of land is the east line of the northwest quarter of said Section 18. The westerly end boundary of said strip is the south line of the northeast quarter of said Section 14.

In the above description it is assumed that an existing fence corner marks the quarter section corner common to said Sections 13 and 14, and that an existing fence marks the south line of said northeast quarter of Section 14.

Whereas, the City Engineer recommends the acceptance of this deed and the conditions attached thereto as being for the best interests of the Hetch Hetchy project; now, therefore, be it

Resolved, That the City and County of San Francisco does hereby accept said deed and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute the agreement embodied therein, accepting the conditions thereof in behalf of the City and County of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd—14.

Aprropriation, $2,500, Observance of Armistice Day.

Resolution No. —— (New Series), as follows:

Resolved, That the sum of $2,500 be and the same is hereby set aside, appropriated and authorized to be expended out of "Publicity and Advertising," Appropriation 55, for the expense of observance of Armistice Day, November 11, 1927.

Subcontracts on City Work.

Supervisor Powers presented:

Resolution No. 28026 (New Series), as follows:

Whereas, Section 1 of Chapter III of Article II of the Charter, among other things, provides:

"Every contract for work to be performed within the State of California at the expense of the City and County or paid for out of moneys deposited in the Treasury, whether such work is to be done within or outside the limits of the City and County, and whether such work be done directly by or under such contract duly awarded, or indirectly by or under subcontract, subpartnership, day labor, station work, piece work, or any other arrangement whatsoever, must provide: (1) ——; (2) ——; (3) that preference in the performance of labor under such contract or other arrangement shall be given to persons who shall have actually resided in the City and County and shall have so resided for the period of one year next preceding the date of their engagement to perform labor thereunder"; and

Whereas, under the present practice of the Board of Public Works in the construction of municipal buildings, the failure of the said Board of Public Works to take separate bids and enter into an original contract for mill work on said public buildings, tends to a disregard of the aforesaid provision of the Charter, for the reason that when original contractors are permitted to make a subcontract for said mill work, subcontracts are oftentimes made with firms whose place of manufacture is outside the City and County of San Francisco, which said firms naturally employ persons who are nonresidents of the

said City of San Francisco; now, therefore, be it

Resolved, That for the purpose of more strictly complying with the aforesaid provision of the Charter, that the Board of Public Works be and it is hereby requested to discontinue the practice of permitting original contractors constructing public buildings to enter into subcontracts for mill work to be used in the construction of said buildings, and that hereafter said Board of Public Works, in all cases where the estimated cost of the mill work to be used in any public building shall exceed the sum of five thousand ($5,000) dollars, be requested to invite original bids for said mill work and to enter into an original contract for said mill work to be used on said building; and be it

Further Resolved, That a copy of this resolution be forthwith transmitted to the Board of Public Works.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd—14.

Citizens' Committee, National Memorial Grove.

Supervisor McSheehy presented:

Resolution No. 28027 (New Series), as follows:

Whereas, the Board of Supervisors, with the approval of the Mayor, has authorized the establishment of a National Memorial Grove in Golden Gate Park to be dedicated to the mothers of all soldiers who have served in the wars of this republic; and

Whereas, the Mayor has appointed a Citizens' Committee to take charge of the dedication of this National Memorial Grove, and at the request of this Citizens' Committee Mr. John McLaren, Superintendent of Golden Gate Park, has set aside a tract of land in Golden Gate Park as the site for this memorial grove; and

Whereas, the Governors of every State in the American Union have been requested to donate a tree, representative of their states, to be planted in this memorial grove, and a large number of trees representing many states in the Union have already been received in response to this request; now, therefore, be it

Resolved, That Sunday, November 27, 1927, at the hour of 2 o'clock p. m. be and is hereby fixed as the official time for the dedication of this National Memorial Grove.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd—13.

Absent — Supervisors Badaracco, Bath, Hayden, Roncovieri, Shannon—5.

Contractors on Public Work to Supply List of Subcontractors to Board of Public Works.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, there is a rule of the Board of Public Works that when a contract is let by said Board to a general contractor, that said general contractor shall, within a specified time, file with the Board of Public Works, a list of proposed subcontractors on any job on which he has been the successful bidder; and

Whereas, this rule has been constantly violated and led to abuse and bad practice, to-wit, that said general contractors have used the violation of this rule to peddle subcontracts in various places to the detriment and against the best interest of local business firms; and

Whereas, in the case of the mill owners who have their factories in San Francisco this practice has resulted in over seventy-five per cent of the mill work of these school buildings and others being let to factories outside of San Francisco; and

Whereas, the Charter expressly states, that other things being equal, a mandate that home industry shall be preferred in the matter of work being done by and for the City and County of San Francsico; and

Whereas, fifty per cent of the mill work in the buildings constructed by the Board of Public Works is for labor and it is obvious that local labor should be employed on said work; therefore, be it

Resolved, By the board of directors of the Southern Promotion Association, in a regular meeting assembled this 22d day of September, 1927, that we request:

First: That a ruling requiring general contractors to file a proposed list of subcontractors within a specified time with the Board of Public Works be changed to read "that before a general contract is awarded to the general contractor that a list of his subcontractors be filed with the Board of Public

Works" and that this ruling then be enforced to the letter;

Second: That the Board of Public Works order that, in so far as it is possible, and with no equivocation, all mill work be awarded to factories within the limits of the City and County of San Francisco;

Third: That the mill work, under the supervision of the Board of Public Works, be segregated from the rest of the work and that said bids on said work be taken separately; and be it

Further Resolved, That the Bureau of Architecture of the Board of Public Works be instructed to allow no deviation from the above unless by special permission of the Board of Public Works, in regular meeting assembled, and all the interested parties be notified.

Referred to Public Buildings Committee.

French Warship Reception.

Supervisor Colman moved that the Mayor be authorized to appoint a committee to arrange for the reception of the French warship, which is about due in port.

So ordered.

Cortland Avenue Car Service.

Supervisor Schmidt moved that the Public Utilities Committee get in touch with the Market Street Railway for the purpose of having its five-minute service on Cortland avenue continued from 5 to 9:30 p. m. each evening as heretofore.

Referred to Public Utilities Committee.

Political Advertising on Official Cars.

Supervisor Havenner called attention to political advertising on machaines owned or leased by city employees, and moved that the Clerk be directed to ask Civil Service Commission whether or not it is against the Civil Service regulations regarding political activities.

So ordered.

Traffic Obstruction, Third and King Streets.

Supervisor Gallagher requested that the Streets Committee investigate delays caused by switching Southern Pacific cars at Third and King streets. One train, he said, occupied the crossing from 10:45 p. m. to 11 p. m. last night, preventing commuters getting their trains.

Drifting Sand, Thirty-third Avenue Between Irving and Judah Streets.

Supervisor Gallagher called attention to complaint as to condition caused by drfiting sand on Thirty-third avenue between Irving and Judah streets, and requested that Streets Committee give matter consideration.

So ordered.

Additional Land for Marina.

Supervisor Gallagher moved that Park Commission be asked to report on project for additional land for Marina, also that Clerk again request City Planning Committee and City Planning Commission in re rezoning five blocks at the Marina.

So ordered.

Proposed Zoning Ordinance Amendment, Nineteenth Avenue and Sloat Boulevard.

Supervisor Marks presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries, and buildings, and the location of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is recited above, is hereby amended as follows:

Section 6 of the Use of Property Zone Map, constituting a part of said ordinance, is hereby ordered changed so as to place the following described property in the Second Residential District and classification instead of in the First Residential District and classification, to-wit:

Commencing at the point of intersection of the westerly line of Fifteenth avenue and the southerly line of Wawona street, running thence westerly along the southerly line of Wawona street as it now exists after the closing and vacating of certain portions of said street to the easterly line of Nineteenth avenue; thence southerly along the said easterly line of Nineteenth avenue 842 feet; thence at a right angle to Nineteenth avenue and parallel with the northerly line of Sloat boulevard and 110 feet northerly therefrom 571 feet; thence at a right angle northerly 268.344 feet to a point which is distant 600 feet southerly from the former southerly line of Wawona street as the same existed prior to the vacation of any portion thereof; thence easterly and parallel with the southerly line of Wawona street 302.74 feet; thence north 57 deg. east 272.25 feet to a point known as Station 24 of the Rancho San Miguel; thence northeasterly along the northwest-

erly line of said Rancho San Miguel 208.867 feet, more or less, to the westerly line of Fifteenth avenue; thence northerly along the westerly line of Fifteenth avenue 266.70 feet to the southerly line of Wawona street and the point of beginning.

Referred to City Planning Commission, with map, with request same be sent to City Planning Committee for speedy hearing.

Communication from Chief of Police in re Masquerade Ball Permit, Samuel Shortridge Non-Partisan Club.

The following was read by the Clerk:

October 29, 1927.

J. S. Dunnigan, Clerk, the Board of Supervisors, the City Hall, San Francisco.

Dear Sir:

Replying to your communication of October 25th, 1927, in re the application of Samuel L. Shortridge Non-Partisan Club to run a masquerade ball on November 7th, 1927, from 8 p. m. to 5 a. m., permit me to advise that the matter was referred by me to Captain John J. Casey, commanding the Bush Street Police District, and the following is a copy of the report submitted by him, which is self-explanatory:

"Herewith follows a report as required by the provisions of the above mentioned subject:

"That on August 14, 1926, a masquerade ball was held at the Civic Auditorium by the said organization, and on this occasion a police detail of nine members was assigned to supervise the conduct of the said ball. While no outward evidence of any violation of the law or ordinances of this City and County were observed, still from the condition of the patrons it was evident to the officers that liquor was partaken of from flasks concealed on the persons of unknown parties who patronized this event, and said patrons while departing from said Auditorium at the breaking up of this affair on the early hours of Sunday morning reflected no credit to the management of this so-called organization.

"Samuel Mash, attorney at law, conducted the ball referred to, and is the applicant for the permit for the ball to be held on November 7th, 1927, at the said Auditorium. Said Samuel Mash is at the present time bound over from Police Court No. 2 to the Superior Court on charges of pandering, on complaint of one Marie Howard, a white woman, address 1848 Buchanan street, premises under the control of the said Mash.

"During the testimony of the said Marie Howard at the trial in said Police Court, it was brought out that said Mash had received from said Marie Howard the sum of $90 on the morning after the ball (Sunday at the said address, said money being the proceeds of prostitution as practiced by said Marie Howard at the said address for the night previous and early Sunday morning. Mrs. Jack Williams, known as Helen, was a witness to this transaction, as evidenced by her testimony in this case.

"No information can be obtained that this so-called Samuel Shortright Club is in existence, except in the imagination of the said Samuel Mash, colored, an attorney at law."

Very truly yours,

D. J. O'BRIEN,
Chief of Police.

Privilege of the Floor.

W. J. McLamore and *M. Peoples*, representing colored organization, protest permit to the above mentioned organization, also Mrs. McLaughlin, representing Women's Club.

Permit Revoked.

Supervisor Havenner moved that Resolutions No. 27806 and No. 27946, granting permits to the Samuel Shortridge Non-Partisan Club to conduct masquerade ball in Polk Hall be revoked.

Motion *carried* by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd—14.

Absent — Supervisors Badaracco, Bath, Hayden, Shannon—4.

Supervisor McSheehy moved that Auditorium Committee investigate ball given by Mr. McLamore's organization, and if no service was rendered that money be refunded.

BRIDGE HEARINGS.

Privilege of the Floor.

Colonel Rand, representing the Pamplin application, was granted the privilege of the floor. He declared that it was impossible for the attorney, Mr. Hanley, to be present today, and that he was there simply to submit the case growing out of the facts that he has not completely covered as he would like to have them covered. We want to point out simply that our application was originally advertised on March 26, 1927, before the Board of Engineers was appointed by this Board of Supervisors, and was submitted on May 9, 1927. At our original hearing, he said, we introduced the jurisdictional matters

which puts us clearly before this Board. We want to emphasize the fact that this is a hearing somewhat in the nature of a judicial proceeding, and we earnestly urge that, under the provisions of the code which entitled anybody to be urged, that our hearing be not suspended for further action but that anybody who wants to be heard in protest on our hearing be heard and the hearing included, and with that, for Mr. Hanley, I submit the case.

* * * * *

In reply to Supervisor Marks' objection to this procedure he said in part: "The Supervisor is slightly in error. On October 26th of last year, at the termination of the first nineteen hearings, Mr. Dunnigan was directed to call the roll of all of the petitions and ask in the audience whether anybody wanted to be heard. No one responded as wanting to be heard and there was a formal motion made that all hearings were then concluded and the matter has since been continued simply for more consideration. As I say, the Board can actually reopen the hearings, I presume, at any time, but the hearing is now—we are supposed to conclude now. If anybody comes up later we must have some opportunity to rebut what they may say. The first thing to establish is the jurisdiction. * * * Simply to prevent the expense of our keeping continually on the job, we think we are entitled to a conclusion of this hearing at some time and that the time for the conclusion of that hearing is when we get through. Mr. Marks can vote against it and we cannot insist that any Supervisor make the motion that the hearing be concluded, but we can ask that."

The Mayor: What are the objections to concluding it? Why can't it get in the same status as all the other bridge matters?

* * * * *

Colonel Rand: We want to be put in the same status as the first nineteen which have been heard. I think Mr. Dunnigan will recall the fact. As a matter of record there was a definite motion made after he called the roll of every application, asking for any protests, there was a definite motion made that the hearings be closed and it was carried and we would like to be put in the same status as the other hearings.

The Mayor: All in favor of placing Colonel Rand's petition, the Pamplin application, in the same position as the other first nineteen hearings, please say "aye." Contrary minded, "no." The "ayes" have it and it is so ordered.

* * * * *

Mr. Montgomery K. Miller: Mr. Mayor and Gentlemen of the Board: "I desire offhand to call your attention to the fact that the H. S. Henion application was first published in January, this year, in the regular procedure of publication the application was formally filed on March 14 of this year. That was several weeks prior to the Board of Engineers assembling in this city. It was two months prior to their report being issued. Therefore it comes clearly within the province of having been an original application so far as the Board of Consulting Engineers is concerned. Mr. H. S. Henion, in whose name the application was filed, is my attorney. He is a well-known lawyer of Oakland, having lived there all his life, and one of the leading practitioners on that side of the Bay. For private reasons I filed the application, of which I am the author, the engineer and the sole owner, in his name."

He declared that it was essential that a definite, precise location be submitted to Congress for the proposed bridge, and that up to the present moment that has not been done. The line recommended by the Board of Consulting Engineers and the line of my application is not a final location, although it has been so construed, generally speaking. That line is only a preliminary survey. It indicates a zone for guidance in determining the factors in the problem which a final location must solve. The report of the Board of Engineers in substance so states. He proceeded and endeavored to demonstrate that there is only one location possible which fills the bill, and that his selection provides as fully as possible for all the factors in the problem, and that any other location which may be suggested can instantly be shown not to.

* * * * *

The action taken by the City Council of Alameda is really the keynote to the final selection of a bridge location, and I have here a copy of the resolution passed by the Alameda Council which I desire to put into the record:

"Resolution No. 1148.

Approving application of City and County of San Francisco for a permit for San Francisco Bay bridge.

Whereas, there is pending before the United States War Department an application for the construction of a transbay bridge between the

City and County of San Francisco and the County of Alameda; and

Whereas, the Board of Supervisors of the City and County of San Francisco has approved as a site for the easterly terminal of said bridge a location on the Alameda Mole south of San Antonio Estuary; and

Whereas, it was heretofore reported to the Council of the City of Alameda that such terminal might interfere with projects for harbor development by the City of Alameda on the south shore of said San Antonio Estuary, and this Council appointed a committee to confer with the officials of San Francisco for the purpose of adjusting bridge plans to avoid such interference; and

Whereas, that committee reports that after conference with the officials of San Francisco in the matter the said officials have stated that the plans for said easterly terminal are at the present time general within a certain zone and subject to adjustment in order to meet the needs of the Alameda waterfront development and said officials have agreed that final plans will be so adjusted; now, therefore, be it

Resolved, by the Council of the City of Alameda that it does hereby give approval to the proposition of a transbay bridge and endorses the application of the City and County of San Francisco before the War Department for a permit for such bridge, provided it does not interfere with the harbor development plans of Alameda.

I, the undersigned, hereby certify that the foregoing resolution was duly and regularly introduced and adopted by the Council of the City of Alameda in special meeting assembled on the 14th day of June, 1927, by the following vote, to-wit:

Ayes: Calcutt, Latham, Noble and President Otis (4).

Noes: Councilman Neiss (1).

Absent: None.

In testimony whereof, I have hereunto set my hand and affixed the official seal of said city this 15th day of June, 1927.

(Seal) ————————,

City Clerk of the City of Alameda."

* * * * *

"I offer to execute an option to the City, under which the bridge may be taken over at any time it desires, at cost plus 6 per cent for the original investment period. The financing to be conservative as possible, free from promotion profits, and subject to approval by any large financial institution named by and acting for the city government.

I also offer to execute said option, together with an assignment of the franchise, to any trustee named by the city government.

This will enable the city government itself to arrange the financing, as a temporary private enterprise, controlled, however, by the city, and be taken over later as a publicly owned property. The grantee, as a reward for producing the best plan for a bay bridge, to have a contract with the city, on the usual fee basis, for detailing and supervising construction of the bridge (in line with the procedure when the S. F. City Hall was built), the fee to include all costs of a complete engineering organization comprising nationally known experts, which, obviously, will be necessary in any case.

Under either of these proposals, the city may proceed at once to do the only thing the law now provides for—to grant a franchise—and at the same time retain absolute control of the project, under conditions which permit of either private or public ownership.

I respectfully contend that the Henion project is the only one pending which fully provides for all the factors involved in the problem of joining Rincon Hill and West Oakland and is therefore entitled to a franchise on merit.

In combination with the above offers as to financing, etc., it places in your hands the ideal programme for bridging the bay on the best possible location, at minimum cost and without any delay."

"1514 Central Bank Building,
Oakland, California.
May 11, 1927.

To the Honorable Board of Supervisors, City and County of San Francisco, Cal.

Gentlemen:

The report of the Board of Engineers on Bay Bridge implies that the 'First Choice' location line, as shown on the map, is flexible and intended to cover a zone within or close to which a final exact location shall be made. In this connection, I beg to submit for consideration the enclosed map and advantages claimed in behalf of the H. S. Henion bridge franchise application.

First: It joins the same terminals in West Oakland and San Francisco as the 'First Choice' line, within practically the same distance,

therefore, is economically within the 'First Choice' zone.

Second: It clears the charted 'Naval Anchorage' by considerable margin, which the 'First Choice' line cuts in two and unnecessarily destroys.

Third: It leaves 3000 feet more open water distance between Goat Island and the bridge for anchorage and traffic lanes than the 'First Choice' line. During storms and foggy weather ships approaching Oakland Estuary not infrequently drift southerly, as far as the 'First Choice' line. This vitally important area of the Bay should not be unnecessarily restricted.

Fourth: The Henion location crosses the S. F. Waterfront at Pier 46, a natural and correct crossing, because it leaves the entire waterfront of San Francisco, north of China Basin, unobstructed by bridge piers, whereas the 'First Choice' line unnecessarily cuts off eight of the most important docks. China Basin affords excellent maneuvering space for vessels passing to and from wharves south of the bridge.

Fifth: From Pier 46, the Henion route, by an overhead approach, will carry traffic to a terminal at or near Second and Harrison streets, via Second street, thus avoiding the impracticable diagonal crossing of several blocks of private property, as proposed by said 'First Choice' line.

Sixth: The cause of protest by Alameda against the 'First Choice' line is overcome by the Henion location, as it leaves ample area between the Mole and proposed bridge for future harbor development, for naval base or municipal use, without vessels passing under the bridge. The docks, as suggested, 300 feet wide and 1000 feet long, provide 14,000 lineal feet of berthing space, also B, 500 lineal feet of quay wall berthing space, also 1800 lineal feet of frontage for drydocks or wharves. Relatively, this is seven times more berthing space than at Mare Island Navy Yard and three times greater than the berthing space owned by Oakland (only one-half of which is now in service). The 5000 acres adjacent on the south may connect with the docks by rail or roadways passing under the bridge.

Seventh: An approach to the crossing of the Estuary by bridge or tube must be by a curve of long radius, not less than 2500 feet, as per the Henion location, to facilitate safe rapid transit by electric trains and automobiles. A curve of short radius, as per 'First Choi line, would impede traffic, dangerous to life and property a impair the usefulness of the wh bridge structure.

Eighth: A location from Pier direct to Pacific avenue, Alame is about one mile longer betwe terminals than the Henion locatio This extra mile would increase co of transportation about 16 per ce

Ninth: The Henion location the only one offered which ful provides for all the above impo ant factors. It is economical within the zone recommended, a all things considered, it is respec fully claimed to be as nearly possible, a hundred per cent perfe bridge location for joining Rinc Hill and West Oakland.

Yours truly,

(Signed) H. S. HENION, Attorney.

(Signed) M. K. MILLER, Civil Engineer."

"33 Bacon Bldg., Oakland, Cal.
August 30, 1927.

To the Hon. Board of Supervisor City and County of San Fra cisco.

Gentlemen:

A bay bridge on the first choic 'line' would have made it impossibl for the naval fleet, in the bay las week, to have anchored within th chartered reserved naval anchorag A bridge on the H. S. Henion loca tion, which clears the reserve anchorage, would not have inte fered at all.

Secretary Wilbur unquestionably therefore, would have far less ob jection to a bridge on the Henio route than on the first choice 'line'

The Board of Engineers' repor plainly states the first choice 'line indicates a zone within which a exact final location shall be made The public however, and probably the Naval Department, consider the first choice 'line' to be the exac final first choice location. The Henion location is within the zone It joins the same terminals in San Francisco and Oakland within the same distance as the first choic line and is one-half mile further south. That half mile of ope water space is of vital importance to the Navy and all bay traffic, also to the City of Alameda, also to the waterfront of San Francisco. The difference in the two routes, may be a (the) determining factor in a yes or no decision by the Naval Department. Under the circum stances is it not supremely import

ınt that the best exact location within the 'first choice zone' be immediately presented to the War and Navy Departments before a ruling s announced?

In previous communications, eight specific objections to the first choice line', each one vital, have been pointed out. Alameda will not permit a bridge to be built on that line' because it entirely cuts off its western waterfront. It cuts squarely through the reserved naval anchorage and destroys it. There are six additional engineering objections to that 'line'.

On the contrary, the H. S. Henion project is the only one pending which entirely eliminates each and all of the objections. It is the only possible perfect bridge location within the first choice zone. It was applied for several weeks before the Board of Engineers was appointed. It is the 'best' plan before the Board. Its paramount advantages cannot be controverted. It is fairly entitled to recognition as such. San Francisco and the public needs the Henion route.

Granting of a franchise to Henion (to be transferred back to the City of San Francisco in advance by the owner, on a fee basis, in line with the procedure in building the City Hall) will instantly clear the road for action. It will overcome two to five years required for legislation and formation of a bridge district. It will enhance a public ownership program. The city may immediately arrange private bridge construction financing, through a trustee, and upon completion of the bridge turn it over to a district, if a district be formed. Everything is gained—nothing lost—by the procedure above suggested.

Yours truly,

M. K. MILLER,
Civil Engineer.

(Author, engineer and sole owner of the H. S. Henion Bay Bridge Franchise Application.)

* * * * *

Colonel Rand: Mr. Mayor and Gentlemen: Simply as a citizen and taxpayer, and not interested in the bridge proposition at all, I want to register a protest against further consideration by the Board of Supervisors of the Henion application, based on the fact that it asks for authority utterly beyond the authority of this Board to grant, namely, the crossing of the Oakland Estuary. I simply make that as a matter of record protest at the present time. I also desire to point out that at every other bridge hearing it has been considered as a matter of testimony, and myself and other applicants had himself and his witnesses put under oath, and there was no oath administered in this case to Mr. Miller.

Mr. Miller: I will take the oath now.

(Mr. Montgomery K. Miller was sworn by the Clerk to testify to the truth, the whole truth, and nothing but the truth, and that his prior statement has been the truth, the whole truth and nothing but the truth.)

Supervisor Marks: I move you that all statements made by the witness be considered as having been given under oath, the oath now having been administered.

There being no objection, the Mayor declared the motion carried.

Supervisor Marks: I want to say also that I do not remember Mr. Rand taking the oath.

Colonel Rand: When I came forward on the Pamplin application I took the oath.

Supervisor Schmidt: I am going to move the privilege of the floor to Mr. Webb. I think he has been here all afternoon and should be heard at this time.

Frank E. Webb, having been first duly sworn, made the following statement:

Mr. Mayor and Gentlemen of the Board: I would like to say that I understand this Board has taken a —laid down a policy to build a bridge somewhere around Rincon Hill. I want to state that our application went in at a point right below the drydocks near Oakdale avenue, across and up into Bay Farm Island. If at any time this Board finds that they want to take up and go into the details and are interested in Hunters Point and will so notify me I will bring back all of our experts and show in detail exactly what we will do. Suffice it to say we have the borings in and around all this territory, Hunters Point and below; we have test piles, and we have soundings. My application was properly filed and legally filed; notices are on file. The bridge as laid out by our people is perfectly satisfactory and unofficially acceptable to the War and Navy Departments. The bridge here would take up only two of the naval anchorages. As to finances, the people interested in the project as laid out are ready to finance any kind of a bridge that we want, whether it be for vehicular rapid transit or transcontinental, and if any time, as I say, this Board is interested enough in Hunters Point

we are ready to show everything. We simply want to be on record.

Supervisor Gallagher: You have filed your petition in the regular way, have you?

Mr. Webb: Yes, sir.

Supervisor Gallagher: The Board must eventually, whatever action may be finally taken, must eventually hear your petition, and I am wondering at your appearance on the floor today.

Mr. Webb: I am on the floor today simply to put it in legally that we have appeared, and to state that the application was filed; the map of location was filed; the advertisement legally was filed.

Supervisor Gallagher: Does not that show on the record?

Mr. Webb: Yes, sir.

Supervisor Gallagher: That's what I am saying. We will reach you in due time.

Mr. Webb: Yes, sir.

Supervisor Gallagher: Are you worried?

Mr. Webb: Not a bit, because I don't think the Board as it stands now are going to get beyond the place. I think they will probably go to Washington and spend a nice little time, but there is no committee, to my mind, in Congress that will ever pass a bridge that is not acquiesced in by the War and Navy Departments. You would have to go before these committees and satisfy them. Now, the point is raised here that some people put in an application after they had spoken for public ownership. That was not my case. I did wait, however, to see all applications in, and I did go to Washington to see if they were satisfactory, and I was told that they were not, and after a careful study I found out what was satisfactory. The Navy anticipate unless they can have docks and yards over in here (indicating) they will have to build at least one or two more docks. The Navy pays $50.000 a year for the privilege of using these docks, and that's the only place this side of Puget Sound they can put in a capital ship and anchor. The naval anchorage out at Rincon Hill takes in a 600-foot circle to anchor one capital ship in. They have a lane below that and the naval anchorage runs exactly below here to this point right there (indicating), and putting in a bridge from Oakdale avenue runs down to what is known as Shag Rock. The Navy has stated emphatically that they will not allow any bridge that interferes with the waterfront of Alameda. They hope and expect to build a naval base on the Alameda side. I think that's all I have to say, Mr. Mayor and gentlemen, unless somebody wants to ask me questions.

Motions.

Whereupon the following matters were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times.

(Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

Supervisor Gallagher moved that further consideration of the foregoing be continued until 11 a. m., November 21, 1927.

Motion *carried* by the following vote:

Relative to Assessor's Statement to Voters.

Supervisor McSheehy: I have several matters that I wish to present. Mr. Mayor and members of the Board, I am going to rise to a

question of personal privilege. The Assessor is not here and it is a quarter after five. You have done what you could, and different ones likewise have done what they could in trying to locate him. I don't know why the search should not have been successful because it seems to me he is an easy man to locate. I heard he was out visiting the fire houses, and if that was so it would seem possible to have located him, because naturally there is a telephone from one fire house to another, and a telephone call would locate him in that way. But he is not here and I am going to, as I say, arise to a question of personal privilege, and I have a statement to make which I have prepared in writing. (Reading statement.)

Supervisor Byington: Pardon me just a moment before you continue the reading of the statement. I want to know if the Supervisor intended to say that he was speaking on a question of personal privilege. I say that owing to the fact that Supervisor Havenner a week ago arose here and stated that he had arisen on a question of personal privilege, and it was not at all a question of personal privilege. He started out upon a false assumption. A question of personal privilege is where an attack has been made upon a person. Now Mr. Havenner a week ago did not arise to protest against an attack made upon him, but he arose to attack somebody else. Now the question is, is Supervisor McSheehy stating that he has been personally attacked?

Supervisor McSheehy: Positively. I positively state that, Mr. Supervisor.

Supervisor Byington: I was a little afraid of the precedent set by your colleague that you were not going to proceed upon that basis.

Supervisor McSheehy: I am. (Continuing reading.) Now I am going to read this circular to you, and here is a circular that has been prepared in the Assessor's office. It is given a certain legal standing by having been numbered; it is taken from the assessment roll, and it is to be sent out to all taxpayers throughout the entire city or to a great number of them. I will read it to you. (Reading circular.) Now, members of this Board, I have risen to a question of personal privilege. In doing so I have had this thought in mind: that the Assessor is about to send out this circular, which is misleading, and which places this Board in a very embarrassing position. First, this Board unanimously went on record and appointed this Appraisal Committee; it was not McSheehy. I never introduced the resolution into this Board. I will not attempt to hold any brief on that particular line, for you all know it without my telling you, but nevertheless it is stated in here, and it is an erroneous statement and one that never should have been made, and secondly this Board has made an appropriation of $65,000 for a specific purpose, and the work has been well done. We have here now an appraisal that means something to us as a Board of Supervisors and as a Board of Equalization, for we sit as such Board of Equalization yearly, something that we never had in the past in this Board; and this Board made another appropriation of $125,000, and you have entered into a contract with the same firm for practically that entire amount, $121,000 and some odd hundred dollars, for the purpose of making an appraisal of all the buildings here in San Francisco. Now I say that an Assessor who wilfully puts out propaganda of this kind to mislead the taxpayers of San Francisco, should be, if there is such a thing, penalized in some manner or form because it is not fair to this Board to attempt to discredit this Board in a matter of this kind. Assessors might come and assessors might go, as they will come and as they will go, but this Board has gone on for twenty-five years since the Charter came into effect, and it has sat every year as a Board of Equalization, and it has never had a thing to equalize really, because it has never had any data to go by. I have sat here for ten years, year in and year out, and have heard people come in and protest in reference to their assessments. We had then one of two things to do: one was to refer it to the Assessor and the other to take it under advisement, and 95 of the cases out of 100 we took under advisement, and then when the hearings were closed a motion was made that all matters taken under advisement be disallowed. That has been the procedure year after year after year. This Board has taken it unto itself to make this appropriation, and when you did it you did it with honest intent, and I do not think the present Assessor should attempt to circularize this City in an effort to hand out such propaganda, because it simply places this Board in a false light, and I hope the Board will do something this afternoon on that

rticular matter. I bring it to you this form.

Supervisor Havenner: Mr. Chairman, I understand we cannot find he Assessor, and I am not very uch surprised that we cannot find im. I asked this morning before ccess that he be requested to come ere in response to another matter at has been brought to the attenon of the Board. I assume that here is not anything that the oard can do with the suggestion Ir. McSheehy has made, but I ould simply advise him to take is matter to the postal authoriies. They are very ready to proeed with respect to any improper se of the mails, and that circular clearly intended to deceive the oters of San Francisco. It makes comparison between the present ssessments on the assessment roll hich are admittedly some arbirary percentage of the true value f the property, and the Assessor ust admit that he has some true dea of the value of the property r he could not in any legal or logial fashion arrive at a percentage or assessment purposes, but he ets up and is going to set up in his printed circular, giving by lot nd block the property in San Franisco, a comparison between the resent assessment, which we know nd everyone knows, is merely ome arbitrary percentage of true alue, and the value through which he appraisal has set it up. Now bviously it is an attempt to deeive the voter by making him beeve that we are going to raise his ssessments. I never saw such an ttempt. It is the most deceptive nd false kind of comparison that ould possibly be made, and I sugest to the Supervisors that we ake this matter up with the postal uthorities and call it to their atention. There can be no question bout the falsity and the intent to eceive through this comparison nd it ought not to be permitted to o out of the office of an official of is City and County. However, he Assessor is not here. I intended o ask the Assessor if he came here o explain to this Board by what gal authority he places an assessent on the present assessment roll r the past fiscal year—and I know has been there for some time in he past and I know it is there now, ecause I saw it there—of $5,000 a lot belonging to the Southern acific Company that it is apraised for $744,000, and I did when is matter was first brought to my ttention at a meeting of the Fiance Committee last Friday refer his to the City Attorney with a request for an opinion as to whether there was any legal authority for placing this surely nominal assessment of this very valuable piece of property, and in effect doing what appears to be the making of a rebate in taxes to the Southern Pacific Company, which would in this particular instance, if you assessed this particular lot at the same percentage of the appraised value that the adjoining lot is assessed at, which is about 49 per cent, and which shows that our appraisal figures are not far out of line in that particular district, because the Assessor's own assessment amounts on the adjoining lot to 49 per cent of the so-called Stafford appraisal figures, if this vacant lot were assessed at 49 per cent when it should be paying taxes into the treasury of the City and County of San Francisco, this year amounting to about $13,500. It is paying taxes into the treasury this year of $190. So this nominal assessment amounts to a rebate of taxes to the Southern Pacific Company of over $13,000 this year alone. The City Attorney, I believe, has gone, but he advised me, and I am perfectly willing to have the Board corroborate this statement, he advised me there is no authority in law anywhere which would justify an assessor in making an arbitrary reduction of this kind, and he also advised me there is on the statute books, and has been for several years, I believe, a law which provides that when for any reason the owner of property escapes the taxes that should be levied on that property that he can be required in the ensuing fiscal year to be assessed for double the true value of his property, and the City can collect taxes on such valuation. I am going to let this matter go for the present because I am advised that the City Attorney has left, but I intend to ask him at the next meeting of the Board what procedure is necessary to bring out this double assessment of the true value for next year, and to require the Southern Pacific Company to pay to this City double the amount of taxes that it should be paying this year.

Supervisor Byington: I am not interested in the Assessor's fight. I do not intend to be heard as taking sides one way or the other, but the point made in regard to the Assessor taking the appraisal put upon the property of this City by Mr. Stafford—that is, if he puts in one column his assessment of property and in the adjoining column

the assessment made by Mr. Stafford, I cannot see how there is anything false about that.

Supervisor Havenner: You have it wrong there. May I ask—Mr. Stafford has made no assessment. He has no authority to do that.

Supervisor Byington: The placing of valuations, then.

Supervisor Havenner: He has acted through the cooperation of the citizens everywhere and has presented to us a report of the true value of all the land in San Francisco. The point I am making is that the Assessor, of course, does not contend that his present assessments are the true value of the property. We all know that is not so. But he said that his assessment, which is some kind of an arbitrary percentage which he has authorized to go upon the books, he sets that up and in the other column the true value as fixed by the Board of Supervisors.

Supervisor Byington: Mr. Stafford's valuation?

Supervisor Havenner: Yes, and he endeavors obviously to create in the minds of the property owners the impression that this Board is going to raise that assessment to the true value.

Supervisor Marks: How does he label those figures?

Supervisor Byington: That's the way I understand it.

Supervisor Havenner: Yes.

Supervisor Byington: But I want to say that if I were running for Assessor I would have the right to get out a circular stating that the valuation that I have placed upon the various lots in San Francisco were so and so and I would have the right to make the statement that Mr. Stafford, employed by the City, appraises this property as he has done, and to put the figures side by side and send them out to the world. There can be no false statement in that.

Supervisor Havenner: It would be a misleading statement.

Supervisor Byington: I don't think it would be misleading, because the Assessor of the City and County is following the same course pursued by other assessors.

Supervisor Havenner: I hope not.

Supervisor Byington: They do put a million value upon property. You read that in some counties property is assessed at about 60 per cent of its selling price and in other counties 50 per cent and in others 70 per cent, and so on. Appraisements differ, of course, as to the percentage upon which it is based of the selling value of property in the various counties, but the Assessor has the right to use any data he pleases in making a comparison. Now Mr. McSheehy has the right to say that certain property out in the Western Addition, for example, is assessed so much by the Assessor and that its true value or selling value is so much; he has that right and has made comparisons in regard to property down town. Those things are not false statements, and for that reason I don't think we can dub it a false statement sent out by anyone. Here he presents side by side the official figures of the Assessor, within the other column the assessment made by Mr. Stafford.

Supervisor Havenner: Mr. Supervisor, you must admit as man to man that if you were making that statement to me you must admit my right to ask you what is your appraisal of the true value of the property. You are using our estimate of the true value of the property and you have no right to compare it with anything but your own true estimate of value. That is what he has not done.

Supervisor Byington: I have a right to make it with anything I please.

Supervisor Havenner: Well, I will say for you that I do not think you would do it. I would ask you the question: "What is your appraisal of the true value of this property? You are setting up mine. Will you please give me yours, or will you tell us what percentage of your appraisal of the true value this assessment represents?" But he has not done that, and he is attempting to create in the minds of the property owners that this Board of Supervisors will raise the present assessment that he has arbitrarily set up, to that estimate of the true value, and this Board has never adopted such a policy and has no right to do so. We have done the only thing we could do, the appraising of values as adopted by this Board, and I hope that the Assessor is going to use this appraisal of actual values as the basis for equalizing the present assessment roll. But I contend—I do not think anybody will contend it is a fair comparison without any explanation, because there is no explanation there certainly.

Supervisor Byington: I saw in a newspaper the other day something to the effect that some property in a down town district is assessed for probably 20 per cent of its value, whereas out in the home dis-

tricts, it is assessed at 70 or 80 per cent of its value. I don't know whether that is true or not. It was a statement thrown out to the world. Now the same thing in regard to this matter. He takes official figures in both cases and puts them down. The only thing I find to object to is that I do not think we should dub it a false statement.

Supervisor McSheehy: Mr. Byington, I ask you this (handing paper to Supervisor Byington): Here is this year. He calls this valuation of this land for assessment purposes set up by the McSheehy Reappraisement Bureau. I never thought at any time—that is here (indicating)—and then he goes on stating—(conversation between Supervisor McSheehy and Byington not heard by reporter).

Supervisor Byington: I really never approved it.

Supervisor McSheehy: But you voted for it.

Supervisor Byington: It was passed before I came here.

Supervisor McSheehy: Irrespective of what you say, you voted for the budget and it went through and the tax rates. I do not want to get into any argument on that, but here is a condition which is rather hard for me to talk concerning, but I claim this entire Board is being attacked here and the expenditure of $300,000 in round sums of the people's money is being attacked, and we are told by the present Assessor that it was simply an idle act and a wastage of public funds, and you must acknowledge as a member of this Board and as an attorney that we have sat here as a Board of Equalization and have never functioned as such at all. We have actually been a joke as a Board of Equalization, because we have had nothing to function with We simply had to take the Assessor's figures. Now as a man of wisdom and as an attorney and as one who has given a great deal of thought to political economy, you know what a Board of Equalization is intended for. It is to try to correct. We are all human, just the same as other people, and in the case of a Board of Equalization its function is a matter of correction. That has been the function of our Board of Equalization. The Real Estate Bureau year in and year out made efforts to have a survey made, and it was this Board and this one only that was elected on an economy platform, which found ways and means of making an appropriation of $200,000 in round figures for this purpose, and I say that irrespective of everything else it is not fair to this Board for a man to issue a circular of that kind.

Supervisor Byington: I don't know. It is not as bad as some circulars I have seen. I read a circular sent out last night that charges this administration with graft. I never heard a falser statement than that. I think the administration has been free from graft. Yet that was a statement contained in the circular which was handed to me last night.

Supervisor Harrelson: I believe in fair play even at election time. I do not like, as a member of this Board, some of these statements that have been made. I have been sitting as a member of the Board of Equalization for the last four years. That 90 per cent of the property is paying the burden of the other 10 per cent I do not believe, and I do not believe that Mr. McSheehy does. Nevertheless, he is credited with having made that statement. I do not like to hear it said that, "I reduced your taxation." I sat here as a member of this Board and voted in favor of taking $2,000,000 from the P. G. & E. for our electrical power. I should be given credit with our colleagues, who voted that, and Mr. McSheehy voted against it. Why doesn't he tell all the people all the truth? I would not say a word except that Mr. McSheehy comes in and condemns our Assessor. I know nothing about this statement. I am not interested, but I don't believe in these unfair tactics in a political campaign. (Applause.) Now, so far as the piece of property that has been referred to and its appraisal, reference was made to the property owned by the Southern Pacific Company and rented by the City as a storage yard for our high pressure pipe. I know something about that piece of property. Now, as I understand it, a very nominal rent is being enjoyed for its use by the City. The Southern Pacific Company no doubt in the event of a fully assessed valuation would be very glad to charge us more rental for the property, and in the event we did not pay the rental we could be asked to leave that property. In that event, of course, it could be occupied by spur tracks and become operating property of the utility, and in that event would not be assessed by the municipality but would pay directly to the State on a percentage of their gross revenues. That is the way I view that, Mr. Havenner, but I may be wrong. I believe that is a fair statement, and I do not like to hear one man condemn another, but

neither do I care to listen to all of this bunk.

Supervisor Havenner: Mr. Chairman, when it comes to buncombe, I want to read a letter from the City Attorney which was just received, and there is not any buncombe about it.

Supervisor Harrelson: I was not saying there was any bunk about your statements regarding the property, but I understand those are the facts as I have stated them.

Supervisor Harrelson: That may be true, but it is, in an indirect way, paying a rebate to the Southern Pacific Company, which is illegal. That is the thing I contend against. If you wanted to enter into a lease with the Southern Pacific Company for the use of this property, I don't think you would pay them $13,500 for vacant lands to store pipe on that has not been used for seventeen years.

Supervisor Harrelson: What do we pay?

Supervisor Havenner: $1 a year, but by this method we rebate to them taxes amounting this year to $13,500.

Supervisor Harrelson: The point I made was that we would pay the necessary rental or it would become a part of their operating system and we would not receive any taxes whatever for they would go to the State. It is right in the spur track district.

Supervisor Havenner: Yes, if you let them.

Supervisor Harrelson: We could not prevent that.

Supervisor Havenner: The fact is we are paying a tremendous rental for that property, and somebody, either the City or State, ought to get that. We are not getting it now. They are receiving a rebate, a rental this year of $13,500 for the use of that vacant land to store this pipe that has been laying there seventeen years, and I don't think anybody on this Board is going to contend that we ought to be paying that. It might cost a lot of money to store or dispose of that pipe properly—I think the City Engineer's office estimates it might cost forty or fifty thousand dollars or some such amount—but that only represents three years' rental of this property at the present rate of rebate. We don't know how much longer it will lay there. It would pay us to move that pipe off onto our own property and save the amount of the taxes. As I have said, I have a letter from the City Attorney addressed to the Finance Committee which reads as follows: (Reading letter referred to).

Supervisor Schmidt: Might I ask through the Chair: You stated that this pipe has been there seventeen years. What is the true value of the pipe itself?

Supervisor Havenner: I have no idea. It may be the subject of a great deal of discussion by a candidate in the present campaign. I have not any idea. The fact remains that if we want to keep this pipe we have a lot of vacant land ourselves, and there is no reason why we should continue to pay $13,500 yearly rental for storing it somewhere, even if it does cost us a considerable amount of money to move it somewhere else.

Supervisor Schmidt: The only point is I was trying to find out why ths pipe was bought seventeen years ago and has not been used, what they intended to do with it.

The Mayor: I hate to take up your time, my fellow colleagues, but that bunk has been published all over this City. I have answered it so many times that some of these brainless people who do not know anything else keep on asking it. The pipe went through Dr. Taylor's administration and then Mr. McCarthy's administration, and when it came to me we had it and there was no money to do anything except stop the leaks in the Twin Peaks reservoir, and the pipe was stored down there because we did not know where else to put it. If you want to look at our budget I have it here so that you can see it. We got a million dollar reduction in insurance rates for the pipe that was laid.

Supervisor Schmidt: I was not referring to you, because it was seventeen years ago and I don't think you are responsible for it, but what are we going to do with it? For in time it will eat itself up.

The Mayor: It cost $35 a ton and it is worth $58 a ton now. When the City wants to use it and put it in the outlying districts you will have it to put in the ground and use in the high pressure system, and in the meantime we have the goods on hand with which to put down new pipes.

Supervisor McSheehy: How many tons, Mr. Mayor?

The Mayor: I don't know. There are 17 miles of it.

Supervisor Schmidt: The only thing I was going to say that in the amount of money we are losing on taxable property in over seventeen years of time we could buy three times the amount of pipe we have now, even under the report you made that it is increasing and is double in value.

The Mayor: I have been trying to find out just exactly what the proposition was, but on June 2, 1913, we exchanged our three blocks of land down there in the Southern Pacific freight yards for four or five or six blocks of land which made the Aquatic Park, and we got some $68,000 plus the blocks for the Aquatic Park, and they agreed to store the pipe there for—I think there was no charge on it. There was an exchange and the properties were appraised, and you can look at the records of the Board of Supervisors of 1916 and 1917, and this is a matter that I think ought to be looked into, because I think it was in the agreement at the time of the exchange.

Supervisor Havenner: I have been advised by the Clerk that this property is not embraced in that transfer.

The Clerk: It is not a part of that trade.

The Mayor: Certainly they were. That is mentioned right in the deed. I just read it while I have been seated here. It gives to us by the State of California as tidelands and——

Supervisor Havenner: I am talking about the land where the pipe is stored.

The Mayor: That belongs to the Southern Pacific Company.

Supervisor Havenner: That did not enter into this.

The Mayor: Yes, it did, because they agreed to give us storage of the pipe piled there. It is a part of the transaction, and they permit us to put it there without any cost to the City. It is a part of the transfer.

Supervisor McSheehy: Do I understand you now that it is in writing? I would like to run this down, and I do not want to ask you any questions, but if a statement is made I like to have it substantiated. Do I understand that in writing we agreed with the Southern Pacific Railroad Company for a transfer of what is known as the South Beach Lands for the Aquatic Park property; that is to say, we were to receive such and such property and in that we were to store our pipe on this particular lot and that in return for that they should pay a nominal tax on $5,000 a year?

The Mayor: No, I never said anything about that.

Supervisor McSheehy: I thought you said it was a part of the agreement.

The Mayor: I said the moving of the pipe from our property to that storage was a part of the agreement.

Supervisor McSheehy: There must be something in this——

The Mayor: I don't know. You ought to look this up. I have not had a chance. I have been going around so fast. Here is the whole thing. I have dug it up for you.

Supervisor McSheehy: But, Mr. Mayor, I do not propose at this time——

Supervisor Gallagher: I think what the Mayor is aiming to say, is this, that as a part of their agreement in the exchange of the lands for the Aquatic Park the company agreed that we should have storage at a certain rate. That really did not exempt them from proper taxation of the land, but held them to a proper rental for that. Do you see the point?

Supervisor McSheehy: Yes.

Supervisor Gallagher: I remember at the time I was on the Board some mention of our being allowed storage there at a nominal rental.

Supervisor McSheehy: That is very true.

The Mayor: You can take the pipe off tomorrow if you want to.

Supervisor McSheehy: I do not want to enter into it, but it has always been a question and I want to answer Supervisor Harrelson with some figures as to just how the City came out on the deal, but I have heard it questioned a great many times that the City did not get anything like an even break on that particular deal. It is gone and past and I do not want to bring it up, but I would like to know if anything in writing was made on this. I am talking about the Assessor, and him only, and I hope that I will be permitted to go on with that. A question has been asked about my unfairness in this matter. There are people in the audience who have views of their own and are entitled to use their hands at any time they wish, and I would never deprive them of that, but I think they should know something about the subject before they draw conclusions, and if the Assessor is actually guilty of allowing these particularly favored assessments I think the people of San Francisco should know it.

The Mayor: So do I.

Supervisor McSheehy: I think they should know it.

The Mayor: So do I.

Supervisor McSheehy: Now, if this Board has entered into an agreement, very well. Then the

Assessor will be bound exactly by that agreement in this matter and he should be exonerated if he is innocent, but if he is not he should be held responsible, because this City has spent $13,000 a year in rental there. We all know that we have idle property lying all over our City, and we know the tonnage there. I don't care if it is 200 or 2000 tons, it can be removed for $1.50 or $2 a ton, perhaps, and it can, therefore, be removed for a very small sum to other parts of our property, and I say that it should be done. It is an economic loss, and no one company should be allowed a rental of that kind. I say that and I mean it, and I know that if things take a change a week from Tuesday that immediately there will be a change in that particular handling of the City's money.

The Mayor: Mr. McSheehy, I am trying to help you out.

Supervisor McSheehy: I am not saying a word. I am trying to—all right, Mr. Mayor.

The Mayor: Let me say that I have taken no part in this in twelve years, and since 1915 to 1927 is a long time to remember the details of any transaction.

Supervisor McSheehy: Yes, I know.

The Mayor: But we traded our blocks of land there for the Aquatic Park, the blocks of land upon which the Southern Pacific Company is paying taxes. Now we have given up our blocks of land down there upon which the Southern Pacific Company is paying taxes, and we are not paying any taxes for the land at the Aquatic Park. We have five or six or seven blocks there—I don't remember just how many—and the property was appraised at $457,000. Now there were certain arrangements made for the storage of the pipe for our disposal of those two or three blocks of land and to take this other in exchange. Now here is a report of the whole business. Look up the minutes of the records of the Board in June of 1915 and you will get all of the details. That's all.

Supervisor Havenner: Now, Mr. Mayor, it is not all. It does not make any difference whether this Board or you or anybody else entered into that agreement. We are advised by the City Attorney that we had no right to do it, that there is no right to authorize the Assessor to place a nominal assessment.

The Mayor: We did not do anything of the kind.

Supervisor Havenner: Well, he has appraised this property for $5,000.

The Mayor: I don't know that even. It is not my business.

Supervisor Havenner: I refer you to the record and it has been corroborated. There is no dispute about that. The Assesor has admitted it.

The Mayor: I think we have made a good many million dollars in getting an aquatic park for the children of San Francisco.

Supervisor Havenner: $13,500 a year to store pipe, and the City Attorney advises us clearly that we have the right to insist upon the provisions of the law, and so far as I am concerned, I will insist upon it.

The Mayor: Why not do it? Nobody is stopping you.

Supervisor Colman: I would like to know if there is anything before us. If there is I would like to discuss it, and if there is not I do not care to. If there is nothing before us, let us finish the day's session or invite these gentlemen before the Board, if they so desire. These are busy times and everybody is willing to stay and do his duty, but if there is nothing to come before us let us call it a day. Mr. Mayor, is there anything before the Board?

Supervisor Kent: I am going to give you something to chew over in a minute.

Supervisor Colman: Mr. Mayor, I am glad to handle anything that Mr. Kent hands me. Is there anything before the Board now?

The Mayor: Nothing, except Mr. McSheehy's request that the Board do something about this. That's all.

Supervisor McSheehy: Mr. Kent, I understand, is making a motion.

Supervisor Kent: May I have the floor, Colonel? I want to make a motion. That the Board condemn the circular that has just been read as coming from the campaign office for the present Assessor as untrue and misleading as a statement of the action of this Board. Now if I can get a second to that I will discuss it.

Supervisor Havenner: I will second the motion.

Supervisor Kent: I tried very earnestly to keep out of all argument as far as possible, and for two years I have gotten along very well, I hope. I don't want to enter into the discussion from a personal standpoint. I see it as a matter of business. Being on the Finance

Committee, I will say, that the present committee has tried very hard to do its work honestly and efficiently. In handling our various affairs of the City the problem of finances enters into the committee's deliberations not only as to the budget set up, but from time to time we find that things have been done with no degree of efficiency and again at times we may anticipate that things should be done a little better than they have been done heretofore. Now, this particular problem of the assessment roll of the City and County of San Francisco has come up before the entire Board. Before the present personnel was really in office—I can refer back some three or four years ago when I happened to be a member of the Real Estate Board of Directors, representing the affiliated membership, and during that period as a director there seemed to be a consensus of opinion in the Real Estate Board that there were certain inequalities of assessment on the Assessor's books, and we were very friendly with the former Assessor, and he seemed to be at an attitude to cooperate with us in our investigations and he solicited a reappraisal of the San Francisco properties. The San Francisco Real Estate Board at that time was very anxious to go ahead and hand the Assesor, or be instrumental in handing the Assessor, a reappraisement of the San Francisco properties. At one time at a meeting we invited the former chairman of the Finance Committee and another member of the Finance Committee to sit in with us and advise us as to what was the best method of procedure. We were told at that time that in order to accomplish the desired results of the reappraisement, certain legislative acts would have to be inaugurated in the State Legislature, and that it would cost approximately $350,000 to conduct such an appraisement and that perhaps the fruits of our efforts would be some five years off from the date of completion or at least from the date of starting, so it put it quite off in the distance and sort of made it a prohibitory proposition. Nothing further was done. The next step that I know about in the matter—and I am dealing only with facts, as I say, and not with personalities—the proposition came up before the present Finance Committee of a reappraisal of San Francisco properties and we did find after consulting authorities—and the history of it I will not attempt to go into here—but what we have done so far has been correct. We have been able to employ an expert, whose methods are being used in various cities by similar experts, and with a great deal of appreciation and recommendation and approval and use, and we were able in one year's time to absolutely get a true valuation on a true inventory of the San Francisco real property, which we had never had on the books before, and this year we are able to go ahead and get an appraisal on the improved properties and it gives us at the end of this year the entire true values of each and every parcel of land. Now at no time did we enter into any personalities in the matter and the expert's methods have furnished maps that as finished now show that properties are very unequal in their assessed valuations throughout the City. So I believe that if we do not carry this motion, stating the fact here that we will in that way and by that failure sort of condemn our former action, which was thoroughly a business proposition, and which enabled us to show where the City stood from an inventory standpoint and as to true values. The figures are so complete and so graded and classified that any reasonable system of assessment can use them as a basis for equalizing the various inequalities. So really I would hope that the Board would substantiate its own actions through the last period of two years, you may say, when this thing has been in front of us. I am sorry that it comes up at this time and, as I say, I have dealt with only the facts. I think Mr. McSheehy will bear me out that I have not done anything in his campaign that would merit his wonderful approval; I think he has perhaps found me much in a state of lethargy as far as the campaign is concerned and, as I say, I make this motion now and hope the Board will carry it in order to reiterate our contention that we are doing right with an important piece of work.

Supervisor Marks: May I ask Supervisor Kent, in order that the matter may be made applicable only to the Board of Supervisors, whether he would be willing that action on his motion would be deferred, say for two weeks? In other words, I understand you to make it very clear that your motion is merely for the purpose of putting the Supervisors in the

proper light, and you regret the fact that it comes up at this time. Would it not, therefore, be best that we defer action on it until the election is over?

Supervisor Kent: I am sorry, but I don't think I can accede to your request, because I have an idea that I know just where you stand in this campaign.

Supervisor Marks: Mr. Mayor

Supervisor Kent: And I am not in sympathy with your idea of postponement.

Supervisor Marks: I would like to take the floor to discuss this if Mr. Kent does not mind a statement. Mr. Mayor and gentlemen of the Board of Supervisors, I take it—if I may have the attention of the Board for just a moment, Mr. Harrelson— I take it that any citizen who is honest and honorable has the right to submit his candidacy to the people of San Francisco for any office in the gift of the people and to present his candidacy upon the basis of any merit he may possess or any lack of merit that his opponent may have. But I absolutely resent, Mr. Mayor, as a member of this Board, the use of this Board of Supervisors officially as an instrumentality for any political candidate and against any other candidate. If Mr. Kent is sincere, and I know he is in everything he does, if he is sincere in his statement that the purpose of this motion is to clear this Board of Supervisors of any criticism growing out of this circular, that it is perfectly proper that this Board act upon that after the heat of the campaign has passed away. If, on the other hand, it is intended as a campaign move for any candidate or against any other candidate, then I do not think this Board of Supervisors should permit itself to be used for purposes of that kind. I therefore move you that action on the motion of Supervisor Kent be deferred for a period of two weeks.

Supervisor Deasy: I do not want to get into any mixup between candidates for the Assessor's office, and I think this matter should go over until after election. I will stand up now and second that motion. I think it is a bad time to bring it up. I don't know if Mr. Wolden got this circular out or who did, and before I vote on it I would like to find out. I second Supervisor Marks' motion.

The Mayor: The question is on Mr. Kent's motion.

Supervisor Kent: No, on the——

Supervisor Marks: On my motion to postpone action two weeks.

Supervisor McSheehy: I am placed in rather an embarrassing position here, and I have been in such positions so many times, but I don't think I was ever in the position that I am in right now, but I want to appeal to the Board and Supervisors Marks and Deasy and other members of the Board. You have here the circular that is to go out and will be sent through the mails and a part of it has been broadcast through the press today and in yesterday's papers and in today's paper. I have here a clipping from the San Francisco Examiner which is almost a verbatim statement of it in a general way and I have also clippings from the Chronicle. All right. I will not go into the details of that but, members of this Board, I want to be fair with the Board and I like to be fair in all things and I would like the Board to be fair with me. I have tried to be fair ever since I have been on the Board and with the members of the Board and I simply say to the Board here this afternoon that this circular will be sent around—I am very sure of it, as sure as I am standing here—this will be sent around to the voters of San Francisco, and for what purpose? Of course No. 1, to discredit me; and of course No. 2 to discredit this Board; and No. 3, it places this Board in the position that its expenditure of almost $200,000 is an expenditure for which the people of San Francisco, the taxpayers, have never received value. Why? Because the Assessor is not in accord with what you have done. If you attempt this afternoon to postpone this, very well; then you discredit this Board. There are no ifs or ands about it. It is all right to say that this matter has been brought up before this Board for political purposes, but I will say that as far as I am concerned I would never have brought this matter up if it had not been presented in the way it has been with the purpose of deceiving the people of San Francisco. I believe in fighting on fair lines and I have always tried to fight fairly and I always will and I fear no man and I take things as they occur to me. I have not been and am not gifted with a flow of English language to cloud issues. I am rather a plain-spoken fellow. All who know me know that. And I say this afternoon not to postpone this matter, because I think you are doing a great injustice to the taxpayers of San Francisco; I think you are doing an injustice to yourselves. The matter of vot-

ing this motion will have you place yourselves on record as being opposed to this particular circular, and that's all there is to it. It is the people, and they only, who will do their own thinking a week from next Tuesday, and certainly any action of this Board will not do that for them. In a very few words the issue is simply on these lines: if the people of San Francisco—and I will be a little personal now if the people of San Francisco and the majority of them agree with the present Assessor and his ways of assessing property, then very well, he will continue; if the people of San Francisco agree with what I have been promising them, I will keep my promises to the people. I have kept them before and I will do so again, and I know what I am talking about. I have stood in this Board year in and year out and have told the people of San Francisco of the extravagances that were going on here in this Board, and I have fought battles alone on this Board and voted alone, and some of the members here today know how I have voted alone, and they know I never came in here and simply criticized a former budget that I did not bring in an amendment to it, and it often took me days and weeks to prepare it, and I showed what savings could be made, and I can easily show where savings can be made in our assessment, and it will reflect—and I say it again—a saving to 90 per cent of the taxpayers. I did not want to bring matters of that kind out. I do not think it is the proper place to do that, but I say here to you this afternoon that a document of this kind should be censured to the extent of this Board's interest in it. You can postpone this if you wish, of course, but I hope the motion will be voted down.

The Mayor: What do you think about the document sent out about the Mayor?

Supervisor McSheehy: I would say to you, Mr. Mayor, that if you brought that document in here and there were matters in it pertaining to this Board, wherein this Board was being discredited, that the document, whoever sent it out, should be censured. Fairness is right and justice is right, and that's all there is to it and you cannot make anything different out of it. I don't say you attempted to cloud this issue about the matter of leasing that lot where the pipe is, but let me say this to those who were so ready to clap their hands a minute ago, that the lot you have described is no portion of the transfer. It is an entirely separate lot where that pipe is stored. It is a separate lot entirely and has nothing to do with the transfer of the property. It is in between Fifth and Sixth streets and the other between Sixth and Seventh. They are a block apart.

Supervisor Marks: Just two years ago, prior to the election of 1925, when the complexion, you might say, of this Board was quite different so far as the members were concerned, Mr. McSheehy was then a member of a minority group and he made his campaign upon certain issues. His statement of those issues was not in accord with the statement of issues of the then majority group. I am wondering whether Mr. McSheehy two weeks prior to the election of 1925, or ten days prior to that election, would have favored a motion in this Board of Supervisors made by that majority group that his campaign then while he was in the minority should be condemned as false and misleading, or whether he would have permitted this Board of Supervisors to take a vote upon the issue of condemning his campaign utterances in 1925. Of course he would not.

Supervisor McSheehy: You are answering my question.

Supervisor Marks: I say that it is not proper to bring into this Board of Supervisors as an official body the proposition of opposition to or condemning or lauding men who are themselves candidates for office. This is a campaign document. There is undoubtedly a desire on the part of this campaign document to lead the people to believe that the Stafford appraisal figures will be taken as the assessment figures, which is probably not exactly accurate. They are asked to draw certain conclusions from this document, and Mr. McSheehy has his means of combatting this matter. He has the ordinary avenues of campaigning and publicity available to him to call the attention of the public to any inaccuracies in that statement, but I submit fairly and sincerely to the members of this Board that this is not the proper place to bring up this matter, and it is not a proper use of this Board; that it should not do anything to further the candidacy of anyone or to condemn the candidacy of anyone else. As I have said, if there is anything in this document which reflects upon the entire Board of Supervisors—which I do not recall hearing—if

there is anything there which must be corrected, and if there is anything there that must be cleared by Mr. Kent's motion, we can do that just as well on the 9th day of November as we can do it on the 31st of October, and I do earnestly urge upon this Board of Supervisors that in justice to itself it put this thing over until the election has passed. (Applause.)

Supervisor Havenner: I am forced to confess that I am unable to follow the logic of that. If the Supervisor has any idea that this Board ever could properly take action upon statements of this kind, I cannot imagine why he should get up and urge that it be postponed for political reasons. If he does not think that we ought to take any action in a matter of this kind he ought to oppose it now, but you are apparently simply asking us to postpone it for political reasons until after the campaign is over, and I would like to say to you that the action you are finding fault with, the practice by legislative bodies of investigating actions that reflect on the integrity of the legislative body, or investigating anything that they think is wrong in connection with the government, is a constant practice by the Congress of the United States. If you object to investigation or to actions of condemnation or approval in this matter, because they might possibly be construed as having some political complexion, then in order to be consistent you ought to send back a memorial to the Congress of the United States and ask them to cut out about half of the work they are constantly doing. The question is whether this is a reflection upon the work done by this Board, which I believe you will concede to have been done in good faith, and if that is true why then we ought to act now. If you think there is no reflection why we ought never to act. I can't see how possibly you can justify your argument that we ought to postpone it until after the political campaign.

Supervisor Marks: I cannot answer for anything the Congress of the United States may do, but I venture to say that if somebody were sufficiently horrible to present half the things being done, that somebody referred to might receive the approval of the public rather than its condemnation. I have read this document over again and I fail to find there any reflection upon the Board of Supervisors as an entity. This refers almost entirely to Mr. James B. McSheehy. Let us assume that the statements with respect to Mr. McSheehy as made by Mr. Wolden are abusive, if I may use that word; let us assume that the statements criticize him and that there are in the statements certain pictures relative to his official conduct as an individual or his utterances with respect to this campaign. I repeat, Mr. Mayor, that an investigation by an official committee of this Board and a report brought back to this Board, and action taken upon that report differs quite a good deal from a motion that will condemn the statement made by one who is seeking reelection. If we do that we have just as much right to officially here draw up a ticket of candidates from the Mayor down to the lowest office. No one would stand for that. And to do just the converse, prepare a statement of whom we would like to see defeated and to condemn that ticket, that is the same thing. I think this Board will not bring credit upon itself, and I say it sincerely, by taking part in the election in this respect. I think this Board has enough to do to maintain itself as a legislative body. We have our right to individual preferences in the election of a Mayor and of an Assessor or anyone else, but when we make these selections we do it as individuals; we do not act as Supervisors, and if we do act individually and also as Supervisors we have no right to enter into the candidacy of any person in any way as a Board of Supervisors. Mr. Havenner says he does not follow my reasoning. I think that it should be obvious. This is brought in here not in a time of calm, when we can sit down carefully and deliberately and weigh the statements made. It is brought in just a few days before the election. It is brought in here for the obvious purpose of discrediting the candidacy of someone who has submitted himself to the people, and the people themselves have the only right to discredit that person and this Board of Supervisors does not possess that right. We are not given by the people any right to condemn public officials, and I think we should keep within our legislative function and preserve our own household clean right here without condemning public officials or any act or anything said which is purely a campaign utterance and which anyone has a right to say so long as he refrains from making actionable allusions.

Supervisor Gallagher: I would

like to be excused. I have an engagement at 6 o'clock.

The Mayor: The only motion before the Board is on postponement of this matter for two weeks. Is there any other motion? What is the motion?

Supervisor Kent: Am I throttled now, or can I go ahead?

Supervisor Gallagher: May I be excused?

Supervisor Kent: No, Andy. Remain awhile. I have a few choice remarks. I don't believe your statement is correct and I will say so.

Supervisor Byington: I submit that the Supervisor has spoken once and I have not spoken, so I think under the rules,——

Supervisor Kent: That's what I asked, whether I was throttled, I just wanted to know. I am not quite as good as you boys on all of this stuff. If I were a lawyer I could cope with you, but I am something like Mr. McSheehy, straight out from the shoulder, and I am not shown——

Supervisor Byington: That's all we want, a plain and outspoken treatment of these matters.

Supervisor Kent: Let me thank you for those remarks.

Supervisor Byington: I am not particularly interested in this matter, but I will say that I cannot vote for the motion as made. I cannot vote in favor of approving or condemning the sending out of something brought up here. Somebody has produced a circular and said it has been sent out and Mr. Kent made a motion that we condemn this circular as containing false and some other kind of statements.

Supervisor McSheehy: The sending of it out.

Supervisor Byington: I am opposed to that motion, because that will spread around that we had taken sides in regard to this fight.

Supervisor Kent: I don't think so.

Supervisor Byington: That's the way it occurs to me. It would be easy to say we had condemned one candidate for sending out these statements and——

Supervisor Kent: No, I did not say that.

Supervisor Byington: I am not ready to vote for the motion.

Supervisor Kent: Mr. Chairman, my motion was that we condemn the circular. Here on the reverse side of this document its says "the plan", and it goes on with several paragraphs, and one of them here is to the effect that the first step was the appropriation by McSheehy of $65,000. Now that sort of makes either a Czar of Mr. McSheehy on the Board of Supervisors and deprives me of the right of thinking or the right of voting for myself and likewise the rest of us, and that is untrue. Then it goes on to the effect that the second time he appropriated $125,000. It makes no other announcement than that Mr. McSheehy was supreme in this thing as chairman of the Finance Committee. The chairman of the Finance Committee has no bed of roses when it came to trying to get this Board to do certain things, and the Finance Committee has had to fight for its budget set-up, and if it was not correct and if it was not sincere we would not have gotten it through this Board. The Board, I am sure, saw our budget in the proper light and that was the Board's action. It was not a one-man proposition, and surely there were no niggers in the wood pile, because I tell you that down in the financial district, in real estate row, it is absolutely something that was prayed for, and I don't like to see it, as a matter of business, be allowed to go by because it works on the psychology of the property when they view the circular. I have had so much experience with taxpayers and in the office that I have been with for some twenty odd years, and which perhaps pays more taxes for clients than any other office, and at one time was perhaps the largest this side of Chicago when one of the former members was living, the office of George H. Umbsen & Company was as large as perhaps three or four of the other offices put together, and we know that taxpayers, a great many of them, have a hard time reading their tax bills or anything pertaining to them. They do not grasp true values and assessed values. They do not get the distinction that you and I do because we have run across them and have been able to accumulate our ideas. I know that the majority of taxpayers today do not understand the fiscal year proposition. You can take nine out of ten taxpayers today and they will tell you that their taxes when they pay their first installment, which is due any time now, I believe, and delinquent on the first or last Monday in December, whichever it is, they absolutely figure that that is the date it is due. They do not figure that the first installment goes for the last half of the calendar year. To this

day they cannot separate the date of payment from the date that the taxes are delinquent and the date they are due. We have that experience day after day. Yet these things are explained over and over to the taxpayer. I tnink any real estate man will bear me out that the average taxpayer is absolutely in a quandary with his tax bills. I think the taxpayer will absolutely fall for a thing like this and that it is absolutely misleading.

Supervisor Gallagher: I desire to move you as a substitute motion one which I think may be found agreeable. I move you, therefore, that in view of the fact that our attention has been called to a document signed by the Wolden Campaign Committee and that while we realize the license available to a candidate in a political campaign, and we do not wish our action to be considered as any part of the campaign, that we do, however, respectfully call to the Assessor's attention and to his campaign committee the fact that this statement, if distributed, is misleading and not in accordance with the record; that if this statement has not been distributed we respectfully request the Assessor's, Mr. Wolden's Campaign Committee, or himself, to correct it in accordance with the record, and if it has been distributed we respectfully request him to issue a statement correcting it in accordance with the official record of this Board of Supervisors. If I get a second to that I would like to explain it.

Supervisor Powers: I will second it.

Supervisor Havenner: May I ask the Supervisor if he would not consent to make it just a little more explicit: to make here the request upon the Wolden Campaign Committee that in their setup of a comparison of values in this circular they make a comparison between the Assessor's estimate of the true value of the property, setting forth in each instance the percentage on which it is made, as against the comparative figures of the Stafford appraisal.

Supervisor Gallagher: I have no objection. That would be strictly in accordance with the record. I share Mr. Marks' fear of the motion as made by Supervisor Kent. I am afraid that the severe motion made by Mr. Kent, a motion containing the word "condemn" at this stage would be misunderstood. I feel that while we cannot take cognizance of statements made in a political campaign this document nevertheless is misleading if not, to say the least, incorrect. Mr. McSheehy is not the author of the Appraisal Bureau resolution. The author was Mr. Havenner. Mr. McSheehy was a member of the board constituted by this Board of Supervisors and his actions which are intended to be conveyed by this circular, if it is sent out, I should consider a reflection upon myself for two reasons: No. 1: I do not wish to give Mr. McSheehy the whole credit for establishing the Appraisal Board; and, No. 2, I want some credit myself, because I think it is a job that we can be proud of. No. 3: I do not want Mr. Wolden at any time to send out statements that in respect to the record of other men not involved in any campaign here, are not only misleading but incorrect. I am satisfied if this is conveyed to Mr. Wolden indicating that we desire that any communication of this character which will be confusing and misleading and probably cause for unnecessary furore, that if it is called to his attention, that to our minds the statement is not in strict accordance with the record, that he will take steps to correct it.

Supervisor Marks: May I ask you a question, Mr. Gallagher?

Supervisor Gallagher: Yes.

Supervisor Marks: You and Mr. Colman are the only ones, as I look around now, who are candidates for reelection present here now?

Supervisor Gallagher: Correct. I learn that to my regret. We are unfortunately held with our noses to the bolting post here.

Supervisor Marks: I am simply trying to indicate to the Board that it should not take any action that will result in taking sides in a political campaign.

Supervisor Colman: I think I will vote "no" even on Mr. Gallagher's motion, and in all friendship. I think that as to the various candidates I have attempted and believe I have maintained an attitude of neutrality in the campaigns of those other than my own political campaign. I have taken no part in the matter to which Mr. McSheehy has spoken. I opposed one week ago the investigation by the Grand Jury of the matter presented by Mr. Havenner; not that I am opposed to investigations and not that I want to hide anything, but I think it is—I thought and I still think, and without wanting to arouse any ill-will, I think in all

fairness this is purely a political matter. Mr. McSheehy, by bringing this up, forces me to say certain things which I would never mention but which I must mention in support of my statement. In stating that one side of this fight has been unfair, in connection with that I want to say that in the course of my going around in the evenings, as happens as all the members know, I have gone on a circuit and several times have waited for Mr. McSheehy to finish talking before I was called upon—three or four times, I think—and we know each other's talks practically by heart. I have listened to Mr. McSheehy's talks and I have never expressed any public opinion about them, but in my own humble opinion in private his statements have been most unfair. I do not care to argue the matter, but he has made statements with which I certainly do not agree, and I cannot understand how one candidate should expect this Board of Supervisors to come out and condemn or try to stop or do anything to another candidate concerning whom it is stated that he is about to send out a certain communication to the voters, and we do not even know he is going to send it out. I do not doubt it, but we do not know it definitely. The man who is getting it out is given no opportunity—he was given an opportunity for his office was called at 1:15, but he was out—possibly campaigning—and I presume some of my colleagues are engaged this afternoon or were this morning on the same errand, and it is plainly in my humble opinion a political move and I will not be a party to it. I certainly will not be a party and I would not be a party to it if Mr. Wolden were to come in here on the other hand with a proposition that we in any way help him at the expense of my colleague, and most certainly I will not be a party to any action by this Board. This Board is not a political body, and this Board is not organized for the purpose of, by any of its actions, favoring or hindering men in their candidacies, and I would be the last one to have them do that. We are not here for such purposes. We are not here to take part in the mayoralty fight or in the Assessor's fight or any political matter, and I think as a body we would cheapen the dignity of the Board by bringing matters such as this before us at this time. I do not question Mr. Kent's sincerity, and I know that you do not, and I think that Mr. Marks has handled this in a very sound way. If Mr. Marks is desirous of correcting any reflection that has been cast upon the Board he can still do that on the 9th day of November with much better grace and with a much better feeling for all the people of San Francisco than he can do eight days before the election, and you cannot help but admit that any action one way or the other has a definite bearing upon the people that will condemn one side or the other, but to be perfectly fair about this matter we cannot as a body enter into it at this time. In the Supervisors' campaigns we make three minute talks and just talk about ourselves and nobody else; no issues and nothing personal; never has one Supervisor mentioned another's name in any way, but Mr. McSheehy is unfair because, Mr. Mayor, I have heard him make statements that would, in my opinion, more greatly misrepresent the issues to those people who are listening to these talks, statements that I and his colleagues cannot reconcile, statements that I who have taken part in the discussions and in the events to which he refers, cannot possibly reconcile, matters which called upon to give an interpretation of what he has said would convey an entirely different conclusion than the statements of Mr. McSheehy convey. I do not criticise him for it, because I realize that these things take place, and I am not his moral censor and I have no criticism of him whatever, but it is nevertheless unfair to bring this matter up. It does not belong here at this time any more than, in my opinion, the matter that came before us last week belonged before us at that particular time, and whereas I realize Mr. Gallagher's intention is to smooth it over somewhat, I still think the principle is just the same regarding your motion as Mr. Kent's, so I am going to vote "no".

Supervisor Todd: Question.

Supervisor Byington: I merely want to say this: I consider the whole thing out of order. If in Congress a member arose with a circular and moved that we condemn the circular which was about to be distributed, I have not any doubt in the world the Speaker would rule it out of order, and I raise the point here that such a motion is clearly out of order and is not within the jurisdiction of this Board to pass a resolution con-

demning the circular or approving it.

Supervisor Todd: Question.

Supervisor McSheehy: Has the Supervisor raised the point of order and passed it up to the chairman to decide the point of order?

Supervisor Byington: That is what I have done.

Supervisor McSheehy: And your reason for the point of order is that the motion is out of order?

Supervisor Byington: Yes.

Supervisor McSheehy: Naming as your reasons——

Supervisor Byington: My reasons are that the powers of the Board of Supervisors are determined by the Charter. It is purely a legislative body and has no power except to pass resolutions and ordinances as provided for by the Charter, and there is nothing that can be found in the Charter that authorizes us to pass a motion or resolution condemning the issuance of a circular. If it would not be in order in Congress it would not be in order here.

Supervisor Havenner: The present motion does not condemn.

Supervisor Byington: It would be the same thing.

Supervisor Gallagher: There is no condemnation in my motion whatever.

Supervisor Byington: We have no power for the same reason——

Supervisor Gallagher: Do I understand you to contend that we are without power to address the Assessor on this?

Supervisor Byington: Yes.

Supervisor Gallagher: Every precedent of the Board for forty years would cry you down on that.

Supervisor Byington: I don't care what the precedent has been in such matters. Nine-tenths of them have been illegal. We are doing things every day that are illegal and the Board of Supervisors has no power to pass a resolution condemning any circular sent out by anyone.

Supervisor McSheehy: Mr. Chairman, you are placed in rather an embarrassing position.

The Mayor: Mr. McSheehy, let me tell you that I decline to rule on the point of order.

Supervisor Byington: Then I withdraw the point of order.

Supervisor Marks: What is the question now?

Supervisor Gallagher: As to my motion. The reporter will read it.

The Mayor: What is the motion? Can you state it again, Mr. Gallagher?

Supervisor Gallagher: My motion upon the document purporting to be gotten out by Mr. Wolden's campaign committee and which has been brought to our attention, is that we respectfully send word to the campaign committee and the Assessor that the document is not in accordance with the written record. And, No. 1: That at the same time we realize the license and liberties of a political campaign; but are taking no sides. No. 2: That inasmuch as it is misleading in its statement and might cause confusion, we respectfully request that the Assessor's campaign committee or the Assessor, if these have not been distributed, to go by the record in reference to the same; or if they have been distributed to correct the misleading features of the same. To which Supervisor Havenner added words to the effect that if the Assessor's valuation was to be set up as per the Assessor's books and percentages, that it ought also to be set up as per the Appraisal Board's records and percentages. Is that correct?

Supervisor Havenner: No, if the comparison was to include the present assessments, that it also set up the Assessor's estimate of the true value of the property in each instance, because that should be the basis of comparison with the Stafford appraisal, which is a true value appraisal.

Supervisor Schmidt: Let's go.

The Mayor: Call the roll, Mr. Clerk.

Roll call.

Supervisor Badaracco: Absent.
Supervisor Byington: No.
Supervisor Colman: No.
Supervisor Deasy: No.
Supervisor Gallagher: Aye.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Amended Bridge Application, Allan C. Rush.

The following matter was presented and read by the Clerk:

Amended application of Allan C. Rush for a trans-bay bridge between San Francisco and Oakland, Alameda County.

Said bridge to be located at the starting point at or near what is known as Rincon Hill, in the City of San Francisco, and from which named point, extending over and across what is known as San Francisco Channel of the Bay of San Francisco, this channel having an approximate width of 11,088 feet, to Goat Island (Yerba Buena) in a suspension bridge with a height of not less than 200 feet, measuring from the floor and base of said bridge down to and above high tide, supported in its entirety by four cables resting over five bridge piers, one pier at or near Rincon Hill, three piers in the waters of San Francisco Channel and one pier on the westerly shore end of Goat Island (Yerba Buena), numbered respectively Nos. 1, 2, 3, 4 and 5, with Pier No. 5 ending on said island.

Filed by E. L. Vandair Nailen November 7, 1927, *and continued for hearing until November* 21, 1927, *at* 11 *a. m.*

Traffic Conference, League of California Municipalities.

The following was presented and read by the Clerk:

Communication, from League of California Municipalities, advising of its second annual convention at Hotel Alexandria, Los Angeles, on November 18, 19 and 20, 1927, for the purpose of considering the uniform traffic ordinance recently adopted by the League and other matters.

Referred to Traffic Committee.

Communication From Grand Court of California, Foresters of America, Relative to Memorial Drinking Fountain in Golden Gate Park.

The following was read and *ordered filed*:

San Francisco, Calif.,
November 1, 1927.

Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

Hon. Members of the Board:

I desire to announce to your Honorable Board that Sunday, December 4, 1927, at 2 p. m., the Grand Court of California, Foresters of America, will dedicate a beautiful drinking fountain now being erected in the Children's Playground of Golden Gate Park as a tribute to the memory of the 200 members of our Order in California who gave their lives in the late World War.

I have the honor and pleasure therefore at this time to extend to every member of your Honorable Board a cordial invitation to be

present and participate with us in the dedication and presentation of this gift to Golden Gate Park.

With the assurance of our highest esteem, I beg to remain, on behalf of our Grant Court Memorial Committee,

Very respectfully yours,
(Signed) JOSEPH B. REBOLI,
Grand Secretary.

Civil Service Commission on Participation in Politics.

The following was presented, read and *ordered filed*:

October 27, 1927.

Hon. Board of Supervisors, City Hall.

Gentlemen:

In reply to your letter of October 25, 1927, asking to be informed as to whether or not "the carrying of political advertising on machines rented to the City by Civil Service employees is a violation of ordinance, charter or Civil Service rules" we beg leave to call to your attention our Rule 31, which reads as follows:

"RULE 31.

"*Participation in Politics.*

"Persons in the Classified Civil Service, while retaining the right to vote as they please and to express privately their opinions on all political subjects, shall take no active part in political management or in political campaigns involving the election of any person to office, except that this rule shall not be held to debar any such person from being a candidate for public office. Violation of this rule shall be deemed an act of insubordination and a ground for suspension or dismissal in accordance with the provisions of Section 12, Article XIII of the Charter."

If the machines referred to in your said letter are operated by Civil Service employees as well as rented by them to the City we believe that the employees involved are violating the spirit, if not the letter, of the provisions of the above Rule 31. If the employees involved are members of the Police or Fire departments they are violating the provisions of the City Charter. We know of no city ordinance that prohibits participation in politics by city employees.

Yours respectfully,
CIVIL SERVICE COMMISSION.
JAS. J. MAHER, Secretary.

Havenner's Statement for the Record.

San Francisco, November 7, 1927.

Mr. Chairman, I rise to a question of personal privilege. At the last meeting of this Board of Supervisors the Mayor of San Francisco formally charged that my election to the office of Supervisor was illegal, that my present occupancy of the office was illegal and that the votes which I have cast as a member of this Board of Supervisors were illegal and would invalidate all of the bond issues and other financial transactions of the City and County government in which I have participated. In support of these charges the Mayor declared that I had not been an elector of the City and County of San Francisco for the five years next preceding my election, as required by the Charter, and in support of this charge he cited the fact that I was not registered to vote in San Francisco during the two years prior to 1923. At the time the Mayor made this charge to you, my colleagues on the Board of Supervisors, I replied that registration was not necessary in order to preserve the legal status of an elector. The Mayor declared that registration was essential, that he had been so advised by the Registrar of Voters of this City and County, and that the Registrar of Voters had further advised him that in his opinion my election was clearly illegal.

It seems almost incredible that the Registrar of Voters of San Francisco should be so ignorant of the laws of this State which define the qualifications of an elector as to have made the statements attributed to him by the Mayor. However, in justice to myself and for your information, my colleagues on the Board of Supervisors, I desire to state now that I made a most careful and exhaustive study of my legal status as an elector and my qualifications as a legal resident of San Francisco before I filed my candidacy for the office of Supervisor two years ago. I was advised then by some of the most competent and experienced attorneys in this City, including the Chief Deputy and Attorney for the Department of Elections in this City and County, Mr. Cameron King, that I was clearly within my legal rights in becoming a candidate for Supervisor, and that my election would be sustained by law. I desire now to read to you the requirements of the Charter of the City and County of San Francisco which define the qualifications of a Supervisor.

I desire now to read into the record the decision of the Supreme Court of the State of California

covering all of the issues that have been raised by the Mayor with respect to the qualifications of an elector and the qualifications of a Supervisor. This case is Bergevin vs. Curtz, 127 Cal. Reports, page 86, judgment rendered by the court sitting in bank.

I desire now to read into the record the official numbers of my income tax statements for the years 1919 and 1920, which are on record in the office of the Collector of Internal Revenue in San Francisco. The number of my income tax statement for the year 1919 is 618,-419. This was filed by me in the office of the Collector of Internal Revenue on March 15, 1920. The record shows that on that date I made affidavit that my legal residence was at 845 Bush street, San Francisco. The number of my income tax statement for 1920 is 25,-519. The record shows that at the time I paid this income tax I made affidavit my legal residence was 715 Bush street. This affidavit was filed in the office of the Collector of Internal Revenue on March 15, 1921. Both of these statements were subscribed and sworn to by me long before I ever dreamed of running for Supervisor in San Francisco. Never thereafter did I establish a legal residence anywhere else than in San Francisco and it has always been my intent to remain a resident of this City and County.

The law and the facts which I have submitted to you herewith prove conclusively that the charges made by the Mayor of this City against me were false and I believe them to have been made maliciously as a political reprisal for certain actions of mine while a member of this Board of Supervisors. Speaking again on the question of personal privilege, I declare the charges made by the Mayor to be false, malicious and slanderous, and I defy him and his political bosses, Mr. Herbert Fleishhacker, Mr. Gavin McNab and the Market Street Railroad Company to test the charge in court.

In re Charge of Illegality of Election of Supervisor Franck R. Havenner.

Supervisor Schmidt: I do not believe there is anything before the Board.

The Clerk: The Street Committee presents the resolution——

Supervisor Colman (interrupting): I just want to make a very brief statement: that I do not want to take any part in any of this matter that Mr. Havenner brought out, and as to this "boss" stuff that he brings up, I think that is all bunk. But, however, independent of all that, this is the way I feel on this question: Mr. Havenner was elected by the will of the people of San Francisco and I reserve my right, of course, to differ with Mr. Havenner as vigorously as I think the occasion needs on any matter of public policy that may come up. On the other hand, I hope that Mr. Havenner is seated here legally, and I hope Mr. Havenner will continue to sit out the term to which he was elected by the will of the people of San Francisco. I would like to be excused, I want to go to an appointment. (Applause.)

Supervisor Byington: I was going to say that the statement of the Mayor was predicated upon the fact, as I understand it, that he had scanned the directories of this city, or had them examined, and they did not show that the Supervisor had been a resident of San Francisco. That is involved as well as the matter of an elector which I, prior to the reading of that decision, believed meant a man who was registered as distinguished from a man who was a resident. Now, you must be both a resident and an elector, apparently, of the City and County of San Francisco. The Mayor, I think, in all fairness, stated that the directories of this City, both telephone and business directories, did not show that Mr. Havenner was a resident of San Francisco within the five years required under the Charter. Now, for that reason, I do not think that it was improper for the Mayor to make that statement, that is, if I had found out that Mr. Havenner had been registered in the City of Oakland, for instance, for two years, then the following two or three years in the City of Berkeley, if I then scanned the registeries of San Francisco, and the directories, and found that he had never been in the directory, either the telephone or the business directory, it seems to me that it would be a fair conclusion on my part that he was not qualified, under the provisions of the Charter. So I do not think that the facts show that there was any malice on the part of the Mayor. (Applause.)

Supervisor Havenner: Mr. Chairman, I want to say to the Supervisor that the Mayor knew, and so stated, that during those two years I was physically in Washington, that I was employed there as an employee of the United States Senate, a government employee. I

spent all of that time there on that service. It was not physically possible for me to come back to San Francisco during those two years, and I was not here physically at any time. But I did change my home and all of my personal effects and, with a contribution of my money, moved them from Berkeley to San Francisco in 1919, and, naturally, my name was not in the city directory because I was not physically here.

Supervisor Byington: Then I would say this, as a matter of law: it is presumed that your residence, that is, if you went to Washington and you were a resident of Berkeley when you left here, or a resident of Oakland, you could not have claimed San Francisco as your residence until you returned to take up a residence here. Now, if I looked in the directory and found that a man was a resident of Berkeley in 1920, and he went to Washington as a secretary of a Senator or a Congressman, the law presumes that he retain the residence of the place from whence he went, and it was to be presumed in law if you were a resident of Berkeley or Oakland in 1920, and then went to Washington and remained there two or three years, that you were still a resident of either Berkeley or Oakland where you were registered. You could not mentally, when you were in Washington, having claimed your residence in Berkeley, say that your residence was in San Francisco because residence is both a mental and a physical act, you must be in the place or have been in the place with the intention to make that your residence. So I say, the presumption of the Mayor was perfectly fair. Now, there are decisions too in other States to the effect that an elector—here is the distinction between a voter, an elector and a resident. The voter is a man who has voted in other states—the elector is the man who has registered and does not vote, the resident may neither be registered nor have voted.

Supervisor Havenner: But I made an affidavit, as I have read to you, at that time, long before.

Supervisor Byington: He did not know anything about those taxations.

Supervisor Havenner: I understand you to be arguing on the question of fact.

Supervisor Byington: No, I am arguing on the question of your stating that the Mayor, in your opinion, made a malicious statement. From the facts here, I would have reasonably made the same deduction that you did, and I do not think there is the least bit of evidence——

Supervisor Havenner (interrupting): Would you have made the statement publicly before investigating or inquiring of me?

Supervisor Byington: I would have said, from my looking up the matter of the residence, that I did not believe that the Supervisor had been a resident of San Francisco at that time, and I would not have said it maliciously.

Supervisor Havenner: I have submitted the facts, and I am willing to have them tested.

Supervisor Schmidt: That is what I was going to state, the court is not here, let us go on with our business.

In re Circular Mailed by Assessor to Voters.

After the transaction of other business the following proceedings were had in relation to a circular mailed by the Assessor to voters:

Supervisor McSheehy: Mr. Chairman, as you know, I would like to rise to a question of personal privilege at this time, and I will be as brief as possible. I have prepared it in writing, the statement that I have to make. "The action of the Assessor in sending out to voters a fake tax bill containing fake facts and figures did incalculable damage to the citizens' efforts to bring about savings in taxes for the people. We have worked on this Board long and hard to save our people money in taxes; we have striven to show to the world that we are getting our fiscal matters in a healthy condition, so that outside capital may be attracted. We are doing today what Los Angeles did twelve years ago. We are doing today through the action of this Board what the people of Alameda have already ordered through direct vote of the people. Along comes the Assessor and, with fraud and deceit, tries to kick the people's work into a cocked hat. The fact that I am a candidate for Assessor is not going to keep me from seeing that the Assessor's false and misleading statements are recalled. Consistency demands it. I read this at this time on this floor because I knew that the present Assessor was losing the taxpayers' money when he should be saving it. I would be a coward now if I did not stand up and insist that the Assessor recall and correct his misleading and bogus tax bills as this Board has requested him to do. Gentlemen, he is laughing at this Board and the work that we

have tried to do for tax savings; he is laughing at the people who are paying him his salary. This Board asked him to recall and correct the faked appraisal bills he has sent out. He met our request by sending out faked bills and tax statements. They were worse than the first. This is an attack on the integrity of this Board and an insult to the people. If we are going to let this man lie about one of our most important public works, namely, the work of tax saving; if we are going to let him mislead the people as by official acts that we have found out he has misled them, we might just as well quit our jobs. His figures are false and he knows it. His statement was false and he knew it. This Board found that both were false. I repeat that he should be made to retract.

That is rather a severe statement, members of the Board, to make, yet it is positively correct and is true. Every line of it is true. I have here, and I dare say every member of this Board has received this during the week, a circular headed "Land Reappraisal." It is in the form of a circular that has been sent to every taxpayer. It has a serial number and it is misleading. Now, this particular one says "Assessed valuation of this land, as set out by Assessor Wolden, $250 valuation of this land for assessment purposes, set by the McSheehy reappraisal bureau $1,000." Now, my friends, at least my colleagues, I have said my friends, to be very frank with you, because, during the week I have addressed a great many bodies of people, and no matter where I went I brought up this particular document because I feel that this Board was entirely ignored last Monday when, by a resolution of this Board, the Assessor was instructed not to send out this document. Now, he sent it out, and he sent it out for but one purpose and that purpose was to mislead. It was a political trick. You may say, all is fair in war and politics, well, perhaps all is fair in war and politics to some degree, but deception is never fair, at any place or at any time, and it is deceiving when one sees "Valuation of this land for investment purposes by the McSheehy Reappraisal Bureau." There never was a McSheehy Reappraisal Bureau, and therefore, when a man attempts to send out a document of this kind, and he a city official, I feel that that man is not treating the citizens of San Francisco right, because a document of that kind, where it is positively untrue and a statement that is not right, I say it is misleading, and I say the Assessor should be censured for it. A week ago today we passed a resolution requesting him not to send this out. Now, members of the Board, at this time I would ask that the Assessor be sent for, and I would ask that the Assessor be sent for because I, personally, want to ask him why he ignored the resolution of this Board. Would you instruct the Sergeant-at-Arms?

The Chairman: The Sergeant-at-Arms will call for the Assessor.

Supervisor Marks: Is that just on the demand of an individual, or is this a legislative body?

Supervisor Schmidt: I will second the motion to have the Assessor sent for.

Supervisor McSheehy: I will make it as a motion, that the Assessor be sent for and asked why he did not respect the resolution passed last Monday. I will make that as a motion.

The Chairman: Do I hear a second?

Supervisor Powers: I second the motion.

The Chairman: You have heard the question, are you ready to take a vote?

Supervisor Byington: Of course, I am not concerned in the fight of anybody, so far as the action of the Board of Supervisors is concerned, but I cannot vote in favor of a motion that I consider out of order, that is, we have no right to send for any public official and ask him to come and make a statement. I do not know of any power by which we can send for an official and, in my opinion, it is entirely out of order. It would not make any difference to me who the official was, I would raise the point of order that he was out of order. We can courteously ask any public official to come here and make a statement, but we have no right to order anybody here. Now, if he wants to request the official to appear, why that is up to him.

Supervisor McSheehy: I do not wish to get into a debate similar to last Monday's on this matter. Do I understand, Supervisor, that you have no objection if the Chairman requests the Assessor to come here this afternoon or now?

Supervisor Byington: No, I have not any objection if, at the request of any member of this Board, he desires a public official to come here and we can send word that he is requested to come here.

Supervisor McSheehy: I will change my language then, with the consent of the second, I would re-

quest that the Sergeant-at-Arms ask the Assessor, if he is in, to come here.

Supervisor Marks: For what purpose, Mr. McSheehy?

Supervisor McSheehy: For this purpose: this Board passed a resolution last Monday—I will have the Clerk read the resolution—this Board passed a resolution last Monday and it requested the Assessor to comply with a certain wish of this Board. The Assessor ignored that entirely, and I want to ask him the reasons why he ignored it, that is all.

Supervisor Marks: Gentlemen, I am going to protest against any move, whether it be denominated a demand or a request, that Mr. Wolden be asked to come into the Board of Supervisors and engage in a political debate with Mr. McSheehy concerning the respective candidacies of the two men. That is the long and short of this move. This, as I said last Monday, and I repeat now, is a legislative body, we are not concerned with the fate or success of any candidate for public office, except as individuals. And I think it is highly improper for this Board to be taking up its time, which should be devoted to the City's business, to engage in some debate between Mr. McSheehy and Mr. Wolden, or the adherents of Mr. McSheehy and the adherents of Mr. Wolden as to who should be elected Assessor at tomorrow's election, and, therefore, whether it is politely put or impolitely put to Mr. Wolden the effect is to be the same. We are to issue certain criticisms and strictures as to Mr. Wolden's campaign utterances, and we are to give a clean bill of health to Mr. McSheehy's campaign utterances, and I think it is not reflecting credit upon this Board. I therefore will vote against any move, no matter in what language it is framed, that will bring about a political discussion in the Board today concerning the election tomorrow. (Applause.)

Supervisor Powers: I would like to ask you a question: Do you know of any document that ever went through the city government called "The McSheehy Appraisal"?

Supervisor Marks: No, and I am inclined to agree with you, Mr. Powers, that the appraisal is more properly called "The Stafford Appraisal."

Supervisor Powers: No city official should send out any document called "The McSheehy Appraisal" without adding the names of the other seventeen members of the Board of Supervisors.

Supervisor Marks: It is just as inaccurate as Mr. McSheehy's statement all over San Francisco that he reduced the taxes, I mean by that, not as to whether there was or was not a reduction of taxes, but I thought all along, Supervisor Powers, that you and I and a few other men who were elected two years ago in the month of November had, I am quite sure that we all had, a vote on the reduction of taxes.

Supervisor Powers: I agree with you on that.

Supervisor Marks: I do not know that rules of this Board have been so amended that, despite the fact that there were eighteen members, that one man by his vote would have the effect of reducing the taxes of all the citizens of San Francisco. And I will demonstrate to you, moreover Mr. Powers—and I am not debating with you as you know—but I think we can demonstrate, if we have the campaign statement of Mr. McSheehy, or rather the statement that is contained in the official pamphlet that goes out to the people, I think I will demonstrate that what Mr. McSheehy said, in Mr. Wolden's statement, is an unfair and untrue and false set-up of figures is practically in the same set-up that Mr. McSheehy has in his statement. I will demonstrate that to you.

Supervisor Powers: Don't you think if this Board of Supervisors passed a resolution last Monday ordering a city official here, don't you think he ought to appear?

Supervisor Marks: We have no right to order a city official here except to answer to our Board concerning official city matters in which the whole people, regardless of their political point of view, may be interested. But we have no right to order Mr. McSheehy's antagonist in this election to appear before a body of which he is a member, and order him, upon his motion, to come in here and face his opponent in a political campaign, and to be subjected to perhaps abuse and attack and subjected to statements in this Board to go out to the people of San Francisco as arguments against his election. Why, it is the most preposterous thing I have ever seen in a legislative body, and you know, Supervisor Powers, as I said last Monday——

Supervisor Powers (interrupting): We all don't agree on that.

Supervisor Marks: I know we do not agree, but I am merely expressing my point of view, and I gladly respect yours, Mr. Powers.

Last Monday I said and I will repeat it now, that two years ago Mr. McSheehy was in a minority on this Board and, prior to the election, he issued certain campaign statements against the then majority.

Supervisor Powers: Didn't that help you on your election?

Supervisor Marks: You and I do not seem to meet. What I am trying to get to——

Supervisor McSheehy (interrupting): May I rise to a point of order; if Supervisor Marks wishes to ask Supervisor Powers a question, all right, and if Supervisor Powers wishes to ask Supervisor Marks a question, all right, but which ever one of the two gentlemen has the floor, why let them make their own statement.

Supervisor Marks: Then I will ask Supervisor Powers this question.

Supervisor Powers: Make it a question and do not make it a lawyer's statement.

Supervisor Marks: I will try to couch it in English that may be clear to you, Mr. Powers. Well, I could not ask Mr. Powers the question, he is not a candidate in this election and, after all, this is not a legislative matter——

Supervisor McSheehy (interrupting): Ask me any question.

Supervisor Marks: Mr. McSheehy, if a motion had been made two years ago prior to the election of 1925, by some one then in the majority group, to condemn your campaign utterances and have this Board, as a Board, go on record in the condemnation of the campaign utterances of James B. McSheehy, who was then a candidate for election to the office of Assessor, would you have tolerated that for a moment?

Supervisor McSheehy: I would answer that to this degree, Supervisor, first of all, I am not condemning the utterances of any member of this Board, that is No. 1.

Supervisor Marks: He is a public official.

Supervisor McSheehy: And, secondly, if the particular party made certain statements that were true, positively true, why, that is another matter. Supervisor Marks, it is a hard matter to overcome the truth. The truth is the truth and I will take your word now, and that is simply this: your own statement, a second ago, you made the statement yourself that there is no such a thing as a "McSheehy Appraisal."

Supervisor Marks: Officially.

Supervisor McSheehy: Officially, there is no such a thing, but yet this official sent this out. Now, secondly, Supervisor Marks, let us be consistent one with the other, requests are made here, day in and day out, for officials to come here and give this Board information, and I am asking you to, with all fairness to Supervisor Byington, in all fairness, and Supervisor Byington is fair enough in this matter, to request, and that is all I am doing, is requesting the Assessor to come here. Now, I want to say this to you, Supervisor Marks, if you think that I am going to propound questions to the Assessor that will embarrass him you have another guess coming.

Supervisor Marks: What is your purpose in bringing him here?

Supervisor McSheehy: Just simply to ask him the question now, that is all, and now you, as an attorney—and I am not saying you are his attorney, but you as an attorney—and you as a Supervisor, naturally, are going to object. Now, I do not want anything from the chair in any decision only what is fair, and I have no desire—now I have gone through this campaign with Mr. Wolden and I have never embarrassed Mr. Wolden. If anyone has been embarrassed, I am the man that has been embarrassed, but I am not going to attempt at this ninety-sixth hour to embarrass Mr. Wolden. I am not inclined to embarrass people.

Supervisor Schmidt: I would like to see the chair make a ruling upon this matter so we can get through this calendar.

Supervisor Marks: I am raising no point of order, I am arguing against the motion.

Supervisor Schmidt: Supervisor Marks has taken the floor at least five times.

Supervisor Marks: I am going to take the floor ten times if this Board is going to be used in a political campaign.

The Chairman: I have got you two times on the same subject.

Supervisor Marks: Now, Mr. Chairman——

The Chairman (interrupting): I will do the same with everybody.

Supervisor Marks: We are going to debate this as to the propriety of bringing this into the Board at all. I think it is not proper here at all. Mr. McSheehy says that that statement, sent out by Mr. Wolden, is false. If he will read his campaign statement sent out to every voter, he will see that it follows

the same formula that Mr. Wolden follows, only he selected figures that were favorable to him. Now, I think this Board has no business to take part in a political campaign. I am raising no point of order.

The Chairman: Does the chair understand correctly that this request must go to a vote?

Supervisor Marks: Yes.

Supervisor Harrelson: I am exceedingly sorry that the Supervisor has injected this motion into the proceedings before the Board this morning. I think they are entirely out of order and have no place in our deliberations. I recall two years ago when we were branded as the "McLeran Board of Supervisors." I recall very distinctly that some of my colleagues, including myself, were caricautred in the newspapers, and I was at the end of a tow line, the other end of it was hitched to Ralph McLeran. Now, I did not believe that that was exactly a fair statement, but I heard no motion on this Board to condemn the newspapers for making such a statement. I am not concerned in anybody's campaign for a political office at this time, either for or against Supervisor McSheehy or Assessor Wolden. I think these proceedings are entirely out of order and should have no place in our deliberations this morning, and I am absolutely opposed to their being injected into the proceedings at this time.

Supervisor Colman: It seems to me that if there is any merit in Supervisor McSheehy's motion, if he feels that the people have been mislead in anyway regarding the appraisal, there is ample time after the election when that time comes up, then the question may be worthy of consideration, but, with due respect to the gentleman, it seems to me—I would rather he would say, Mr. Chairman, we have no quorum without——

The Chairman (interrupting): It goes into the record.

Supervisor Colman: I was saying that if the Supervisor is actuated entirely by the desire to put the matter clearly before the voters in case there is any misunderstanding in the figures there is still ample time. But coming as it does now, on the eve of an election, it seems quite plain to me, at least, that it is a political matter and it does not belong before the Board of Supervisors. I would not object at any time to requesting the presence of an official, but to be a party to this would be to be a party to one side of a question and of a candidate's campaign. I would not ask it for myself as a candidate, and I certainly will not allow the Board to be used in that way. I voted against the resolution last Monday, I voted against all matters that I thought were of a political nature that would attempt to use the legislative body of the city in a manner that would reflect discredit upon it. So this seems quite plain to me that this is a question that has to do with one man's candidacy over another, and I am going to vote no.

Supervisor Schmidt: Mr. Chairman, a motion was passed last week requesting Assessor Wolden to be present here and he failed to respond to that request, or he happened to be out. Now, I believe that, as long as the motion has been passed, let the request be made by the Board, and if Mr. Wolden desires to com here, and if he don't, all well and good. Now, I see where Mr. Marks has sent out for a statement of Mr. McSheehy's that is going to be brought in on the Board which contradicts the very stand that he has stated. Now, I say that I was one Supervisor who helped to reduce the taxes, and I think the record so shows. And I do not believe that Mr. McSheehy, if he has used it, should have used it, and he should have included the entire eighteen members of the Board. But I believe in being fair on this thing, but if we are going to talk on one side, let us get Mr. Wolden up here and let us get his views. I do not believe Mr. Wolden has the authority to say that it is a McSheehy appraisal. Everyone of us voted for that appraisal. I think that statement there is wrong. I have not taken sides one way or another in the campaign for Assessor. I have in another campaign, but I am stating this: that I believe that if he stated that it is a McSheehy appraisal it is false and wrong and it is not a proper thing to send through the mails to the voters. If Mr. McSheehy stated that he was the only one that reduced taxes, I say that is wrong also. Let us get them both on record as to what took place.

Supervisor Byington: I merely want to state, in regard to my explanation of my vote. It is said by people here that we frequently send for public officials. Of course, if there is a matter, regularly upon the calendar here, business properly before this Board, and some Supervisor does not understand it,

then it is proper to send for the official and ask him to come here to explain what is regularly upon the calendar, but we have not anything on the calendar that this motion appertains to, and I myself am opposed to the Board making the request. If he wants to make it as an individual, he may do so. As one member of the Board who voted against sending for Mr. Wolden last week, I think this is not a matter that belongs before this Board. That was last week. I think this is a bad mixup for this Board to get into, and, therefore, I am going to vote against the request of the Supervisor.

Supervisor McSheehy: I do not want to take up the time of this Board at this particular time.

Supervisor Schmidt: Supervisor McSheehy, the message has gone out. I do not think any great good can come about by having us waste some of our time here. I know, like I stated on the floor a moment ago, the statement was false when he quoted it as to the "McSheehy Appraisal". Now, I do not know what good you are going to accomplish by keeping our Board in action here and sending for Assessor Wolden when, most likely, he won't respond anyhow. If he does, I think he is foolish. But there is no good going to come out of this thing. I voted for the resolution last week, just merely for the quotation that was made on the "McSheehy Appraisal". But the mail has gone out, you cannot bring it back any more, and it is just a matter of good time being lost on the Board. I believe that Supervisor McSheehy should let this thing go by and let us get along with the work of the Board.

The Chairman: If the chair understands correctly, why Mr. McSheehy can close on behalf of his motion.

Supervisor McSheehy: May I say this, and I say this in all fairness, and I would particularly——

The Chairman (interrupting): You are closing?

Supervisor McSheehy: I say this to you. I would particularly like to address myself to Supervisor Byington, just taking his own words in it. Now, all I am doing is requesting. I am simply requesting, Supervisors, and I say this to you as a colleague on this Board, and I will take Supervisor Marks' own words for it, and I do not care about getting in a debate, because if we do it will be a long debate and perhaps it will get none of us any place, but all I am doing here this morning is simply requesting. Now, here is the resolution that was passed: "The attention of the Board of Supervisors was called yesterday to a printed circular bearing the typed signature 'Wolden Campaign Committee.'" This was passed by the Board of Supervisors last Monday. "Which the Board was informed is about to be sent out to the voters of San Francisco. On motion of Supervisor Gallagher the Board requested that your correct misleading statements in such circular before it is sent out, or if it has been sent out, to send out correct statements. Also was added the request that in comparative statements between the official assessments and the Stafford appraisal that you publish the Assessor's true values upon which assessments are based. As soon as the stenographer transcribes the statement made, I will forward it to you for your information, and to indicate the corrections the Board deems you should make. Sincerely yours, John Dunnigan."

Now, members of the Board, this was sent to Mr. Wolden last week. I told you at that time I did not know, I had information to the extent that this paper would be sent, and I did not know and I could not make a positive statement. But during the week he sent them out. The following morning, the very following morning they were sent out, because friends of mine received them, and during the week they were sent out for the entire week. The man might have sent out 50,000, I have no knowledge of the amount, but I imagine there was something like that sent out. Now, what am I asking here this morning? I am simply requesting that the Assessor be sent for and I want to ask him why he ignored the purport of this resolution. Now that is all I have to say. Now, I am not going to attempt to embarrass the Assessor. If the Assessor cannot be found, I cannot help that. We are sending for him and that is all I am asking for, and there is scarcely a Monday goes by that something is not asked for from some city official, the Auditor, the City Attorney and sometimes the Treasurer, the Chief of Police, they have all been sent for, for information. Now, why have certain Supervisors gotten up and tried to call this an entirely political move? I happen to be a candidate for the office. It just happens to be, and certain Supervisors that are right here today—I do not know their attitude now—but I do know in the

past they were friendly to my candidacy, in fact, I spoke to some of them before I ever entered the contest. But you have nothing to deal with but this and this is a Board matter. Now, that is all I am requesting. Supervisor Byington, in a friendly manner, said that he would have no objection to a request being made, but not a demand.

Supervisor Byington: I said you, as an individual, might make a request, but I could not vote in favor of a request from the Board.

Supervisor McSheehy: I will take your language and modify my motion that we request it.

Supervisor Marks: That you request, Mr. Byington said, you as an individual make all the requests you want, but this Board, as a legislative body, cannot make any such request.

Supervisor McSheehy: I made it as a motion and it has been duly seconded, and if the majority of this Board votes for it, of course, the Assessor will be requested to come here.

Supervisor Marks: There is no question about that, if you have the votes, you can put through the motion.

The Chairman: Call the roll.

Supervisor Badaracco——

The Chairman (interrupting): One second, does everybody understand what they are voting on? There are some late arrivals—go ahead.

(Roll call continues.)

Supervisor Byington: No.
Supervisor Colman: No.
Supervisor Badaracco: Absent.
Supervisor Deasy: No.
Supervisor Gallagher: Absent.
Supervisor Harrelson: No.
Supervisor Hayden: No.
Supervisor Havenner: Yes.
Supervisor Kent: Yes.
Supervisor Marks: No.
Supervisor McSheehy: Yes.
Supervisor Powers: Yes.
Supervisor Roncovieri: Absent.
Supervisor Schmidt: Yes.
Supervisor Shannon: Absent.
Supervisor Stanton: Yes.
Supervisor Todd: Yes.

Supervisor Marks: I change my vote no to aye.

Mr. Chairman: Announce the results.

The Clerk: Eight ayes.

Supervisor Marks: And I give notice that on the next legislative day I shall move to reconsider the vote whereby this motion was carried. Announce the result, Mr. Clerk.

The Clerk: Eight ayes, five noes.

Supervisor Schmidt: I believe that is a very unfair procedure to block a motion on this Board. Now, I believe that if Supervisor McSheehy is right, that he should refer to last week's resolution whereby this Board went on record, with no motion for reconsideration, and ask, from last week's resolution, that he be sent for here today, following up the resolution of last Monday.

Supervisor Powers: I want to concur in those remarks.

The Chairman: What have you to offer anything that can remedy it?

Supervisor Powers: It is all right, some day chickens come home to roost at all times. The shoe might be on the other foot some day, Supervisor, and when the shoe is on the other foot, not particularly with Supervisor McSheehy, there is no such thing in any resolution that was ever passed before the Board of Supervisors as the "McSheehy Appraisal." It was the Stafford Appraisal that each and everyone of us voted for. To make this statement that what this Board of Supervisors does on the eve of any election—he should be censored for it and be censored by this legislative body because there is no such thing on the books as "McSheehy Appraisal." Some day the shoe might be on the other foot, not because it is on McSheehy's foot today, but it might happen to any other individual of our colleagues here that he would have the same legitimate kick coming, and some day chickens come home to roost; it might be on the other foot.

Supervisor Marks: What is the next matter, Mr. Chairman?

The Chairman: There is nothing before the Board.

Supervisor Havenner: I just want to call attention to the fact that by Supervisor Marks' quite remarkable interference in this matter, which is entirely in order and entirely in support of a previous action of this Board, he is very inconsistent. The Supervisor, as I understand it, interposed the objection that no investigation ought to be made by this Board of a matter affecting the action of this Board, and a very important action of this Board, because a political campaign is in progress. But the Supervisor has been industriously investigating another department of the city government himself all during the time that this campaign has been in existence. I heartily approve of that action, but he is absolutely inconsistent in blocking this move now, and if there ever

was a political move made on this Board, it is the one that he has just made.

Supervisor Marks: If we are going to indulge in some post mortem as to the result of the last vote, I propose to take part in the discussion.

The Chairman: As long as you have been mentioned, go ahead.

Supervisor Marks: May I have a copy of that statement of Mr. Wolden's? I propose to show this Board that Mr. Wolden's statement, if false, is absolutely proof that Mr. McSheehy's statement, sent out at public expense to every voter in San Francisco, is false, and I propose not to make up any figures, but to give Mr. McSheehy's own figuers. Mr. McSheehy, on page 13 of the campaign statement that he sent to every voter as the argument in favor of his election, says this ——

Supervisor McSheehy (interrupting): May I correct you? In the first place I paid for that statement and it is not at the public expense.

Supervisor Marks: You paid a nominal amount.

Supervisor McSheehy: I paid the amount requested by the Registrar of Voters.

Supervisor Marks: You paid a nominal amount.

Supervisor McSheehy: So I would say at this time, let the speaker tell the truth, and I ask that in the very first part of it.

Supervisor Schmidt: Mr. Chairman, may I have the floor?

The Chairman: Mr. Marks has the floor.

Supervisor Schmidt: You do not know what I am going to say.

The Chairman: Mr. Supervisor Schmidt, sit down. Go ahead.

Supervisor Marks: Now, Mr. McSheehy wants me to tell the truth, and I cannot guarantee the truth of these statements except that they are made by Mr. McSheehy, and I assume that he is stating the facts taken from the public records. He says, "Incompetence and political favoritism lead to such inequitable assessments as these: No. 1, the St. Francis Hotel, improved, appraised, $6,420,000; assessed $2,413,000, about 37 2/3 per cent." Mr. Wolden, taking this particular case, says, "Assessed valuation as set by Wolden, $250; valuation of this land for assessment purposes set by McSheehy Reappraisal Bureau"—we will refer to that as the Stafford Reappraisal Bureau——

Supervisor McSheehy: You refer to it as the statement calls for.

Supervisor Marks: I am saying you want to——

Supervisor Havenner (interrupting): You voted for it.

Supervisor Marks: Now, I am going to finish this statement.

The Chairman: Go ahead, you are pretty good at it, go ahead.

Supervisor Marks: "Valuation of this land for assessment purposes set by McSheehy Reappraisal Bureau, $1,000." The result, the intention there of Mr. Wolden is to call the attention of the people to the fact that the assessed valuation is $250, and that in the Reappraisal Bureau it was set down for $1,000, showing a disparity between the two figures. Mr. McSheehy——

Supervisor Havenner (interrupting): What was that you just quoted? Is that the St. Francis Hotel?

Supervisor Marks: Yes—no; the two parcels I am showing you, the two methods pursued by the two men. They sent out to the voters two comparative series of figures, in one case the appraisal as against the present assessment, and in Mr. McSheehy's case the appraisal as against the present assessment, showing a disparity in each case. The Emporium, according to Mr. McSheehy's statement, is appraised for $7,016,000, assessed $2,368,000, about 33 2/3 per cent. In other words, the assessment is only two-thirds of what the appraisal is.

Supervisor Havenner: One-third.

Supervisor Marks: One-third. Mr. Wolden, in one statement, sets out, as I understand it, the assessed valuation of the land, according to the official assessment, as against the figures set out by the Reappraisal Bureau.

Supervisor Stanton: What objection have you to let Mr. Wolden come up and make his own explanation?

Supervisor Marks: I would not have taken the floor again if it were not for the fact that Mr. Powers called attention to the fact that some chickens are coming home to roost. Mr. Havenner had some comments to make upon that after the vote had been carried, after the vote had been put. Now, I submit, Mr. Chairman, that the thing that Mr. McSheehy tried to convey to the voters is that, taking several large holdings, the assessment is out of proportion to the appraisal, and compared those two sets of figures, and that is precisely what Mr. Wolden has done. Now, that being the case, Mr. Chairman, I ask you frankly, and members of the Board, frankly as men, there

is no result of a legislative nature to take place resulting from this vote. And for Mr. McSheehy to say that it is a mere circumstance and coincidence that he happens to be a candidate, eight or nine hours before the polls open for voting, or twenty-four hours before they are opened for voting, I say it is using this Board without due regard to its real legislative character.

The Chairman: If there is nothing before the Board, we will proceed with the calendar business.

Supervisor McSheehy: At this time, since my good friend Supervsor Marks, the attorney for the Assessor, so zealously defending the Assessor—I only wish that he was defending the Assessor before some large block of voters because his defense is so poor that I feel that he would not be a really proper attorney for the Assessor. But as he has attempted to defend the Assessor in the way that he is defending hm here this morning, and as he has drawn around himself and taken advantage of a technicality pertaining to our rules, especially in the absence of the majority of this Board, in rising and reconsidering the motion, I want to say that it is anything but good sportsmanship on his part, but that it is simply the part of a sore loser who is endeavoring to draw around him every subterfuge that he can to protect his client. And I simply say this, therefore, sometimes you have to deal with fire, no matter how hard you try, and not use subterfuges and use methods that others will continually use. Different men have different ways of fighting. Some fight right out in front and some fight from underneath. So the Supervisor has at this time taken upon himself the advantage that he has as a Supervisor, in rising and voting, at least in rising to a vote of reconsideration. Therefore, as he has taken that advantage, I will make a personal request, as a member of the Board of Supervisors, that Mr. Wolden be requested—now I am not even going to use the word "demand." I am going to take Supervisor Byington's modified word, the fair way, and I want to say that the Supervisor, and I won't even attempt to use that harsh word "demand," and I will simply request, as a member of the Board of Supervisors, that Mr. Wolden be sent for. I make that as a request, Mr. Chairman, and you, if you wish as presiding officer, can ask the Sergeant-at-Arms to request him to come. . . .

The Chairman: For the information of the Board, Mr. McSheehy, the Sergeant-at-Arms brings back word that the Assessor is not available and that he is out somewhere looking at property.

Supervisor McSheehy: Can I ask that the Sergeant-at-Arms again request, if he is out, that he be telephoned to, if he has left with his office word where he can be located?

The Chairman: All right.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Spur Track Permit, Atchison, Topeka and Santa Fe Railway Company.

Also, Bill No. 8287, Ordinance No. —— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Atchison, Topeka and Santa Fe Railway Company to construct, maintain and operate a spur track in and across Rhode Island street and across and along Fifteenth street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Atchison, Topeka and Santa Fe Railway Company to construct, maintain and operate a spur track in and across Rhode Island street and across and along Fifteenth street as follows:

Beginning at a point in the center line of an existing track of the Atchison, Topeka and Santa Fe Railway Company and Southern Pacific Company in Rhode Island street in the City and County of San Francisco, said point lying 16.00 feet easterly from the western line of said Rhode Island street and 129.13 feet northerly from the northern line of Fifteenth street produced across said Rhode Island street, thence southerly over and along said Rhode Island street on a curve to the left having a radius

of 235.65 feet, a distance of 45.09 feet, to a point lying 58.63 feet westerly from the eastern line of said Rhode Island street and 84.05 feet northerly from the said northern line of Fifteenth street produced across said Rhode Island street; thence southeasterly over and along said Rhode Island street and said Fifteenth street on a curve to the left having a radius of 171.02 feet, a distance of 283.10 feet, to a point lying 24.15 feet northerly from the southern line of said Fifteenth street and 37.22 feet westerly from the western line of De Haro street produced across said Fifteenth street; thence easterly over and along said Fifteenth street and crossing said De Haro street on a curve to the right having a radius of 171.02 feet, a distance of 54.40 feet, to a point in the center line of an existing track of the A., T. and S. F. Railway Co. and S. P. Company in the center line of said Fifteenth street, said point lying 17.07 feet easterly from the said western line of De Haro street produced across said Fifteenth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that said track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage, is to be paid for by the Atchison, Topeka and Santa Fe Railway Company; provided that the Atchison, Topeka and Santa Fe Railway Company shall erect and maintain all-night lighted arc lamps, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided that said Atchison, Topeka and Santa Fe Railway Company comply with its franchise obligation to pave Fifteenth street between Eighth and Rhode Island streets when requested by the Board of Public Works. It is expressly understood and made a part of this permit that the granting of this spur track privilege does not release said company from the franchise provision that when the curbs are constructed said company, upon demand, will pave the street with a standard pavement.

Section 2. This ordinance shall take effect immediately.

Blasting Permit.

Also, Resolution No. ——— (New Series), as follows:

Intention to Change Grades.

Supervisor Marks presented:

Resolution No. 28049 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 99446 (Second Series) of the Board of Public Works, adopted October 21, 1927, and written recommendation of said Board, filed October 24, 1927, to-wit:

Roanoke Street.

At the intersection of Bemis street, southerly line (for Bemis street), 322 feet. (The same being the present official grade.)

At intersection of Bemis street, southerly line (for Roanoke street), 316 feet.

50 feet northwesterly from Laidley street, 282.64 feet.

Northerly corner of Laidley street, 273 feet. (The same being the present official grade.)

Westerly corner of Laidley street, 271 feet. (The same being the present official grade.)

On Roanoke street between Bemis and Laidley streets be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, NOVEMBER 14, 1927, 10 A. M.

In Board of Supervisors, San Francisco, Monday, November 14, 1927, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd —16.

Absent—Supervisor Gallagher—1.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of July 18, 1927, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Mayor Rolph Receives Ovation.

His Honor Mayor Rolph, who was reelected to the office of Mayor last Tuesday for the fifth time by a tremendous majority, was tendered a rousing ovation when the Municipal Band, augmented to 100 pieces from the Musicians' Union, led by Phil Sapiro, marched into the chambers to serenade him and the victors of the recent election. The band played "Smiles" and was received with resounding applause and great enthusiasm by the crowd which filled the chambers and the corridor.

Mayor Rolph and his "running mate" of the recent campaign, W. J. ("Dick") Fitzgerald, Sheriff-elect, were greeted with hearty applause and cheers from the big crowd. The rostrum was heaped high with flowers.

A prophecy that the next four years would also be a record-breaker for city achievements was made by Supervisor Jesse C. Colman.

Phil Sapiro addressed his congratulations to the Mayor, wishing him continued success, as did Walter Webber, president of the Musicians' Union, who dwelt on the wonderful vote of confidence which his Honor the Mayor received at the hands of the people.

Mayor Rolph, in responding to the greetings, said:

"The people demonstrated by their record vote that they wanted progress, action and achievements at the City Hall, and this Board can do its share to follow the mandate.

"The election is over, and I hope we are all gentlemen enough to follow the true instincts of a gentleman, who has been called a man who never remembers the morning after what happened the night before."

The Mayor voiced his thanks to the 90,900 citizens who had voted for him and thanked the newspapers that had supported his cause. He then introduced Sheriff-elect Fitzgerald, who was given an ovation.

Supervisors McSheehy and Shannon paid their compliments and congratulations to the Mayor and made pleas for cooperation between the Board and the administration, pledging their aid to progress.

Supervisor McSheehy incidentally denied that he contemplated resigning from the Board, but declared that he would not act again as chairman of the Finance Committee.

Calling upon Supervisor Shannon, the Mayor referred to him as "top man." Supervisor Shannon said:

"The work of your administration, Mr. Mayor, has been one of a constructive nature. We must learn to grow with San Francisco; we must give serious consideration to the proper appropriations for the things that are constructive. Keeping taxes down is a fine thing, but if San Francisco is going to be the city that we all hope for it, we must see to it that the proper appropriations are made for the constructive things."

Report of Delos F. Wilcox on Expiring Street Railway Franchises.

Communication, from City Attorney, transmitting report of Delos F. Wilcox on expiring franchises of Market Street Railway Company.

Referred to Finance and Public Utilities Committee.

Committee to Attend Traffic Convention in Los Angeles.

His Honor the Mayor appointed the following committee to attend the Traffic Convention in Los Angeles, convening next week: Supervisors Chas. F. Todd, chairman; Walter J. Schmidt, A. J. Gallagher, Warren Shannon and J. Emmet Hayden.

Letter of Appreciation for Services Rendered "Coos Bay."

The following was presented and read by the Clerk:

Communication, from F. C. Billard, Rear Admiral, U. S. Coast Guard, Commandant, acknowledging with appreciation the resolution adopted by the Board of Supervisors commending the bravery of the Fort Point Coast Guard crews in rescuing crew of the wrecked steamship "Coos Bay" on October 22, 1927.

Ordered *filed*.

Mission Stadium.

The following was presented and read by the Clerk:

Communication, from the San Francisco Labor Council, advising that at its meeting held November 4, by unanimous vote, said organization endorsed the resolution presented by Supervisor Gallagher providing for the acquisition by the City of the recreation grounds at Fifteenth and Valencia streets for the purpose of a future stadium for the Mission district.

Referred to Finance and Education, Parks and Playgrounds Committees.

Tax Collector Bryant Requests Audit of His Books.

Supervisor McSheehy read the following communication:

City and County of San Francisco.
Tax Collector's Office.

November 14, 1927.

Finance Committee, Board of Supervisors, San Francisco.

Gentlemen:

No doubt you have read of the rumors of irregularities in some department of our municipal government in connection with the recent election.

Certain newspapers have seen fit to inferentially connect my name with this unpleasant matter. Should their position be properly defined they have done a great public service. Otherwise they have done me a very serious injustice.

I think in fairness to all concerned, namely: the people of San Francisco, the National Surety Company, writers of my bond, the newspapers and myself, that a firm of certified public accountants be employed at once to audit my books, and I might further suggest that should your funds not permit this audit that I will personally defray the expenses connected therewith.

Very truly yours,
(Signed)
EDWARD F. BRYANT,
Tax Collector.

Mayor Requests an Investigation of Rumors That City Moneys Have Been Improperly Used During the Political Campaign.

The following was presented and read by the Clerk:

Mayor's Office.
San Francisco, Cal.,
November 14, 1927.

The Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

"On the street" and through the columns of the press it is commonly rumored that City moneys may have been improperly used during the recent campaign.

I have no personal knowledge that this is so, but to clarify the atmosphere of these rumors I recommend to your Honorable Board that an appropriation of five thousand dollars ($5,000) be immediately set apart by the Finance Committee for the employment of certified public accountants to examine all offices wherein public funds are held in trust for the City and County of San Francisco.

I make these recommendations under Section 2, Chapter I of Article IV, entitled "Mayor's Duties":

"The Mayor shall vigilantly observe the official conduct of all public officers and the manner in which they execute their duties and fulfill their obligations. The books, records and official papers of all departments, officers and persons in the employ of the City and County shall at all times be open to his inspection and examination. He shall take special care that the books and records of all departments, boards, officers and persons are kept in legal and proper form."

Section 3 of Section 44, Chapter II of Article II, entitled "Finance Committee—Duties and Powers":

"The Board of Supervisors shall appoint from its members a committee consisting of three, to be denominated Finance Committee,

and shall fill all vacancies in the committee. The committee shall investigate the transactions and accounts of all officers having the collection, custody or disbursement of public money, or having the power to approve, allow or audit demands on the treasury; shall have free access to any records, books and papers in all public offices; shall have power to administer oaths and affirmations, and to examine witnesses, and to compel their attendance before them by subpoena. The committee may at any time visit any of the public offices and make its examinations and investigations therein without hindrance."

Section 1, Chapter III of Article III, entitled "Custody of Public Moneys":

"All moneys arising from taxes, licenses, fees, fines, penalties and forfeitures, and all moneys which may be collected or received by any officer of the City and County, or any department thereof, in his official capacity, for the performance of any official duty, and all moneys accruing to the City and County from any source, and all moneys directed by law or this Charter to be paid or deposited in the treasury, shall be paid into the treasury. All officers or persons collecting or receiving such money must pay the same into the treasury. No officer or person other than the Treasurer shall pay out or disburse such moneys, or any part thereof, upon any allowance, claim or demand."

Honest and upright public officials against whom the slightest rumor is directed are entitled to full clearance so that once and for all their integrity may be established and these rumors may be downed.

Respectfully,
(Signed)
JAMES ROLPH, JR.,
Mayor.

Motion.

Supervisor McSheehy moved that the Finance Committee make audit requested by Tax Collector Bryant and his Honor the Mayor.

Referred to Finance Committee.

Closing and Abandoning All That Portion of Holyoke Street Lying Between the Northerly Line of Felton Street and the Southerly Line of Silliman Street.

Supervisor Marks presented:

Resolution No. 28054 (New Series), as follows:

Whereas, this Board has, by Resolution No. 27893 (New Series), declared its intention to close up and abandon all that portion of Holyoke street lying between the northerly line of Felton street and the southerly line of Silliman street situated in the City and County of San Francisco and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of said Holyoke street was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner as provided by the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the exipration of the publication of said notice, and no objections to the closing and abandonment of said Holyoke street were made or delivered to the Clerk of this Board within said period of ten days or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of said Holyoke street; and

Whereas, in and by said Resolution No. 27893 (New Series) this Board did declare that the damages, costs and expenses of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for closing all that portion of Holyoke street lying between the northerly line of Felton street and the southerly line of Silliman street, and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of all that portion of Holyoke street lying between the northerly line of Felton street and the southerly line of Silliman street be and the same is hereby ordered, and that said Holyoke street be and the same is hereby closed and abandoned as a public street. The said portion of Holyoke street hereinabove referred to is more particularly bounded and described as follows, to-wit:

All that portion of Holyoke street lying between the northerly line of Felton street and the southerly line of Silliman street.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and that the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Grand Jury Special Committee on 333 Kearny Street Investigation.

The following was presented and read by the Clerk:

November 10, 1927.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The Grand Jury of the City and County of San Francisco acknowledge receipt of your communication of October 24, inclosing resolutions adopted by your Board alleging that an officer of this City and County had been guilty of participating in rentals derived from the premises located at 333 Kearny street, which premises are now under lease to the City and County, and in which resolutions you request that this Gand Jury make such investigation as would be meet and proper in the premises, and if the allegations contained in the said resolutions were found to be true, that lawful proceedings be taken to bring the guilty officer or officers before a court by indictment.

The Gand Jury, pursuant to your request, appointed a special committee of its members to make such investigation of the charges set out in your resolution, which committee interrogated numerous citizens alleged to have some knowledge of the alleged offense.

The committee, after diligent inquiry, reported to the Grand Jury, at its regular meeting of November 9, 1927, that no one of the witnesses cited to appear before it had any information of any offense having been committed as intimated in your resolutions. The Grand Jury by unanimous vote approved the report of the special committee.

(Sgd.) JOHN WHICHER, Foreman.
EDW. B. BAROD, Secretary.

Ordered *filed*.

Directors of Joint Highway District Appointed.

The following were read by the Clerk:

Referred to Streets Committee.

Relative to "Weed-Klamath Falls" Joint Highway District

The following was read by the Clerk:

Proceedings of Board of Supervisors of Siskiyou County amending resolution of said county passed June 7, 1927, for the formation of a joint highway district from Weed to Klamath Falls road.

Referred to Streets Committee.

Leave of Absence, Mrs. E. J. Mott.

The following was read by the Clerk:

San Francisco, Cal.,
October 27, 1927.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen:

Application has been made to me by Mrs. Ernest J. Mott, member of the Board of Education, for leave of absence, with permission to leave the State of California for the period October 31 to November 3, 1927.

I hereby request that you concur with me in granting said leave of absence.

Yours very truly,
JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 28102 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Mrs. Ernest J. Mott, member of the Board of Education, is hereby granted a leave of absence for the period October 31 to November 3, 1927, with permission to leave the State.

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Kent, Marks, McSheehy, Roncovieri, Stanton—11.

Absent—Supervisors Bath, Gallagher, Hayden, Powers, Schmidt, Shannon, Todd—7.

Relative to Bids for Flood Lighting City Hall.

The following was read by the Clerk:

San Francisco, Cal.,
November 18, 1927.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

May I respectfully call the attention of your Honorable Board to the matter of a request for an ordinance calling for bids on the lighting of the City Hall which was made by the Bureau of Architecture some months ago.

Informal bids were received by the Bureau of Architecture but the Lighting Committee did not approve the bid which the Bureau recommended. The entire matter was then referred to the Building Committee with the request of the Bureau that an ordinance be passed calling for formal bids.

The sum of $16,000 has been set aside in the budget for the present fiscal year as Item 53a, to take care of this work which is a necessary part of the beautification of the City Hall and the Civic Center.

I will appreciate the prompt action of your Honorable Board on this matter to the end that we may proceed with the work.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Referred to Public Buildings Committee.

Amendment to Zoning Ordinance Reclassifying Property on Wawona Street.

The following was presented and read by the Clerk:

Communication, from the City Planning Commission, reclassifying property lying south of Wawona street between Fifteenth avenue and Nineteenth avenue, and easterly from Nineteenth avenue between Wawona street and a point 110 feet northeast from Sloat boulevard, from the First to the Second Residential District.

Passed for Printing.

Whereupon, the following bill was *passed for printing*:

Bill No. 8300, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the location of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is recited above, is hereby amended as follows:

Section 6 of the Use of Property Zone Map, constituting a part of said ordinance, is hereby ordered changed so as to place the following described property in the Second Residential District and Classification instead of in the First Residential District and Classification, to-wit:

Commencing at the point of intersection of the westerly line of Fifteenth avenue and the southerly line of Wawona street, running thence westerly along the southerly line of Wawona street as it now exists after the closing and vacating of certain portions of said street, to the easterly line of Nineteenth avenue; thence southerly along the said easterly line of Ninetenth avenue 842 feet; thence at a right angle to Nineteenth avenue and parallel with the northerly line of Sloat boulevard and 110 feet northerly therefrom 571 feet; thence at a right angle northerly 268.344 feet to a point which is distant 600 feet southerly from the former southerly line of Wawona street as the same existed prior to the vacation of any portion thereof; thence easterly and parallel with the southerly line of Wawona street 302.74 feet; thence north 57 degrees east 272.25 feet to a point known as Station 24 of the Rancho San Miguel; thence northeasterly along the northwesterly line of said Rancho San Miguel 208.867 feet, more or less, to the westerly line of Fifteenth avenue; thence northerly along the westerly line of Fifteenth avenue 266.70 feet to the southerly line of Wawona street and the point of beginning.

Spur Track Permit, Atchison, Topeka and Santa Fe Railway Company.

Bill No. 8287, Ordinance No. 7798 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Atchison, Topeka and Santa Fe Railway Company to construct, maintain and operate a spur track in and across Rhode Island street and across and along Fifteenth street as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Atchison, Topeka and Santa Fe Railway Company to construct, maintain and operate a spur track in and across Rhode Island street and across and along Fifteenth street as follows:

Beginning at a point in the center line of an existing track of the Atchison, Topeka and Santa Fe Railway Company and Southern Pacific Company in Rhode Island street in the City and County of San Francisco, said point lying 16.00 feet easterly from the western line of said Rhode Island street and 129.13 feet northerly from the northern line of Fifteenth street produced across said Rhode Island street, thence southerly over and along said Rhode Island street on a curve to the left having a radius of 235.65 feet, a distance of 45.09 feet, to a point lying 58.63 feet westerly from the eastern line of said Rhode Island street and 84.05 feet northerly from the said northern line of Fifteenth street produced across said Rhode Island street; thence southeasterly over and along said Rhode Island street and said Fifteenth street on a curve to the left having a radius of 171.02 feet, a distance of 283.10 feet, to a point lying 24.15 feet northerly from the southern line of said Fifteenth street and 37.22 feet westerly from the western line of De Haro street produced across said Fifteenth street; thence easterly over and along said Fifteenth street and

crossing said De Haro street on a curve to the right having a radius of 171.02 feet, a distance of 54.40 feet, to a point in the center line of an existing track of the A., T. and S. F. Railway Co. and S. P. Company in the center line of said Fifteenth street, said point lying 17.07 feet easterly from the said western line of De Haro street produced across said Fifteenth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that said track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expense connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage, is to be paid for by the Atchison, Topeka and Santa Fe Railway Company; provided that the Atchison, Topeka and Santa Fe Railway Company shall erect and maintain all-night lighted arc lamps, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided that said Atchison, Topeka and Santa Fe Railway Company comply with its franchise obligation to pave Fifteenth street between Eighth and Rhode Island streets when requested by the Board of Public Works. It is expressly understood and made a part of this permit that the granting of this spur track privilege does not release said company from the franchise provision that when the curbs are constructed said company, upon demand, will pave the street with a standard pavement.

Section 2. This ordinance shall take effect immediately.

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Kent, Marks, McSheehy, Roncovieri, Stanton—11.

Absent—Supervisors Bath, Gallagher, Hayden, Powers, Schmidt, Shannon, Todd—7.

Resolution No. 28101 (New Series), as follows:

Whereas, the down-town pedestrian traffic is manifestly growing daily with increasing numbers of shoppers traversing the main retail business thoroughfares; and

Whereas, the recently instituted pedestrian traffic regulations necessitate crossing only at marked lanes which are necessary as a proper safeguard against accidents; and

Whereas, due to this safety regulation many thousands of persons in their daily pursuits of business are retarded and halted in their pedestrian travel; and

Whereas, many thousands are compelled because of safety measures to walk out of their way to cross thoroughfares when their destinations are on the opposite side of the street in the middle of a block; and

Whereas, it is the opinion of this Board that there should be no unnecessary delays to pedestrian traffic or handicaps to business generally and that San Francisco should be entrenched with progressive facilities equal to other cities of the Nation so that its citizens may enjoy the full pursuits of their business; therefore, be it

Resolved, That the City Engineer be herewith instructed to prepare estimates of cost and plans of construction for distinct pedestrian "under-passes" for Market street, to be located, to-wit:

1. To connect the north side of Market street with the south side of Market street midway between Kearny and Montgomery streets;

2. To connect the north side of Market street with the south side of Market street from the gore corner of O'Farrell and Market streets;

3. To connect the gore corner of Market and Stockton streets with the gore corner of Market and Ellis streets;

4. To connect the north side of Market street with the south side of Market street from the northeast corner of Powell and Market streets;

And that it be

Further Resolved, by this Board of Supervisors that the City Engineer's office proceed with compiling such data and preparing such plans without delay for an early report to this Board, and that such "underpasses" be of sufficient width to care for the present heavy pedestrian traffic and such increased traffic as will be estimated many years to come.

BRIDGE HEARINGS.

Motions.

The following matters were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * * * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to

submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

On motion of Supervisor McSheehy, further consideration of the foregoing motions was *continued until Monday, January* 23, 1928, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Bath—1.

Opinion of City Attorney In re Market Street Railway v. City and County of San Francisco.

November 26, 1927.

Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

Prior to July 10, 1917, an agreement existed between the predecessors in interest of the Market Street Railway Company and the Municipal Railway, under the terms of which the Municipal Railway and the Market Street Railway would pay on a 50 per cent basis the cost of repairing and maintaining the intersections of tracks and overhead crossings where the City tracks crossed those owned by the Market Street Railway. On or about the 10th day of July 1917, the Market Street Railway Company terminated this agreement, claiming that as the Municipal Railway was junior to it that the City should pay all of the expenses of maintaining and repairing the crossings. For a period of approximately two years the Market Street Railway failed to present claims within the time required by the Charter for money expended by them in maintaining and repairing the crossings. At times the Market Street Railway would do the work and at other times the Municipal Railway would do the work.

The Market Street Railway since July 10, 1917, has consistently been billed by the Municipal Railway for one-half of the cost of the work done by the Municipal Railway. The Market Street Railway has refused to pay any claims submitted by the Municipal Railway for this class of work, and beginning the 5th day of May, 1921, and at intervals of six months thereafter to date, the Market Street Railway has filed suit to recover from the City the full amount of money expended by them for repairs and maintenance of crossings. A few months ago the first case filed by the Market Street Railway, concerning the subject of this letter, was tried, and this office briefed all cases that they could find in the United States, and some in England relating to the rights of a junior railway, at intersections, with a senior railway. There are no cases that we were able to find that determined the precise question in California, and there is no existing statute defining the right of junior and senior railways.

The case tried in the local Superior Court on this matter, wherein we set up a counterclaim against the demand of the Market Street Railway, alleging that from July, 1917, to June, 1926, the City had expended $47,000 plus in repairing and maintaining intersections, and that one-half of that sum, or $23,000 plus, was due and owing from the Market Street Railway. After trial the decision rendered by the court was adverse to the City, and as far as the suit tried was concerned we are called upon to pay the full amount of the cost of maintaining and repairing the intersections. Our research of the law indicates that possibly the Superior Court is correct in its decision.

Since judgment was entered in favor of the Market Street Railway we have negotiated with that company concerning the taking care of the cost of maintenance of crossings in the future. We have obtained from the Market Street Railway an agreement, that is subject to your approval, to the effect that the City will pay up the full amount of the claims filed for the repair work described in this letter, with interest thereon at the rate of 6 per cent per annum from the date the claims were filed, plus $2,735 for bills for which claims were not filed. In filing claims and suit, the Market Street Railway Company has asked for 7 per cent on all unpaid bills.

In consideration of our paying the foregoing claims, the Market Street Railway has indicated its willingness to enter into a contract with the City whereby they will agree to pay 25 per cent of the cost of repairing and maintaining crossings where the Municipal Railway and Market Street Railway tracks and trolleys cross, the adjustment of these bills to be made as of September 15, 1927.

The proposed settlement of this litigation has been discussed with the members of the Board of Public Works who deal mostly with municipal railway affairs and the Superintendent of the Municipal Railway who have expressed themselves as being favorable to entering into a contract as herein described, and the payment to the Market Street Railway of their claims on the basis stated.

If the proposed settlement of this litigation, which has been pending for almost seven years, meets with your approval, I suggest that the attached resolution, authorizing the compromise of this matter be adopted by your Board, and we will thereupon prepare and submit to you a contract between the Board of Public Works and the Market Street Railway Company, covering the matter for the future.

Yours truly,

JOHN J. O'TOOLE,
City Attorney.
By DION R. HOLM,
Assistant City Attorney.

Read and *referred to Finance Committee.*

Resolution.

Resolution No. ——— (New Series), as follows:

Whereas, there is now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, a number of suits brought by the Market Street Railway Company against the City and County and Board of Public Works to recover the cost of the upkeep, maintenance and repairs of tracks, overhead crossings and intersections of the Municipal Railway and the Market Street Railway; and

Whereas, there is now claimed due, by reason of the said litigation by the Market Street Railway Company, the sum of thirty-four thousand eighty-four and 65/100 ($34,084.65) dollars, which sum includes interest at the rate of 6 per cent per annum from the date of filing claims for the cost of the upkeep, maintenance and repairs of tracks, overhead crossings and intersections of the Municipal Railway with that of the Market Street Railway, and there is further claimed due by the Market Street Railway the sum of two thousand seven hundred thirty-five and 14/100 ($2,735.14) dollars for additional work done for the upkeep, maintenance and repairs of tracks, overhead crossings and intersections of the Municipal Railway with that of the Market Street Railway, which sums represent interest and principal of the amounts claimed due; and

Whereas, it has been represented that the Market Street Railway Company, beginning on the 15th day of September, 1927, and thereafter so long as it shall operate the railway within the City and County of San Francisco, will agree to pay from said date 25 per cent of the cost of the upkeep, maintenance and repairs of the tracks, overhead crossings and intersections where the Municipal Railway crosses the tracks of the Market Street Railway; now, therefore, be it

Resolved, That the City Attorney be and he is hereby authorized to settle all pending cases and claims filed by the Market Street Railway against the City and County of San Francisco for the cost of the upkeep, maintenance and repairs of the tracks, overhead crossings and intersections where the Municipal Railway crosses the Market Street Railway, for the sum of thirty-six thousand eight hundred nineteen and 79/100 ($36,819.79) dollars, which said sum is to be accepted by the said Market Street Railway in full for all suits filed and claims for the said cost of the upkeep, maintenance and repairs of the tracks, overhead crossings and intersections where the Municipal Railway crosses the Market Street Railway, which settlement is to include all claims and demands for said work up to and including the 15th day of September, 1927. And be it

JOHN J. O'TOOLE,
City Attorney.

Resolved, That the annexed bill granting permission to the City and County of San Francisco to construct and maintain a transbay bridge from Rincon Hill, in the City and County of San Francisco, to the south Mole of San Antonio Estuary, in the County of Alameda, be and the same is hereby given the approval of the Board of Supervisors of the City and County of San Francisco. And be it

Further Resolved, That the Congress of the United States to convene on the first Monday of December, 1927, be and it is hereby requested to pass said bill as presented.

Proposed Congressional Bill for Bay Bridge.

An Act granting consent to the City and County of San Francisco, State of California, its successors and assigns, to construct, maintain and operate a bridge across the Bay of San Francisco from Rincon Hill to the south Mole of the San Antonio Estuary, in the County of Alameda, in said State.

Section 1. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the consent of Congress is hereby granted to the City and County of San Francisco, its successors and assigns to construct, maintain and operate a bridge across the Bay of San Francisco, and approaches thereto, from Rincon Hill, in the City and County of San Francisco, to a point near the south Mole of San Antonio Estuary, in the County of Alameda, in said State, in accordance with the plan described as Bridge Location No. 1 in the report and plans of Robert Ridgway, Arthur Talbot and John D. Galloway, Board of Engineers, filed in the office of the Board of Public Works of the City and County of San Francisco on the 5th day of May, 1927.

Section 2. The vertical clearance of said bridge above mean high water shall be no less than 150 feet, as shown in and by said report and plans of said Board of Engineers.

Section 3. The City and County of San Francisco may assign the right hereby granted to a Bridge and Highway District organized under the laws of the State of California, or a governmental agency heretofore or hereafter created by the United States or the State of California, or to a person, firm or private corporation who will give satisfactory guaranty that the work of constructing said bridge shall be diligently prosecuted, and that after completion said bridge shall be maintained and operated in accordance with law.

Section 4. In the event of the assignment of the right hereby

granted to a person, firm or private corporation, and the construction by the assignee or successor in interest of said bridge and appurtenances thereto, the City and County of San Francisco, or a Bridge and Highway District or a governmental agency heretofore or hereafter created by the United States or the State of California, with authority to construct, maintain or operate a bridge, shall have the right, after the lapse of ten years from date of completion of said bridge to purchase the same and all real or personal property appurtenant to or used in connection therewith; provided, however, that the City and County of San Francisco shall have a right to purchase preferred and prior to that of any Bridge and Highway District or any governmental agency. The purchase price shall be the reasonable value at the time of purchase of said bridge and its approaches and all real and personal property appurtenant thereto or used in connection therewith. Said value shall be determined in the manner provided by the law in force at the time of purchase; provided, however, in fixing the price nothing shall be allowed for franchise or going concern value, good will or prospective revenues or profits.

Section 5. Before an assignment by the City and County of San Francisco of the right hereby granted, the proposition to make such assignment shall be submitted to the voters of the City and County of San Francisco at a general election, or a special election called for the purpose. If a majority of the voters voting upon the proposition shall favor the assignment, such assignment shall be accordingly made, subject to the provisions of this act.

Section 6. Before commencing the construction of said bridge the builder thereof shall submit to the Secretary of War, for his approval, plans and specifications for its construction, together with such drawings of the proposed construction and such map of the proposed location as may be required for a full understanding of the subject; provided, however, no objection shall be made by the Secretary of War to the height or location of said bridge, which height and and location shall be approved, if found to be in accordance with the report and plan of said Board of Engineers.

Section 7. Upon the completion of said bridge and appurtenances thereto, in accordance with said report and plan of said Board of Engineers, the same shall be deemed and treated as a lawfully constructed bridge, notwithstanding the provisions of that certain act of Congress, approved March 23, 1906, Chapter 1130, entitled, "An Act to regulate the construction of bridges over navigable waters." The consent hereby given shall be a conclusive determination by Congress that said bridge, constructed in accordance with the report and plan of said Board of Engineers, is not an obstruction to the free navigation of the waters of the Bay of San Francisco.

Section 8. The work of constructing said bridge shall be commenced within two years from date of the passage of this act, and shall be completed within five years from date of commencement; provided, however, the Secretary of War may in his discretion extend the time for the commencement or completion of said work.

This act shall take effect immediately.

Amendment Proposed.

Supervisor Gallagher: I would propose an amendment, and it is done roughly and perhaps it might be bolstered up, I propose the following amendment: "And be it further resolved, that if any amendment of verbiage, construction or revision of this proposed bill is found advisable or necessary, that the representative of this Board at Washington, after conference with and approval of our two United States Senators and our two Congressmen from this District, may be permitted to make such change, or revision, provided approval of this Board is had thereon.

Supervisor Badaracco: I second the motion.

Supervisor Marks: City Attorney O'Toole has handed me this, Mr. Mayor: "Be it further resolved, that said James B. McSheehy be and he is hereby given authority to consent to any minor changes in the wording of said bill, provided that said amendments do not change the tenor or the effect of said bill."

Supervisor Gallagher: I would be very glad to have that substituted for mine and will withdraw my own in its favor.

Correction.

Supervisor Marks: The last line on page 2. the word "provided, however, no objection shall be made by the Secretary of War to the height or location of said bridge." I think, Mr. Mayor, the words "provided, however," are somewhat confusing

because that might be interpreted to mean that the construction can commence only provided that no objection shall be made by the Secretary of War, whereas what is intended is a prohibition against any objection being made. If the words "provided, however," came out, and if the sentence merely read "no objection shall be made by the Secretary of War to the height or location of said bridge," that would very clearly, I think, Mr. O'Toole, be a prohibition, whereas the words "provided, however," might mean if no objection is made by the Secretary of War. It is the last line on page 2. The way it reads now—it is merely a matter of language—"Before commencing the construction of said bridge, the builder thereof shall submit to the Secretary of War, for his approval, plans and specifications for its construction, together with such drawings of the proposed construction and such map of the proposed location as may be required for a full understanding of the subject, provided, however, no objection shall be made by the Secretary of War to the height or location of said bridge." Now, that may be construed to mean that construction may start if no objection is made by the Secretary of War, which is not the intention. The intent is to prohibit the Secretary of War from making an objection. Strike out the words "provided, however," and the sentence there and then make it read "No objection shall be made by the Secretary of War to the height or location of said bridge." There is a direct prohibition—a new sentence. But the words "provided, however," should come out.

Supervisor Shannon: How about inserting the word "that"—"provided, however, that no objection?"

City Attorney O'Toole: I think that would mean the same thing. I think Supervisor Marks' observation is correct there, and with the consent of those who were present at the meeting this morning I would recommend that "provided, however," be eliminated.

Whereupon, City Attorney agreed to revise the bill after conference with Supervisors McSheehy, Havenner and Harrelson and City Engineer O'Shaughnessy along the lines suggested and report back in afternoon.

Report of Finance Committee on Salary Increases.

The following was presented and read by the Clerk:

November 28, 1927.

Board of Supervisors, City and County of San Francisco.

Gentlemen:

During the budget proceedings, May, 1927, various motions offered to increase salaries were referred to the Finance Committee. The Board decided not to increase the budget appropriations, but to defer action on these proposals until the definite amount of revenue from outside sources could be obtained.

Unforeseen expenditures against the General Fund and passed by the Board are:

Airport	$ 65,000
Telephone rate investigation	37,500
Market Street Railway survey	10,000
Bureau of Engineering	41,098
St. Francis celebration	4,000
Montgomery street	10,000
High pressure system extensions	43,000
County line water works	2,500
Railway tracks, West Portal avenue	16,000
Total	$229,098

In the first four months of the fiscal year there is a deficit of $58,000 in the Health Department, caused by the increase of patients in the San Francisco Hospital and the Relief Home. The Health Department estimates that the deficit for the remainder of the fiscal year will be $102,912. These deficits may be met by credits from unexpended appropriations at the close of the fiscal year and by withholding some appropriations for things that can be done next year.

The motions referred to the Finance Committee call for an increase in salaries amounting to $121,826. Since the filing of these motions the Finance Committee has received written communications from various employees and organizations requesting salary increases amounting to $118,270, making a total of $240,096 per annum.

The Finance Committee tenders this financial report and it feels that the Board should exercise its will and judgment as to how far it desires to consider the requests of the different employees.

FRANCK P. HAVENNER.
JAS. B. McSHEEHY.
MILO F. KENT.

Motion.

Supervisor Gallagher moved that the Finance Committee investigate and report all expected surpluses in any of the funds of this year's budget, any funds not now appropriated for which appropriation was set aside in the budget, and such other items as in their judgment may wait for later appropriation.

Motion *carried*.

Action Deferred.

Whereupon, the foregoing report was *laid over one week*.

Temporary Office Building Permit.

City Planning Commission to Investigate Advisability of Rezoning Marina Property.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Resolved, That the City Planning Commission be and is hereby directed to investigate and report upon the advisability of changing the property bounded on the north by Lewis street, on the east by Laguna street, on the south by the Marina boulevard and on the west by Webster street from the Light Industrial District to the First Residential District.

Referred to the City Planning Commission and City Planning Committee.

Maddux Air Lines Endorsed.

Supervisor Kent presented:

Resolution No. 28117 (New Series), as follows:

Whereas, the Maddux Air Lines, operating between Los Angeles and San Diego on a recent occasion, through the courtesy and cooperation of J. L. Maddux, flew one of their all-metal tri-motored Fords to San Francisco with thirteen passengers, exclusive of the pilot, for the purpose of making an inspection of Mills Field, San Francisco's Municipal Airport; and

Whereas, it is the intention of Mr. J. L. Maddux of the Maddux Air Lines to establish, within 30 days, a regular schedule day-light operation by air, the transportation of passengers, mail and express between Los Angeles and San Francisco; and

Whereas, in order that the citizens of San Francisco receive the full benefit of the transportation service afforded by the Maddux Air Lines that said Maddux Air Lines be invited to use Mills Field as their northern terminal; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, through its Airport Committee, extend to Mr. J. L. Maddux of the Maddux Air Lines all the aid, cooperation and assistance that is within their power to extend in order that Mills Field, San Francisco's Municipal Airport will be used by them as the northern terminal of their Los Angeles-San Francisco operation. Be it

Further Resolved, That a copy of this resolution be forwarded to Mr. J. L. Maddux of the Maddux Air Lines, Figueroa at Twenty-first street, Los Angeles, California.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Finance and Public Utilities Committees to Investigate on Return for Mocassin Creek Power.

Supervisor Havenner: Mr. Chairman, I have been advised, by engineers and other citizens of San Francisco who have made a study of electric light and power problems, that the price which San Francisco is now receiving for its Mocassin Creek power through the agency contract might well be inquired into at this time; that since 1925, when the agency contract was made, large blocks of power which were not then absorbed have been absorbed by the power markets in this section of the State, and that, if our power was worth what we are now receiving for it, two million odd dollars, in 1925, it would seem to be reasonable to assume that it is worth more on the present market. I desire to move that the Finance and Public Utilities Committees be authorized to inquire into the price which we are now receiving for our power under the contract, and to report to this Board whether, in their judgment, it might seem advisable to enter into negotiations for a more favorable price.

So *ordered*.

Gold Star Mothers Request Appropriation.

Supervisor McSheehy presented:

November 28, 1927.

To the Honorable Board of Supervisors.

Gentlemen:

The San Francisco Gold Star Mothers are very desirous of having "Heroes' Grove," in Golden Gate Park, completed. This grove was dedicated over eight years ago, and while other groves have been improved "Heroes' Grove" is a wilderness of weeds and stunted, undernourished trees.

Therefore the San Francisco Gold Star Mothers do hereby petition this Honorable Board to instruct the Park Commissioners, the Finance Committee, or whom it

may concern, to supply an appropriate amount of money to have the following improvements completed:

First: A huge boulder of California granite whereon the names of all deceased soldiers of the late World War whose homes were in San Francisco City and County may be inscribed on a bronze plate, the same to be properly protected from the elements.

Second: A convenience station with drinking fountain, basin, bowl and toilets.

Third: Permanent driveway and pedestrian paths, also directing sign posts.

Fourth: A permanent Gold Star flower bed, flowers of which to be changed according to the seasons of the year; grass plots, poppies and dahlias; in fact, we wish this to be a beautiful spot where all patriotic citizens of San Francisco City and County may point with reverence and pride to visitors and friends and thereby invoke patriotism in our growing boys and girls.

We hope and trust that you will see fit to grant our request as this project is very near and dear to every Gold Star Mother.

Sincerely yours,

Mrs. Clara Jones,
Secretary and Treasurer.
Mrs. Leah H. Davis, President.
Etta Carlson, Trustee.
Nora Wright, Trustee.
Winifred Borkhero, Trustee.

Referred to Finance and Education, Parks and Playground Committees jointly. (Invite Park Commission to attend Finance Committee's meeting next Friday.)

ADJOURNMENT.

There being no further business the Board at 5:10 p. m. adjourned.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Appointment of James I. Herz, Supervisor, Vice Edwin G. Bath, Deceased.

The following was presented and read by the Clerk:

San Francisco, Cal.,
December 5, 1927.

Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

Gentlemen:

I am very happy to officially inform the Board of Supervisors of the City and County of San Francisco that I have this day appointed James I. Herz, the fighting Sergeant-Major of the famous 363d Infantry, San Francisco's own regiment of the Ninety-first (Wild West) Division to the office of Supervisor to fill the unexpired term of the late Edwin G. Bath.

I pay this compliment to Supervisor Herz because he is one of the outstanding characters of the younger generation of our city.

In naming him I wish to compliment the veterans of the city whom he so well represents. He left the University of California in his third year as a brilliant student to spend two years in service. He was in the thick of the fighting, fought in the St. Mihiel, the Meuse-Argonne and the Ypres-Lys offensives with his famous division and came home with the Distinguished Service Cross of the United States, the Military Medal of France, which corresponds to our Congressional Medal of Honor, the Belgian Cross of War and a personal citation for bravery from General Pershing.

Supervisor Herz is the President of the Ninety-first Division Association, is a past President of the 363d Infantry Association, and in private life is a member of the San Francisco Stock Exchange with a clean and admirable record.

I wish that this appointment might be for a longer term as I know that the city would be most fortunate to have this progressive young business man of education and ability serving the public for years to come as a member of your Honorable Board.

Very sincerely yours,
JAMES ROLPH, JR.,
Mayor.

Ordered *filed*.

Supervisors Hayden and *Kent* were appointed by the Chair to escort Supervisor Herz to his chair.

Supervisor Herz was welcomed to the Board by Supervisor Colman, who referred to the new Supervisor's war record as a member of the 363d Infantry, San Francisco's Own.

Supervisor Kent and other members of the Board and Jos. Kuhn, President, 363d Infantry, and Bob. Munson, President, 347th Field Artillery, representing San Francisco organizations in the World War, also spoke. Mrs. Alfred McLaughlin of the San Francisco Center, speaking on behalf of the women of the City, said:

"We are glad to see Mr. Herz take his seat on this Board, which represents one of the largest corporations in the State. The voters of San Francisco should arouse themselves to the necessity of putting business men on this Board."

Mrs. Leon and Mrs. Annie Scanlon also expressed their good wishes and congratulations.

Supervisor Byington, in welcoming Supervisor Herz and complimenting Mrs. McLaughlin on her remarks, said:

"This Board also needs a woman on it, and I nominate Mrs. McLaughlin for the position."

Supervisor Gallagher asked Supervisor Herz, as a war veteran, to give his attention to the completion of War Memorial projects, and promised his whole-hearted cooperation and support.

Supervisor Herz, in responding to the greetings, thanked Mayor Rolph for the honor bestowed on him and asked that the numerous floral pieces that decorated his seat be sent to Letterman General Hospital "to cheer the lot of many war buddies."

Mayor Rolph, in compliment to the new Supervisor, invited Mrs. Herz and the Supervisor's father and mother to occupy seats on the rostrum.

Whereupon, Supervisor Herz was declared duly inducted in the office of Supervisor of the City and County of San Francisco.

Relative to Stoppage of Work on Judah Street Municipal Railway.

Supervisor Gallagher and *Supervisor-elect Toner* called to the attention of the Board the stoppage of work on the proposed Judah street Municipal Railway extension.

Auditor Boyle explained his position in refusing to sign the contract by saying that his attorney advised him against such action on account of the appeal that had been taken. In order not to stop the work, he said, that he would take a bond to protect his bondsmen and sign the contract.

City Attorney O'Toole declared that he had thought it better to follow the matter up in the appeal as being the most expeditious way and hoped to have it on the court calendar in the middle of January.

Motion.

Supervisor Gallagher: I am going to move you that the Mayor and the Board of Public Works stand requested to exercise their energy and to do whatever acts are to them legal and proper to assist the City Attorney, the Auditor and the contractor on the job in order to get this work under way again at the earliest possible moment.

Seconded by Supervisor Harrelson.

Motion *carried.*

Statement of Supervisor Havenner In re "Bulletin" Attack on Members of the Board of Supervisors.

The following was presented by Supervisor Havenner as a question of personal privilege and *ordered spread in Journal of Proceedings*:

Recently we have witnessed a series of false, vicious and malicious attacks made upon members of this Board of Supervisors. They have appeared in the columns of the San Francisco Bulletin. Usually they have been signed by Wm. M. Hines, the publisher of this journal.

In a recent issue this man, who has ambitions personally to control the government of the City and County of San Francisco, took occasion without the slightest shadow of foundation to publish a libelous attack on the majority of the members of this Board, including myself.

It may be good policy for a man occupying public office to avoid the hostility of a newspaper. In my opinion, however, this is the type of policy dictated by cowardice, and marks those who adopt it as being unfit and lacking in the necessary courage honestly to discharge the obligations of a public trust.

We have in San Francisco decent newspapers. They may not always agree with us and we may not always agree with them. On matters of public policy it is the right and the duty of a decent newspaper to criticise public officials, basing the criticism on just grounds and on facts.

It is recognized among decent newspapermen, however, and I should have some familiarity with the tenets of the profesission—for I have spent half of my life in the work—that the use of a newspaper as an organ for the dissemination of malicious and false statements is improper and unjustifiable.

I have said that we have decent newspapers in San Francisco. We have. Some of them have criticized me severely. I still respect them, as I always have. They have a right to their opinion and I have a right to mine.

In San Francisco, however, we have one institution which, while nominally a newspaper, in fact is the kept organ and journal of big interests which desire to profit improperly at the public expense.

This journal, at least temporarily, is under the direction of a man of no particular distinction as a newspaperman, who at the present time is rattling around in a position

which should be filled by a man of real capability.

This man, because of his lack of ability, is crude in carrying out the orders of his masters. He knows only one method—that of false attacks and the outworn policy of attempting to intimidate public officials by the vicious use of a newspaper.

You may ask me why I say the San Francisco Bulletin is a kept organ.

I will tell you.

You may be interested to know why the San Francisco Bulletin so savagely attacks every attempt to bring Hetch Hetchy power into San Francisco and distribute it through a municipally-owned distribution system.

You may be interested to know why the San Francisco Bulletin viciously and savagely attacks every public official who fights honestly for public ownership of a municipal distribution system for hydro-electric energy.

You may be interested to know why, during the recent campaign, the San Francisco Bulletin so savagely and viciously attacked the proposed bond issue for a transmission line.

Let me tell you the reason.

The San Francisco Bulletin, during the lifetime of the late Wiggington Creed, president of the Pacific Gas and Electric Company, was partially owned by Mr. Wiggington Creed and is now partially owned by the estate of Mr. Wiggington Creed.

Does this make clear to you why the San Francisco Bulletin is so peculiarly solicitous for the interests of the people of San Francisco who are paying tribute to the Pacific Gas and Electric Company?

The San Francisco Bulletin, among newspapers, is of that type which is so shameless that it dares not tell the public who really owns it.

Do you desire to know why the San Francisco Bulletin so savagely and viciously attacked the appointment of Delos Wilcox, who was employed as an expert adviser to the City in relation to the Market Street Railway purchase?

I think I can enlighten you.

The Market Street Railway Company is owned by the Byllesby Corporation. I am credibly informed that the Byllesby Corporation has acquired recently a large interest in the Pacific Gas and Electric Company, of which Mr. Wiggington Creed was president, and with which now the Byllesbys have an identity of interest.

I do not think we need to waste a great deal of time to find out why this journal, professedly devoted to the interests of the people, is so solicitous for the Market Street Railway.

Look further into the ownership of the San Francisco Bulletin and note the connections of the sugar trust, represented by Mr. Wallace Alexander and the interests with which Mr. Wallace Alexander is allied. Also the steamship trust, as represented by Mr. Stanley Dollar.

I might go farther.

However, my purpose is to make plain the reason for the mud-slinging opposition to municipal ownership of this alleged newspaper, which I understand, like every other kept sheet in the history of journalism, is a financial liability to its owners.

I can speak with some authority and considerable experience about the San Francisco Bulletin, because, for the better part of ten years, I was connected with the editorial department of that paper, when it was an independent, respectable journal, under a different ownership and management. During that long period of years I had the honor to be entrusted with much of the important work of the editorial department of the paper. The present publisher of the Bulletin has seen fit, in slurring terms, to charge me with general incompetency. That may be his sincere opinion, but in justice to myself I think it should be pointed out that he has no personal knowledge of the subject, and I would be glad to refer all those who may be interested to the previous owner and the previous publisher of the paper, who can give them first-hand information about my work.

Every honest public official in the City of San Francisco should welcome the hostility of the San Francisco Bulletin when its present ownership is known.

I do not believe that any official of San Francisco, pledged to honest municipal distribution of hydro-electric energy, can accept with equanimity or without suspicion the support of a sheet partially owned by the Pacific Gas and Electric Company.

His Honor Mayor Rolph expressed his opposition to the remarks of Supervisor Havenner as did Supervisor Colman, who moved that the remarks be expunged from the rec-

ord. Seconded by Supervisor Hayden.

Motion *lost* by the following vote:

Ayes—Supervisors Byington, Colman, Harrelson, Hayden, Herz, Marks—6.

Noes—Supervisors Deasy, Gallagher, Havenner, Kent, McSheehy, Roncovieri, Schmidt, Stanton, Todd —9.

Absent — Supervisors Badaracco, Powers, Shannon—3.

Thereupon the roll was called on Supervisor Havenner's motion to insert in the record, with the following result:

Ayes—Supervisors Deasy, Gallagher, Havenner, Kent, McSheehy, Roncovieri, Schmidt, Stanton, Todd —9.

Noes—Supervisors Byington, Colman, Harrelson, Hayden, Herz, Marks—6.

Absent — Supervisors Badaracco, Powers, Shannon—3.

Chair (Mayor Rolph) declared the motion *lost*, not having received 10 votes.

Supervisor Gallagher appealed from the decision of the chair and in support of his position read Rule No. 37 as follows:

"Except when otherwise provided by these rules, the Charter or law, a majority vote of the members present shall be necessary for the adoption of any motion."

Motion to Adjourn.

Supervisor McSheehy moved to adjourn.

Motion *lost* by the following vote:

Ayes—Supervisors Byington, Colman, Hayden, Harrelson, Herz, McSheehy—6.

Noes—Supervisors Deasy, Gallagher, Havenner, Kent, Marks, Roncovieri, Schmidt, Stanton, Todd—9.

Absent — Supervisors Badaracco, Powers, Shannon—3.

Whereupon, the roll being called on the appeal, the question was put "Shall the ruling of the chair stand as the decision of the Board?" and the chair was *overruled* by the following vote:

Ayes—Supervisors Byington, Colman, Harrelson—3.

Noes—Supervisors Deasy, Gallagher, Havenner, Hayden, Herz, Kent, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—12.

Absent — Supervisors Badaracco, Powers, Shannon—3.

Adoption of Uniform Traffic Ordinance Commended.

The following was read and ordered *filed*:

San Francisco,
December 5, 1927.

To the Board of Supervisors:

The women of San Francisco and California have watched with a great deal of interest the installation of the uniform traffic ordinance in San Francisco under the supervision of the Traffic Survey Committee.

In November, 1925, Mrs. D. E. F. Easton, State Chairman, Safety Department of the California Development Association, appeared before the Board and asked consideration of the establishment of the uniform ordinance. Since that time the Traffic Survey Committee brought in a report recommending similar action.

We wish, at this time, to commend and congratulate the official family for their untiring efforts in bringing this to pass. You will be glad to know that San Francisco's official adoption of the uniform ordinance makes the fifty-fourth city in California to take part in the program which the women have been working for in the past two years.

San Francisco's action at this time is of tremendous significance. Many municipalities, which have been waiting to see the action of their larger sister, will now fall in line.

May we, at this reason of the year, extend to you our sincere compliments at this happy conclusion of the constructive action which will mean the saving of many lives in the State of California.

Very truly yours,
HELEN HOLT,
Director, California Public Safety Conference. Chairman, Safety Department, City and County Federation of Women's Clubs.

Absent — Supervisors Badaracco, Marks, Powers, Shannon—4.

(*Supervisor Byington voted "no" on Item No. 51 only.*)

Explanation of Vote.

Supervisor Byington requested that he be recorded as voting *no* on Item 51 of the foregoing resolution, and offered the following explanation for the record:

Convinced that the opinion of the City Attorney upholding the validity of Resolution No. 27804 (New Series) of the Board of Supervisors, authorizing the said City Attorney to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately owned street railways in San Francisco, is not sustained by law, I desire to present my views in opposition to the soundness of said opinion and to show that it is unsupported by reason or authority.

Said opinion, in effect nullifies two provisions of the City Charter and, we submit, is in direct conflict with two opinions theretofore rendered by said City Attorney in analogous cases. I refer to the opinion holding that the Board of Supervisors had no legal authority to employ an engineer to make "a survey for street lighting system", and his opinion that said Board had no legal authority to employ an engineer to make "examinations, plans and estimates" for a bridge, upon the ground that the said survey, examinations and plans had to do with a public utility and public improvement and, under the plain language of the Charter, must be made by engineers appointed by the Board of Public Works.

It may be said in the beginning that while the argument has been stressed that the information Mr. Wilcox was to furnish was not of an engineering character, but of an economic character, whatever that may mean, the appellation given to it is entirely immaterial as the Charter specifically provides that "all examinations, plans and estimates" required by the Supervisors in connection with "any public improvements or utilities" must be made by the Board of Public Works, through the City Engineer. It follows that such examinations, plans and estimates cannot be made by any other person, no matter what you designate him. Unquestionably, Mr. Wilcox was appointed to make examinations and estimates (the authorizing resolution calls it "an analysis and investigation") in connection with the acquisition by the City of a public utility.

We also submit that if the Board of Supervisors has no legal authority to employ, the Board cannot delegate the authority to employ to the City Attorney or to any other official.

The Charter further specifically provides that when any officer (and the City Attorney is an officer) shall require additional deputies, clerks or employees application must be made to the Mayor, who must investigate as to the necessity therefor and recommend to the Supervisors the authorization of the appointment.

Resolution No. 27804 authorizes the City Attorney to employ Mr. Wilcox, so he falls under the designation "employee" used in the Charter, and the Mayor never recommended the authorization.

We quote the resolution authorizing the appointment, and also the provisions of the Charter applicable in this case:

Resolution No. 27804: "Resolved, That the City Attorney be and he is hereby authorized to employ Delos F. Wilcox for the purpose of making an analysis and investigation regarding the franchises and properties of the privately owned street railways in San Francisco, and to furnish such additional information to the City Attorney as set forth in the letter of said City Attorney addressed to this Board on the date hereof at a cost of ten thousand dollars, payable to said Delos F. Wilcox as follows. . . ."

The "additional information" required to be furnished, as set forth in said letter, calls, among other things, for an analysis of values of franchises based upon valuations heretofore made by the City Engineer or State Railroad Commission, and of car mileage and trackage; and an analysis of the valuations heretofore made by the City Engineer with respect to price trends and depreciation, and to make recommendation of plans for the acquisition of all or such part of street railway properties privately owned as may be required to establish a complete and unified system

of street railways under municipal ownership.

Such "analysis and investigation", we submit, certainly has to do with the acquisition of a "public improvement and utility" as provided for in the Charter, and the Charter unequivocally imposes on the Board of Public Works, through the City Engineer, the duty to make all such investigations, plans and estimates.

Section 10, Chapter 1, Article VI, provides: "All examinations, plans and estimates required by the Supervisors in connection with any public improvements or utilities, shall be made by the Board of Public Works and it shall, when requested to do so, furnish information and data for the use of the Supervisors."

Section 1, Article XII, provides that in the acquisition, construction or completion of any public utility, the Board of Supervisors must procure from the Board of Public Works, through the City Engineer, plans and estimates.

The Charter provisions governing the appointment of employees by the City Attorney, or other official, is as follows:

Section 35, Article XVI: "When any officer, board or department shall require additional deputies, clerks or employees, application shall be made to the Mayor therefor, and upon such application the Mayor shall make an investigation as to the necessity for such additional assistance, and if he finds the same necessary he may recommend to the Supervisors to authorize the appointment of such additional deputies, clerks or employees; and thereupon the Supervisors, by an affirmative vote of not less than fourteen members, may authorize such appointments and provide for the compensation of such appointees, subject to the limitations contained in this Charter, and subject to the provisions of Article XIII thereof."

Section 5, Article XVI. "No department, board or officer shall, under any circumstances, employ more subordinates than are specifically provided for in this Charter or buy supplies beyond the sum furnished therefor by the Supervisors."

The City Attorney has, heretofore, rendered two opinions on the interpretation of said Section 10.

On December 15, 1926, in reply to an inquiry from the Board of Supervisors as to the right of the Board to select an engineer to prepare plans and specifications for a proposed bridge and to allow him a commission for his work, the amount to be fixed by the Board, the City Attorney rendered an opinion in which, after quoting said Section 10, Chapter 1, Article VI, of the Charter, he said: "I am of the opinion that the construction of a bridge, such as you have under consideration at the present time, or the selection of a site therefor, is a public improvement, and that under the plain language of the Charter quoted, all examinations, plans and estimates for the same must be made by the engineers appointed by the Board of Public Works." "It is a well settled rule of law that a county board is without power to employ or contract with a person to perform acts which are a part of the official duties imposed by law upon another official. This principle has been sustained by the Supreme Court of this State in numerous cases."

He then cites Ventura County v. Clay, 112 Cal. 65, which held that the Board of Supervisors had no power to appoint a private individual to collect licenses when the Tax Collector of the county was charged with the duty of so doing.

Also, Denman v. Webster, 139 Cal. 452, holding that the San Francisco Board of Education had no power to employ special counsel to represent them as, under the Charter, the City Attorney was charged with the duty of representing the Board.

And Rafael v. Boyle, 31 Cal. App. 623, wherein the court denied the right of the Civil Service Commission of San Francisco to employ special counsel, for the reason that it was the duty of the City Attorney to represent the Commission.

(These latter two cases were decided under the provisions of our municipal Charter.)

The City Attorney then proceeds: "You are, therefore, advised that if your Board desires any examinations or estimates made in connection with the application for bridge franchises, which are now pending before you, the same must be made by engineers employed by the Board of Public Works."

Mr. Wilcox was certainly employed to make examinations and estimates in connection with franchises, and clearly, under this opinion of the City Attorney, his employment was illegal.

Again, on December 30, 1926, in reply to a question as to the legality of the appointment of an engineer by the Board of Supervisors for the purpose of making a survey for a proposed new street lighting for San Francisco, the City Attorney

again quoted said Section 10 of the Charter, and stated:

"I am of the opinion that a survey for a proposed new street lighting system involves the making of an examination, plans and estimates for a public improvement, and, therefore, under the Charter provisions the same should be made by the Board of Public Works." "It is a well settled principle of law that it is not within the power of a county board to employ or contract with a person to perform acts which are a part of the official duties imposed by statute on another county officer. It would appear to me that Section 10 of the Charter, above quoted, very clearly imposes upon the Board of Public Works the duty of making examinations, plans and estimates for any public improvement."

He then cites Modoc County v. Spencer & Raker, 103 Cal. 498, to the effect that a Board of Supervisors could not employ counsel to assist in the prosecution of a criminal case; that as the District Attorney was charged by law with the prosecution of criminal cases, it was beyond the power of the Board to retain special counsel in the premises.

He also cites and relies upon Ventura County v. Clay, and Rafael v. Boyle, heretofore referred to in the bridge case.

It is impossible to distinguish between the bridge case, the street lighting system case and the street railway or Wilcox case, so far as the application of the provision of the Charter is concerned, that "All examinations, plans and estimates required by the Supervisors in connection with any public improvements or utilities shall be made by the Board of Public Works."

In the bridge case it was sought to employ some person to make plans and specifications for a bridge; in the street lighting case to make a survey for a street lighting system, and in the Wilcox case to make an "analysis and investigation" of the franchises and properties of a street railway system. An "analysis and investigation" and a "survey", we submit, amount to the same thing, and one appertained to a public improvement and utility as much as the other did.

It is useless to try to draw a distinction between information of an "engineering character" and an "economic character", as the City Attorney does.

It is also unquestionable, under the authorities, that if the Board of Supervisors cannot make the appointment, the Board cannot delegate authority to the City Attorney to make it.

It is true that the Board of Public Works, under express provision of the Charter, Section 2, Chapter 1, Article VI, is given power to employ clerks, engineers, deputies and workmen, but the City Attorney and other officials are expressly prohibited from doing so.

Now, nearly a year after the City Attorney renders these opinions that appointments by the Board of Supervisors of certain persons to make examination and report on two public utilities would be illegal, along comes an exactly analogous case of the appointment of a person to make an analysis and investigation of another public utility and to make a report thereon, and the City Attorney, completely abandoning his prior position, forgets his line of reasoning and the authorities cited to sustain it, and renders a directly contrary opinion.

We submit that the authorites cited in the Wilcox case have no bearing on the point at issue.

The first case he refers to is Smith v. Mayor of Sacramento, 13 Cal. 531, decided in 1859, and holding that the Common Council of Sacramento, under the terms of the old Charter of that city, had the right to employ an attorney to defend the city's title to certain real property.

The Charter of Sacramento had no provisions similar to those quoted from our Charter, and undoubtedly under the restrictions of our Charter the Board of Supervisors could not so have appointed.

The same may be said of the case of Hornblower v. Duden (1868), 35 Cal. 664.

Harris v. Gibbons, 114 Cal. 418, merely decides that under the County Government Act the Board of Supervisors of Modoc County had authority to employ an expert to examine the accounts of county officers.

In Haley v. McVay, Auditor, 70 Cal. App. 438, it was decided that the Board had the right to employ a person to make a cruise or estimate of the standing timber in the county, the estimate to be used when the Supervisors sat as a board of equalization.

Skidmore v. West, Treasurer, 186 Cal. 212, is to the same effect, applying the terms of the Political Code to defining powers of county boards of supervisors.

Unquestionably there are no pro-

visions in the County Government Act, or in the sections of the Political Code, referred to in the cases last cited by the City Attorney, similar to the sections of the Charter of the City and County of San Francisco herein quoted.

None of the cases cited in the Wilcox case have the least bearing on the provisions of our Charter mapping out the procedure to be followed in the acquisition of a public utility, or in the appointment of additional clerks, deputies or employees by the City Attorney, for the City Charter specifically provides that where an official needs additional clerks, deputies or employees the application for leave to appoint must, in the first instance, be made to the Mayor and if he deems the necessity exists he may recommend that the Supervisors authorize the appointment. No power rests with the Board or with the City Attorney to make appointments without the recommendation of the Mayor. This course was not followed in the Wilcox case.

I venture the opinion that if the legality of appointments made by the City Attorney, or by other officials, merely under a resolution passed by the Board of Supervisors, without application to and recommendation by the Mayor, is ever brought before the courts, the said appointment will be declared illegal and the approval of the Auditor of claims for services thereunder and payment thereof by the Treasurer will be held to have been unauthorized and in no way binding on the City.

The language of the court in the case of County of Modoc v. Spencer & Raker, 103 Cal. 498, is applicable here:

"It is said that what was done here has been frequently done by boards of supervisors in other counties. We are not disposed to question these assertions, nor the perfect good faith of the board in this instance. Many acts done by boards and officers in the supposed discharge of their duty and in the best of faith do not find sanction in the law, and for a time pass current because unchallenged; but the fact cannot weigh in favor of their validity when eventually called into question. The action of the board, being without authority was void, and created no legal claim against the county."

Respectfully submitted,
LEWIS F. BYINGTON.

Declaring Result of Bond Election for Municipal Railway Extension and Moccasin Creek Power Line.

Supervisor McSheehy presented:

Resolution No. 28157 (New Series), as follows:

Declaring the result of the election held on the eighth day of November, 1927, for the purpose of authorizing the incurring of a bonded debt of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the acquisition, construction and completion of permanent improvements consisting of certain improved routes for public highway purposes in the City and County of San Francisco, and the incurring

of a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit: A number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way within the City and County of San Francisco, and the incurring of a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit: The extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco.

Whereas, pursuant to the provisions of Ordinance No. 7738 (New Series), calling a special election, and Resolution No. 27924 (New Series), giving notice of the same, and Ordinance No. 7748 (New Series), calling a special election, and Resolution No. 27935 (New Series), giving notice of the same, and pursuant to the provisions of Ordinance No. 7747 (New Series), calling a special election, and Resolution No. 27936 (New Series) giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the eighth day of November, 1927, whereat was submitted to and determined by the qualified voters of said City and County, the following propositions:

To incur a bonded debt of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the acquisition, construction and completion of permanent improvements consisting of certain improved routes for public highway purposes in the City and County of San Francisco.

To incur a bonded debt of the City and County of San Francisco to the amount of four million six hundred thousand ($4,600,000) dollars for the purpose of the acquisition, construction and completion of a public utility consisting of a number of extensions to the existing Municipal Street Railway system over and along the public streets and private rights of way within the City and County of San Francisco.

To incur a bonded debt of the City and County of San Francisco to the amount of two million ($2,000,000) dollars for the acquisition, construction and completion of a public utility consisting of the extension of the Moccasin Creek power line of the Hetch Hetchy water and power project of the City and County of San Francisco.

Whereas, said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed and the result thereon determined and declared as required by law; and

Whereas, the Board of Election Commissioners of said City and County filed on November 25, 1927, in the office of the Clerk of the Board of Supervisors its certificate showing the facts above recited and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against the aforesaid propositions; now, therefore, be it

Resolved, by the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the eighth day of November, 1927, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at the special election for the Boulevard Bond Issue was 118,505.

3. It is hereby declared that of the votes so cast 92,867 were cast and counted as being in favor of said proposition, to-wit: The Boulevard Bond Issue, and that 25,638 votes were cast and counted as being against and not in favor of said proposition.

4. It is hereby declared that the total number of votes cast at said special election for the Municipal Railway Extension Bonds was 118,449.

5. It is hereby declared that of the votes so cast 68,484 were cast and counted as being in favor of said proposition, to-wit, the Municipail Railway Extension Bonds, and that 49,965 votes were cast and counted as being against and not in favor of said proposition.

Leave of Absence, Supervisor James B. McSheehy.

The following was presented and read by the Clerk:

San Francisco, Cal.,
November 28, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

Application has been made to me by Hon. James B. McSheehy, member of the Board of Supervisors, for a leave of absence, with permission to absent himself from the State of California, for a period of sixty days, commencing November 28, 1927.

Will you please concur with me in granting this leave of absence?

Respectfully,
JAMES ROLPH, Jr.,
Mayor.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 28158 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. James B. McSheehy member of the Board of Supervisors, is hereby granted a leave of absence for a period of sixty days, commencing November 28, 1927, with permission to leave the State.

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Havenner, Hayden, Herz, Kent, McSheehy, Roncovieri, Schmidt, Stanton—12.

Absent — Supervisors Badaracco, Harrelson, Marks, Powers, Shannon, Todd—6.

Thomson, Wood & Hoffman to Pass on Validity of War Memorial Bonds.

Supervisor McSheehy presented:

Resolution No. 28159 (New Series), as follows:

Whereas, by the vote of the people Memorial Halls Bonds in the sum of four million ($4,000,000) dollars, for the acquisition, construction and completion of a permanent improvement, to-wit, the construction, completion and equipment of permanent buildings in or adjacent to the Civic Center in the City and County of San Francisco to be used as Memorial Halls for war veterans, and for educational, recreational and entertainment and other municipal purposes, and the purchase of all equipment and furnishings necessary for said buildings, have been authorized to be issued; and

Whereas, to make the bonds attractive in the eastern market and to do so requires the approval of the bond issue by a recognized law firm specializing in said matters; now, therefore, be it

Resolved, That the law firm of Thomson, Wood & Hoffman of New York City, State of New York, be and it is hereby employed to pass upon the validity of the proceedings authorizing the issuance of the Memorial Halls Bonds; and be it

Further Resolved, That out of any moneys realized from the sale of said bonds the firm of Thomson, Wood & Hoffman be paid for their

services in passing upon the legality of said bond issue the sum of two thousand ($2,000) dollars.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, McSheehy, Roncovieri, Schmidt, Stanton, Todd—14.

Absent — Supervisors Badaracco, Marks, Powers, Shannon—4.

Board of Health to Employ Expert Hospital Administrator.

Supervisor Byington presented:

Resolution No. 28123 (New Series), as follows:

Resolved, That the Department of Public Health be and is hereby granted permission to employ an expert hospital administrator to act as superintendent of the San Francisco Hospital, to take effect January 1, 1928.

Adopted by the following vote:

Sunday Holiday in Honor of Gold Star Mothers.

Mrs. L. Hinkel was granted the privilege of the floor on motion of Supervisor Havenner, and asked that some day, a Sunday preferably, be set aside to honor Gold Star mothers. She thanked his Honor the Mayor for assistance and use of his car to attend Memorial Grove dedication, also, the Board of Supervisors for assistance rendered.

Supervisor Hayden moved that Supervisors Herz, Kent, Schmidt and Colman be appointed as a special committee to carry out request.

So ordered.

Relative to Salary Increases.

The Chairman: Members of the Board, may I make this statement from the chair as the chairman of the Finance Committee? I think you are all interested in this, which is in reference to the salaries: Members of the Board, this morning I spent the greater portion of the early part of this morning going over the books with Mr. Williams and Mr. Conlon and this condition exists today: With reference to the money in the Good Roads Fund that is unexpended, we have allocated certain sums of money for street reconstruction in the Good Roads Fund, and in the bond issue that was passed some three weeks ago you have passed a bond issue for the Alemany boulevard, the Junipero Serra boulevard and the Bay Shore boulevard, and in the allocation of the tentative—I will not say allocation—the tentative sums of money for these three porjects amount to $400,000 in round sums, and that money is now to be expended as a bond issue. Therefore, it leaves in the Good Roads Fund $400,000. Now, if the Board wishes to use that money entirely for reconstruction of streets, why, of course, then there would be a credit in the General Fund. I make this statement to the Board and it is up to the Board to act upon the matter.

Supervisor Schmidt: As to the Good Roads Fund, we would have to allow that for the budget appropriation, wouldn't we? We cannot use the Good Roads Fund for salaries.

The Chairman: No, not for anything but reconstruction of streets.

Supervisor Schmidt: If we charged those funds allotted in the budget for reconstruction and maintenance of streets and diverted the Good Roads Fund into the Good Roads project and then use that money from the budget allotment as an increase in salaries——

The Chairman (interrupting): The thought I had was; first, if there was any surplus, pay certain deficits that exist today. There are deficits that exist.

Supervisor Schmidt: Wasn't it brought down to $6,000?

The Chairman: I think you will find it is a little more. Whatever deficits exist should be taken care of first.

Supervisor Gallagher: I understand that the Finance Committee will face deficits of over $400,000, including the amount they have in the last set-up. What you are indicating, Mr. Chairman, is that in view of the fact that approximately $300,000 was appropriated for highway purposes——

The Chairman (interrupting): $400,000.

Supervisor Gallagher: Yes, not for streets but for highway purposes. Perhaps you may be able to meet the deficits of the Board of Health, which I understand amount to $102,000, and the Board of Public Works, which I think amounts to $97,000, by reallocating funds. I am of the opinion that next week we will have a report of your committee on the reallocation of those funds to meet deficits. However, on

the subject matter of wage increases, that is an entirely different matter. Does your committee intend to deal with the proposition of reallocation of funds as presented by the bond issue and with the use of this money already allocated to highway construction, or does it not?

The Chairman: I would say, yes, sir, it does. I took it up with the Clerk this morning and with Mr. Williams this morning.

Supervisor Gallagher: Your committee will make a report on that?

The Chairman: Yes, we will.

Supervisor Gallagher: All right. When the time comes to——

The Chairman (interrupting): We will make a report on the facts as the facts are today.

Supervisor Gallagher: I will say to Mr. Schmidt that when the committee does that, I think I will be able to show, as a member of the Board, that not because of reallocation but because they are able to meet deficits which they did not think they would be able to meet, there will be sufficient funds to meet legitimate wage increases. I do not intend for a moment to indicate that the Committee or the Board is going to run wild, but I think there are certain deserved increases that should be made to meet what others are paying for similar work. I think you will find that money can be found for that. And I would wait on the wage matter, because I do not want it to interfere with the reallocation until you have made your report.

The Chairman: Is there anything further on this matter?

Supervisor Todd: It is my understanding that you are going to take part of this $309,000 and pass the money out to the Good Roads Fund to take care of that?

The Chairman: May I make this statement to the Board? In the allocation this year, in round sums, and these are all round, $1,300,000 had included in that allocation certain major highways, including the Alemany boulevard, the Junipero Serra boulevard and the Bay Shore Highway, which approximately amount to about $400,000. Now, by bond issue the people of the City and County of San Francisco three weeks ago have voted to do this work as a direct bond issue. Therefore, you cannot take this money from the Good Roads Fund and use it for bond purposes. Therefore, you have that in there as a surplus. Now, this Board can, if it wishes to, allocate this money for street reconstruction, and we will give in the report in writing to this Board during the week, a direct set-up of the exact amount of these funds. We have to get in touch with the Board of Public Works as to just what contracts are out against this fund.

Supervisor Schmidt: You will itemize it?

The Chairman: Oh, yes, and give you a report in writing. I would say that this matter is governed entirely under the tentative report that I am making here today, and that will be touched on in our written report to you.

Supervisor Todd: I want to ask a question: Could $60,000, under the matter referred to you by the Street Committee last week, be borrowed from one of these funds and be turned over to the City Engineer so that he can go ahead with his construction work while we are perfecting the bond issue?

The Chairman: The Clerk has just really answered that question. He has just called attention to the fact that we cannot take amounts from one fund and then pay back out of the bond issue.

Supervisor Todd: I am advised by Mr. Healy that if we did this work now we could probably save 50 per cent on account of grading being done in that subdivision; that we could do it for about half the price we usually have to pay for yardage.

The Chairman: I am advised it is not legal to transfer money from the Good Roads Fund to the bond fund and then expect the bond fund to return the money. I am advised that is not legal. If we have to ask the City Attorney's advice on it we will do so.

Supervisor Todd: I would be glad if you would do so, because we will lose that money otherwise.

The Chairman: The members of the Board will receive a report on this matter before the next meeting.

Supervisor Colman: As a matter of information for my own use, I wish Mr. Gallagher and Mr. Stanton would furnish me with a list of the positions which they both have claimed heretofore on the floor of the Board are paid less than on the outside. The statement was made that the Charter provides that we shall pay as well as they are paid on the outside. If there are any such positions, I would like to have a list of them, to allow me to find out if that is the fact, because I certainly have repeatedly stated,

and am prepared to increase any wages up to the point that is paid outside for similar work. I asked the President of the Labor Council for that information last Tuesday.

Supervisor Gallagher: If Mr. Stanton cannot furnish it to you I will.

Supervisor Colman: I wish you would.

Supervisor Stanton: I was going to make a motion in regard to these salary raises, if I am permitted, which I think may possibly clear up the question that the Supervisor has asked.

The Chairman: I will recognize you, Supervisor Stanton.

Supervisor Stanton: I move that the Finance Committee be instructed to hold a meeting Wednesday night to hear the different city employees or their representatives who have asked for a raise in salary.

Supervisor Schmidt: I will second the motion.

Supervisor Stanton: At that time —at 8 o'clock in these chambers— and we will have the interested parties here to explain their own case.

The Chairman: The motion is for the Finance Committee to hold the meeting?

Supervisor Stanton: Yes.

Supervisor Gallagher: I would add to that that the Finance Committee be requested to hold such hearing and that all the members of the Board of Supervisors be especially invited to come.

Supervisor Schmidt: I will second the motion.

The Chairman: Any objection? (There was no objection.) *So ordered.*

ADJOURNMENT.

There being no further business the Board of Supervisors, at 6:30 p. m., adjourned.

J. S. DUNNIGAN,
Clerk.

Board of Public Works to Prepare Plans, etc., and Make Demand on Wm. B. Wagnon That Pantages Building Conform Architecturally With Civic Center.

Supervisor Havenner presented:

Resolution No. 28201 (New Series), as follows:

Whereas, the City and County of San Francisco, on the 26th day of February, 1925, conveyed to William B. Wagnon a certain lot or tract of land lying within the Civic Center of the City and County of San Francisco; and

Whereas, said conveyance was made to said Wagnon upon the express understanding thta said Wagnon would finish the construction of the building commonly known and designated as the Pantages Building in conformity with plans and specifications to be prepared under the direction of the Board of Public Works so that the said building when completed would in general effect conform with the architecture of the municipal buildings within the Civic Center; and

Whereas, said William B. Wagnon has constructed said building and has not completed the same so that the architecture thereof will conform with the municipal buildings in said Civic Center; now, therefore, be it

Resolved, That the Board of Public Works be, and it is hereby directed, to prepare plans and specifications so that the architecture of the said Pantages Building may be made to conform with the architecture of the municipal buildings in the Civic Center, and that when said plans and specifications are completed that said Board of Public Works make demand upon said William B. Wagnon that he forthwith proceed with the work and labor on said Pantages Building in accordance with the said plans and specifications, so that the architecture of said building may be made to conform with the architecture of the municipal buildings in said Civic Center.

Boulevard Bonds.

On motion of Supervisor Havenner:

Bill No. 8332, Ordinance No. —— (New Series), as follows:

Providing for the issuance and redemption of bonds of the City and County of San Francisco to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the acquisition, construction and completion of the permanent improvements, to-wit: Certain improved routes for public highway purposes in the City and County of San Francisco, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the boulevards.

Whereas, a special election was held in the City and County of San

Francisco on the 8th day of November, 1927, in accordance with the provisions and requirements of Ordinance No. 7738 (New Series), calling and providing for such election, and Resolution No. 27924 (New Series), giving notice thereof, reference to said ordinance and resolution for further particulars being here made; and

Whereas, it has been determined by Resolution No, 28157 (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cost thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purpose and to the amount stated in the proposition submitted thereat;

Now, therefore, be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That bonds of the City and County of San Francisco be issued in accordance with the result of the special election held in said City and County on the 8th day of November, 1927, and the provisions of said Charter of said City and County and with Ordinance No. 7738 (New Series) and Resolution No. 28157 (New Series), as follows, to-wit:

That bonds of the City and County of San Francisco be issued to the amount of nine million three hundred and eighty thousand ($9,380,000) dollars for the purpose of the acquisition, construction and completion of a permanent improvement, to-wit: Certain improved routes for public highway purposes in the City and County of San Francisco, as follows: A boulevard to be known as the Bay Shore Highway from the vicinity of Army street, Potrero avenue and San Bruno avenue along San Bruno avenue widened to Cortland avenue, thence along a new right of way to Silver avenue and Charter Oak avenue, thence along Charter Oak avenue widened to Paul avenue, thence along a route paralleling San Bruno avenue between San Bruno avenue and Third street to the vicinity of San Bruno avenue and Sunnydale avenue and the county line, or the most feasible route or routes; a boulevard to be known as Alemany boulevard from the vicinity of Cortland avenue and San Bruno avenue and the proposed Bay Shore Highway, thence in a southerly and westerly direction following the general course of the old Ocean Shore right of way to a connection with the Junipero Serra boulevard near Palmetto avenue, or the most feasible route or routes; a boulevard to be known as the Junipero Serra boulevard from the vicinity of Sloat boulevard and Portola drive, thence in a general southerly direction widening and straightening the existing roadway of the present Junipero Serra boulevard to the county line near the vicinity of Belle avenue, or the most feasible route or routes; a boulevard to be known as Nineteenth avenue extended southerly crossing old Ocean Avenue and paralleling on each side the extension of the Municipal Railway running southerly and southeasterly to Junipero Serra boulevard, or the most feasible route or routes; a boulevard to be known as the Sunset boulevard commencing at Lincoln way between Twentieth avenue and Thirty-seventh avenue and running in a southerly direction between said Twentieth avenue and said Thirty-seventh avenue, or such avenues included or extended, to Sloat boulevard, or the most feasible route or routes; a boulevard or beach frontage improvement to be known as the Esplanade commencing in the vicinity of the Great Highway and Fulton street and running in a general southerly direction along and upon said Great Highway to Lincoln way of the same type of construction as the previously completed Esplanade; an improvement of the Great Highway from Lincoln way southerly to Sloat boulevard; a boulevard to be known as the Van Ness avenue extension from the vicinity of Mission street and Twelfth street extended southerly to Howard street and Thirteenth street, or the most feasible route or routes, including approaches, structures, pavements, curbs, sidewalks, sewers, drainage facilities, the readjustment of intersecting and adjacent streets and other improvements, and the purchase of the necessary lands with respect to each of the said boulevards or beach frontage improvements.

Bonds issued for the purpose stated shall be called "Boulevard Bond Issue," and numbered from 1 to 9380, both inclusive, and shall be payable four hundred and sixty-nine thousand ($469,000) dollars thereof five years from the date of said bonds, beginning with the lowest number, and four hundred and sixty-nine thousand ($469,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor, and attested by the Clerk of the Board of Supervisors with the seal of eaid City and County.

Said bonds shall be in substantially the following form:

The United States of America.
State of California.
City and County of San Francisco.
Boulevard Bond Issue.

No. $1,000.00

For value received, the City and County of San Francisco, a municipal corporation, organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer, on the first day of ———, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually May 1 and November 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and Couty of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of November, 1927.

....., Mayor.

....., Treasurer.

Countersigned:

....., Auditor.

....., Attest: Clerk of the Board of Supervisors. (Seal)

Section 4. Interest coupons shall be attached to each bond to the number of twice the number of years such bond will run until the maturity thereof, and the coupons shall be of such a sum as will amount to the interest due on such bond for six months. Such coupons shall be numbered from one upwards and shall state the name and number of the bond to which it is attached. Such coupons shall bear the facsimile signature of the Treasurer of the City and County of San Francisco and be substantially in the following form:

Telegram in re Bridge Bill.

Washington, D. C., Dec. 16, 1927.

Franck R. Havenner, Supervisor, City Hall.

Following statement issued today by Senator: "The first meeting of the Commerce Committee was held today and I brought to the attention of the members the San Francisco Bridge Bill. A subcommittee on bridges was appointed, consisting of Dale, La Follette and Sheppard before whom, in the first instance, the San Francisco bridge matter will come. I explained to the committee as a whole the bill and briefly adverted to the opposition of the Navy Department. The bill, in its regular course, will be submitted for an opinion to the United States Engineers and to the Navy Department, but the committee acquiesced in my request that response should be full and in detail and that thereafter the opportunity should be accorded San Francisco to present not only its testimony in behalf of the measure but in refutation of the position which the Navy Department has taken."

Congressional Investigation of Relations of Pacific Telephone and Telegraph Company, American Telephone and Telegraph Company and Western Electric Company.

Supervisor Havenner presented:

Resolution No. 28206 (New Serits), as follows:

Whereas, the Pacific Telephone and Telegraph Company has petitioned the Railroad Commission of the State of California to increase the telephone rates in San Francisco, Oakland, Berkeley, Alameda, Piedmont and other communities about San Francisco Bay; and

Whereas, this Board of Supervisors is advised by the City Attorney that the rates asked by the said Pacific Telephone and Telegraph Company are believed to be unfair and exorbitant, and that the rates paid in the communities referred to should be decreased instead of increased, and could be decreased and allow the Pacific Telephone and Telegraph Company to make a fair return on the capital it has invested, if the said Pacific Telephone and Telegraph Company operated its business without paying to the American Telephone and Telegraph Company of New York any percentage of its gross income yearly and be relieved of the necessity of purchasing all their supplies from the Western Electric Company, Incorporated, of the State of New York; and

Whereas, the Pacific Telephone and Telegraph Company operate and do business in the states of California, Washington, Oregon, Idaho and Nevada, and this Board is advised by the City Attorney in the states of Washington and Oregon have caused the people to pay excessive rates for telephone service, and will, if not restrained, seek to impose unjust, discriminatory and unfair telephone rates in all communities where they are engaged in business; now, therefore, be it Resolved:

Section 1. That Congress cause a federal investigation to be conducted of the affairs of the Pacific Telephone and Telegraph Company, the American Telephone and Telegraph Company and the Western Electric Company for the purpose of ascertaining if the relations between these companies constitute a monopoly in the selling of telephone service throughout the states of California, Washington, Oregon, Idaho and Nevada, and if they do so constitute a monopoly that action be taken by Congress to initiate a proper proceeding to terminate the relations between the American Telephone and Telegraph Company, Western Electric Company and the Pacific Telephone and Telegraph Company.

Section 2. The City Attorney is hereby directed to forward a copy of this resolution to United States Senators Hiram W. Johnson and Samuel M. Shortridge and all members of the House of Representatives from California, that they may take the necessary steps to cause the investigation hereby requested, and that the City Attorney is further directed to send copies of this resolution to all large cities in the states of California, Washington, Oregon, Idaho and Nevada, with the request that those cities pass resolutions by their Boards of Supervisors, Councilmen, Trustees or other governing boards, and that

such resolutions be forwarded to their representatives in Congress.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Marks, Powers, Roncovieri, Schmidt, Stanton—14.

Absent — Supervisors Harrelson, McSheehy, Shannon, Todd—4.

Section 4. Interest coupons shall be attached to each bond to the number of twice the number of years such bond will run until the maturity thereof, and the coupons shall be of such a sum as will amount to the interest due on such bond for six months. Such coupons shall be numbered from one upwards and shall state the name and number of the bond to which it is attached. Such coupons shall bear the facsimile signature of the Treasurer of the City and County of San Francisco and be substantially in the following form:

FORM OF COUPON.

No. —— $——

On ————1, 19—, the City and County of San Francisco, California, will pay to the bearer at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York, ———— dollars ($——) in gold coin of the United States, being six months' interest then due on its "Boulevard Bond Issue," dated November 1, 1927, number ———.

....., Treasurer.

Section 5. Any bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter and from time to time the bond may be transferred by such registered owner in person or attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon. Such registration

shall be substantially in the following form:

FORM OF REGISTRATION.

San Francisco, ———, 19—

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of————— and the interest and principal thereof are hereafter payable to such owner.

....., Treasurer.

Section 6. For the purpose of providing for the payment of the principal and interest of said bonds, taxes shall be levied and collected as provided in Ordinance No. 7733 (New Series) and Resolution No. 27924 (New Series), and in furtherance of the purpose herein expressed the following fund is hereby created, to-wit: "Boulevard Bond Issue Interest and Redemption Fund."

Section 7. The Board of Supervisors shall sell said bonds at such times and in such amounts as it may determine. The proceeds arising from the sale of Boulevard Bond Issue shall be placed in the treasury to the credit of the "Boulevard Bond Issue Construction Fund," which shall be used exclusively for the purpose for which said bonds were issued.

Section 8. This ordinance shall take effect immediately. And the Clerk of the Board of Supervisors is hereby directed to advertise this bill and ordinance in the official newspaper, as required by law.

Explanation of Vote.

Supervisor Marks requested for the record that he be recorded as voting *No* on all items except 14, 15, 16, 17, 18. On final passage, he said, he would seek to obtain these out of the Budget. If he were present when the foregoing resolution was passed would have offered such an amendment. He denounced the resolution as a raid on the Street Fund, an attempt to deplete the small sum for this work to make up deficits in departments.

Appropriation, $500, Flood Lighting, City Hall.

Also, Resolution No. ——— (New Series), as follows:

Resolved, That the sum of $500 be and the same is hereby set aside, appropriated and authorized to be expended out of Repairs to Public Buildings, Budget Item No. 59, for purchase of necessary lamps for use in connection with the City Hall Flood Lighting System.

Transfer of County Road Fund for Improvement of Harrison Street.

Clerk to Give Notice of Lease of City Land in San Mateo County.

Supervisor Byington presented:

Resolution No. 28238 (New Series,) as follows:

Whereas, the City and County of San Francisco is the owner of the hereinafter described real property; and

Whereas, it is deemed to be for the best interests of the City and County of San Francisco that the said property be leased; now, therefore, be it

Resolved, That the Clerk of this Board be and he is hereby authorized to give notice that the hereinafter described property will be leased for the term of three years, to the person or persons offering the highest and best monthly rent therefor, which said notice shall specify a time and place where bids or offers for the leasing of said premises will be received by the Board of Supervisors, and that a lease of said property will be entered into by the City and County of San Francisco and the person or persons offering the highest and best rental therefor, subject to the authorization by ordinance adopted by two-thirds of the members of the Board of Supervisors and approved by the Mayor. Be it

Further Resolved, That said notice be published for three weeks before the date fixed for the receiving of bids or offers for the leasing of said property, in the official newspaper of the City and County of San Francisco.

That the following is a description of the real property herein referred to:

A parcel of land in the County of San Mateo, State of California, described as follows:

Beginning at Engineer Station "PD" 1043+42.22 of the center line survey of the existing Hetch Hetchy Aqueduct 60-inch pipe line; thence running south 45 deg. west 390 feet, more or less, to the northeasterly side line of Pulgas road; thence northwesterly, northerly, easterly and southeasterly along the side line of Pulgas road, following the curvature thereof, to a point which bears north 45 deg. east 60 feet, more or less, from said Engineer Station; thence south 45 deg. west 60 feet, more or less, to the point of beginning.

Judah Street Improvement Out of Urgent Necessity Fund.

Supervisor Herz presented:

Resolution No. ——— (New Series), as follows:

Whereas, Reuben G. Hunt has commenced an action, which is now on appeal in the Supreme Court of the State of California, and which

said action has prevented the continuance of the work of constructing the Municipal Railway line to be constructed on Duboce avenue and on Judah street in the Sunset District; and

Whereas, the discontinuance of this work has created an emergency situation in the Sunset-Parkside District, in which a great portion of Judah street is left torn up and in a dangerous condition, much to the damage of the property owners and advancement of our City; and

Whereas, the delay of the completion of the Judah street carline is causing irreparable damage to the property owners of the Sunset-Parkside District, most of whom were assessed to pay for the Duboce tunnel through which this carline is to run; and

Whereas, there appears to be no possibility of adjusting the suit and permitting the work to go on for at least sixty days unless money is provided from another fund; therefore, be it

Resolved, That this Honorable Board of Supervisors does hereby authorize the Auditor to draw warrants for the continuance of this work from the Urgent Necessity Fund, provided for by this Board for such exigencies; and, be it

Further Resolved, That this Board push through this resolution as quickly as possible to alleviate the distress caused by the delaying of this work on Judah street.

Privilege of the Floor.

Norman Wells and *John Calish* for Callaghan were heard in favor.

Referred to Finance Committee.

Death of John Tuohy.

Supervisor Gallagher presented:

Resolution No. 28235 (New Series), as follows:

Whereas, in the death of John Tuohy in Oakland on December 12, 1927, a master builder of this Pacific Coast, a Titan in our vast scheme of development of this western world, was called to his eternal reward.

Facing as we do the imminent development of the Orient and of the Latin countries to the south, and the great need of this type of industrial leadership, a loss indeed deplorable has been suffered by all the communities around the Bay of San Francisco in the passing of this man, whose talent in development work and whose broad enterprise has been felt all over the Pacific Coast—an eminently constructive man, still in the prime of life, whose perfect work brought to himself great distinction and to his confreres great material success and future promise—a man whose modest, retiring, simple and generous character was strikingly singular considering his vast enterprise and outstanding ability.

Coming to this Coast in 1904, he was engaged with the Columbus Engineering Company in Portland, later with the Columbia plants at Pittsburg, California, then with the Best Steel Casting Company at Elmhurst, and for the past fifteen years superintendent and largely the owner of this great foundry enterprise, as also of the Caterpillar Tractor Company; therefore, be it

Resolved, That this Board of Supervisors extends to the City of Oakland, of which John Tuohy was an admired and loved citizen and one of the foremost builders of its industrial prosperity, the sincere condolence of San Francisco in the untimely death of this truly great and worthy citizen;

Further Resolved, That this Board of Supervisors extends its deepest sympathy to the bereaved family in the loss of a father whose outstanding character and ability has won for him the admiration, esteem and affection of all who knew him;

Further Resolved, That when this Board adjourns it does so out of respect to the memory of John Tuohy.

Adopted by the following vote:

Ayes—Supervisors Byington, Gallagher, Havenner, Hayden, Herz, Kent, Powers, Roncovieri, Schmidt, Stanton—10.

Absent — Supervisors Badaracco, Colman, Deasy, Harrelson, Marks, McSheehy, Shannon, Todd—8.

ADJOURNMENT.

There being no further business the Board, at 7 p. m., adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors January 3, 1928.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOHN S. DUNNIGAN,
Clerk of the Board of Supervisors.

The following was presented and read by the Clerk:

San Francisco, Cal.,
December 26, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

Application has been made to me by Hon. J. Emmet Hayden, member of your Board, for a leave of absence with permission to leave the State of California for a period of sixty days, beginning January 1, 1928.

I respectfully request that you concur with me in granting said leave of absence.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was *adopted*:

Resolution No. 28269 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. J. Emmet Hayden, member of the Board of Supervisors, is hereby granted a leave of absence for a period of sixty days, commencing January 1, 1928, with permission to leave the State.

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Marks, McSheehy—3.

Leave of Absence, Supervisor Warren Shannon.

The following was presented and read by the Clerk:

San Francisco, Cal.,
December 26, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

Application has been made to me by Hon. Warren Shannon, member of your Board, for a leave of absence with permission to leave the State of California for a period of sixty days, beginning January 1, 1928.

I respectfully request that you concur with me in granting said leave of absence.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Whereupon, the following resolution was *adopted*:

Resolution No. 28270 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Warren Shannon, member of the Board of Supervisors, is hereby granted a leave of absence for a period of sixty days, commencing January 1, 1928, with permission to leave the State.

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Marks, McSheehy—3.

Supervisors Hayden and Shannon Appointed to Represent San Francisco in Obtaining Democratic Convention.

The following was presented and read by the Clerk:

San Francisco, Cal.,
December 26, 1927.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

In conformity with Resolution No. 28161 (New Series), I have appointed Supervisors J. Emmet Hayden and Warren Shannon to represent the City before the Democratic National Committee, to invite the Democratic party to hold its 1928 convention in San Francisco.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Mayor's Veto.

The following was read by the Clerk:

Resolution No. 28196 (New Series), as follows:

Resolved, That Peter McHugh is hereby granted the following extensions of time to complete street work, viz.:

Ninety days' time from and after January 4, 1928, within which to complete the improvement of Forty-fourth avenue between Kirkham and Lawton streets where not already improved.

Ninety days' time from and after January 4, 1928, within which to complete the improvement of the crossing of Forty-third avenue and Kirkham street and Forty-third avenue and Lawton street.

These extensions of time are granted for the reason that the work is well under way.

Adopted—Board of Supervisors, San Francisco, Dec. 12, 1927.

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Marks, Roncovieri, Schmidt, Stanton, Todd.

Absent — Supervisors Badaracco, McSheehy, Powers, Shannon.

J. S. DUNNIGAN,
Clerk.

Disapproved, San Francisco, Dec. 23, 1927.

JAMES ROLPH, JR.,
Mayor.

The reasons given for granting the extensions of time are no reasons at all. The work should have been finished on time, as conditions were perfect. This contractor is notoriously slow in finishing his contracts and keeps continuously seeking extensions.

J. R., JR.

Dec. 27, 1927—Veto Read. Action continued for one week.

Shingle Ordinance Approved.

The following was presented and read by the Clerk:

Communication, from the Sunset Transportation and Development Association, earnestly requesting the Board to vote favorably on the fire-proof shingling ordinance now pending.

Ordered *filed.*

Also, *communication*, from the Building Owners and Managers Association of San Francisco, transmitting copy of resolution of said organization favoring the proposed fire-proof shingle ordinance.

Ordered *filed.*

City Hall Post Office.

Communication, from Harry L. Todd, Acting Postmaster, transmitting copy of letter sent to Supervisor Chas. J. Powers, chairman of the Building Committee, relative to obtaining accommodations for a well-equipped post office in the City Hall building, and which he will be glad to place at the disposal of the municipal departments housed in the building if he can obtain the necessary space.

Referred to Public Buildings Committee.

Wool Industry for San Francisco.

Supervisor Kent presented:

Communication, from the California Wool Growers Association, transmitting bills paid by said association covering their annual convention held in San Francisco on November 3 and 4, 1927, and stating that more wool is shipped through the Port of San Francisco than any other Pacific Coast port; calling attention to the importance of this trade and requesting the cooperation of the Board of Supervisors in making San Francisco the wool center of the entire west.

Referred to Public Welfare Committee.

Date on Which Newly Elected Members of Board of Supervisors Shall Assume Office.

The following was presented and read by the Clerk:

Commication, from City Attorney John J. O'Toole, advising as to date on which duly elected members of the Board of Supervisors shall assume office.

Ordered *filed.*

San Francisco Produce and Provision Terminal.

His Honor the Mayor presented the following:

Communication, from W. H. Kearney, President, San Francisco Produce and Provision Terminal, addressed to his Honor the Mayor,

calling attention to its plans for the immediate expenditure of $6,000,000 in the construction in San Francsico of the world's most palatial and sanitary produce and provision terminal, situate on an eighteen-acre tract adjoining the U. S. Government Transport Docks, which is being financed by eastern capital that had been attracted to California enterprises and expressing the hope that San Francisco will be glad of the opportunity to welcome this great project in the interest of commercial progress of the City and will receive the cooperation of all City officials.

Also, *communication*, of a later date, calling attention of Frank C. Jordan, Secretary of State, that protests against the proposed $6,000,000 produce and provision terminal are such that he has determined to abandon the site in San Francisco and move to Oakland.

Referred to City Planning Committee.

Relative to Rezoning Ocean Avenue Between Fairfield Way and Lakeview Avenue.

The following was presented and read by the Clerk:

Communication, from the Ingleside Terrace Association advising that its board of directors has acted favorably upon the application of Fernando Nelson & Sons to rezone the north line of Ocean avenue from Fairfield way to the easterly boundary of Balboa Terrace into the commercial area, and makes that recommendation to the Board of Supervisors.

Also, *communication*, from Dr. and Mrs. H. A. Mager and numerous others, residents of the Ingleside Terrace and Mount Davidson Manor tracts, protesting the proposed rezoning of the said north side of Ocean avenue between Fairfield way and Manor drive from first residential to commercial zone.

Also, *communication*, from N. A. Dickery and numerous others, residents and property owners of the district affected, registering their objections to any further rezoning of Ocean avenue west of Victoria street on the one side and Fairfield way on the other, and stating that the commercial area on Ocean avenue is adquate at the present time.

Also, *communication*, from Ocean Avenue Commercial Club declaring that the organization has gone on record as approving the rezoning of Ocean avenue on the north side between Fairfield way and Manor drive.

Ordered *filed.*

Alternative Design, Bay Dridge.

Communication, from Inter-Cities Bridge Company transmitting an alternative design for a bridge across San Francisco Bay, on the Goat Island location.

Read and matter *continued until January* 23, 1928.

Phelan Plaque for O'Shaughnessy Dam.

Supervisor Byington presented:

Resolution No. 28241 (New Series), as follows:

Whereas, in his capacity as Mayor of the City and County of San Francisco, the Honorable James D. Phelan rendered invaluable service in the acquisition of the Hetch Hetchy water system for said City and County by making the original filings for water rights on the great watershed of the Sierra Nevadas which constitute the said system, and by his continued energy and zeal in carrying forward the initial work; therefore, be it

Resolved, That to commemorate his said services a bronze tablet bearing his name and appropriately acknowledging his constructive work in the acquisition of said municipal water system be placed in a suitable place on the O'Shaughnessy Dam.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Marks, McSheehy—3.

Portsmouth Square to Be Changed to Portsmouth Plaza.

Also, Resolution No. 28242 (New Series), as follows:

Whereas, Portsmouth Square, being the block bounded by Washington, Kearny and Clay streets and Brenham place, in the City and County of San Francisco, and which was known as "La Plaza" in the days when the first commercial settlement, then called Yerba Buena, was established on the Bay of San Francisco, is one of the most historic spots in the State of California, on and around which the most stirring events of the "days of '49" and the periods preceding and following the discovery of gold in California were enacted; and

Whereas, the names borne by historic places should, as far as possible, be preserved, and an account of the events linked with such spots preserved on monuments or tablets; be it

Resolved, That the Board of Park Commissioners be and they are hereby requested to change the

name of the block of land now known as Portsmouth Square to Portsmouth Plaza; and be it

Further Resolved, That the Mayor is requested to appoint a committee of three to arrange to appropriately mark said plaza by means of a bronze tablet, or tablets, on which will be set forth a record of the historic events connected with said spot, around which grew up the City of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Herz, Kent, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Marks, McSheehy—3.

Accepting Offer of Charles J. Magistra et al. to Sell Certain Lands Required for School Purposes.

Also, Resolution No. 28255 (New Series), as follows:

Whereas, the owners of the following described lands, situated in the City and County of San Francisco, State of California, and sought to be acquired by the City and County of San Francisco for the opening of Bernal Cut, extending from Mission and Randall streets southwesterly along the Southern Pacific Company's right of way to the intersection of San Jose avenue and Circular avenue, have offered to convey the property desired by said City and County of San Francisco for the sum set forth opposite their names, viz.:

Charles A. Magistra and Mary Magistra, $2,000—

Parcel 1: All of Lot 16 of Jones' Addition to Fairmount, as per map thereof recorded in Map Book "E" and "F", page 169, records of the City and County of San Francisco, saving and excepting therefrom the following described parcel of land:

Beginning at the point of intersection of the northwesterly line of Jones' Addition to Fairmount and the westerly line of Natick street, and running thence southwesterly along said northwesterly line 30.130 feet; thence at right angles southeasterly 16.417 feet to the southeasterly prolongation of the northeasterly line of Wilder street; thence deflecting to the left 35 deg. 46 min. 50 sec. and running southeasterly along said prolongation 2.173 feet; thence southeasterly, easterly, northeasterly and northerly along a curve to the left, tangent to the preceding course with a radius of 10 feet and a central angle of 109 deg. 25 min. 40 sec., a distance of 19.099 feet to its point of tangency on the southerly prolongation of the westerly line of Natick street; thence northerly along said prolongation 21.967 feet to the point of beginning.

Parcel 2: Beginning at the point of intersection of the northwesterly line of Jones' Addition to Fairmount and the westerly line of Natick street, and running thence southwesterly along said northwesterly line 30.130 feet; thence at right angles southeasterly 16.417 feet to the southeasterly prolongation of the northeasterly line of Wilder street; thence deflecting to the left 35 deg. 46 min. 50 sec. and running southeasterly along said prolongation 2.173 feet; thence southeasterly, easterly, northeasterly and northerly along a curve to the left, tangent to the preceding course with a radius of 10 feet and a central angle of 109 deg. 25 min. 40 sec., a distance of 19.099 feet to its point of tangency on the southerly pro-

longation of the westerly line of Natick street; thence northerly along said prolongation 21.967 feet to the point of beginning.

Being a portion of Lot 16 of Jones' Addition to Fairmount, as per map thereof recorded in Map Book "E" and "F", page 169, records of the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the properties owned by said persons and offered to the City and County of San Francisco for the price set forth, which said price is in accordance with the City's appraisement of the properties; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said properties, and if the same is found in satisfactory condition to accept in behalf of the City and County of San Francisco a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco upon payment of the agreed purchase price; and be it

Further Resolved, That in order to facilitate the possible exchange or sale of Parcel 2, purchased from said Charles A. and Mary Magistra, the deed to said Parcel 2 be taken in the name of the Title Insurance and Guaranty Company, a corporation, to be held in trust by said company for the City and County of San Francisco, and under the directions of said City and County.

Amendment to the Proposed Shingle Ordinance.

Wood Shingles.

"All wooden shingles used for roofing purposes shall be not less than five shingles to two inches (5/2) in thickness at the butt (U. S. Government standard).

Wooden shingles shall be laid—for shingles sixtten inches (16) long not to exceed five inches (5) exposed to the weather, for shingles eighteen inches (18) long not to exceed five and one-half inches (5½) exposed to the weather and for shingles twenty-four inches (24) long not to exceed seven and one-half inches (7½) exposed to the weather; all wooden shingles shall be nailed firmly with copper, zinc, zinc-coated or commercially pure iron nails of at least twelve and one-half gauge (12½) and not less than one and one-quarter inches (1¼) long. Each shingle shall be nailed with at least two nails driven substantially.

Shingles shall be used on the roofs of detached buildings only and shall not be used on roofs of less than 113 (30 degrees) pitch.

Whenever the covering of the roof or roofs of any building or buildings heretofore constructed within the said limits shall, in the judgment of the Board of Public Works, be or become damaged through fire, decay or otherwise to the extent of forty (40) per centum of the value of the said covering of the roof or roofs, then the said covering of the existing roof or roofs shall be reconstructed of or replaced with materials hereinbefore specified in this section, and shall apply to such roofs as now exist within the district defined herein."

Referred to Public Building Committee.

Amendment to the Proposed Ordinance Extending the Fire Limits Within the City and County of San Francisco.

Consideration of Fireproof Roofing Ordinance.

The Board of Supervisors proceeded and continued consideration of the proposed fireproof roofing ordinance, together with amendments offered before recess, to-wit:

Fireproof Roofing Ordinance Amendment.

The following revised bill was presented in lieu of the foregoing entitled bill:

Bill No. 8363, Ordinance No. —— (New Series), as follows:

Amending Section 4 of Ordinance No. 1008 (New Series), approved December 22, 1909, and known as "The Building Law," relating to the fireproof roofing limits.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 4 of Ordinance No. 1008 (New Series), approved December 22, 1909, is hereby amended to read as follows:

Fireproof Roofing Limits.

Section 4. The roofs of all buildings hereafter constructed within the limits hereinafter in this section described shall consist of fire-resistant materials, and whenever the covering of the roof or roofs of any building or buildings heretofore constructed within the said limits, shall, in the judgment of the Board of Public Works, be or become damaged through fire, decay or otherwise, to the extent of twenty (20) per centum of the area of the said covering of the roof or roofs, then the covering of the roof or roofs shall be reconstructed of or replaced with fire-resistant materials. Said fire-resistant materials shall consist of the same materials required for the roof coverings of all buildings erected within the fire limits of the City and County.

Subsection 1. Said limits shall be bounded by a line commencing at the intersection of the shore line of the Bay of San Francisco with the easterly boundary of the Presidio Reservation; thence southerly and westerly along the boundary line of the Presidio Reservation to the shore line of the Pacific Ocean; thence along the shore line of the Pacific Ocean westerly and southerly to its intersection with the County line; thence easterly along said County line to its intersection with Mission street; thence along the center line of Mission street to its intersection with Twenty-fifth street; thence easterly along the center line of Twenty-fifth street to the center line of Potrero avenue; thence along the center line of Potrero avenue to the center line of Division street; thence along the center line of Division street to the center line of King street; thence northeasterly along the center line of King street to the center line of Seventh street; thence southerly along the center line of Seventh street to the center line of Channel street; thence northerly along the center line of Channel street to the shore line of the Bay of San Francisco; thence following the shore line of the Bay of San Francisco to the point of commencement.

Section 2. This ordinance shall take effect immediately.

Proposed Amendment.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Board of Education to Adopt a Rule Forbidding Children to Be Released Without Parents' Consent.

Supervisor Schmidt presented:

Resolution No. 28267 (New Series), as follows:

Whereas, recent accounts in the public press recite numerous occasoins in which strangers have called at schools and have taken away with them children in attendance at said schools without the knowledge or consent of the parents of the children; and

Whereas, according to public reports, this occurred in the case of Marian Parker, the Los Angeles school girl, resulting in one of the most brutal murders in the history of our country; and, also, recently a child was taken from the Oakland schools and has disappeared; therefore, be it

Resolved, for the protection of the childhood of our city, and in order to prevent any similar occurrence in San Francisco, the Board of Education is respectfully requested to adopt a rule forbidding the teachers in the public schools to allow children to leave the schools with strangers except on the specific authorization of the parent or parents of said children.

Report of Finance Committee on Salary Increases.

The following was read by hte Clerk:

San Francisco,
December 27, 1927.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen:

Your Finance Committee recently submitted to you a report upon the financial condition of the City and County government in connection with various requests for increase of compensation for City and County employees. This report indicated that because of abnormal increase in the number of patients in the City and County Hospital and the inmates of the Laguna Honda Home and by reason of emergency appropriations for matters of vital importance a deficit would occur in the General Fund at the end of the present fiscal year unless a policy of retrenchment and careful conservation of the budget funds is immediately adopted by your Honorable Board. A careful recheck of this report has been made in the interim by the Chief Bookkeeper for the Board of Supervisors, Mr. Cyril Williams, and your Finance Committee desires to reiterate at this time its insistence upon the necessity for a policy of careful economy during the remainder of the fiscal year.

At the request of members of the Board of Supervisors, your Finance Committee, after filing its previous financial report, held a public hearing at which all applicants for increased compensation were given an opportunity to present their requests. The requests submitted would have required an appropriation of approximately $243,000 per annum in excess of the present budget provisions.

In view of the fact that we are confronted with the certainty of a deficit at the end of this fiscal year unless the public funds are very carefully conserved, your Finance Committee feels that its responsibility to meet, in some fashion, the necessary expenditures for the care of our sick and for other essential functions of our municipal government, it cannot properly recommend at this time any emergency appropriations for increased compensation for employees.

We desire to call your attention, however, to the fact that it is the established policy of our government to pay its employees a wage which shall not be less than the accepted scale of compensation for similar services in private employment. At the public hearing held by your Finance Committee representatives of organized labor submitted oral and documentary statements to prove that certain City and County employees are now receiving a lower wage than is now being customarily paid for the same class of work by private employers. Your Committee is willing to recommend that adjustments of compensation to remedy this condition be authorized whenever the state of the City and County treasury will warrant it. We will submit to you at this time an itemized list of employees and their present compensations, which the representatives of organized labor contend should be so adjusted.

In most instances the requests for increased compensation referred by your Honorable Board to the Finance Committee, particularly those affecting clerical employees, were based upon the argument that differentials of compensation which have existed in the past should now be reestablished. Your Committee feels that it cannot recommend any adjustments of this character until the work of reclassifying all employments under the City and County government and the general standardization of municipal salaries, which has been authorized by Charter amendment and is now in progress under the direction of the Civil Service Commission, is completed. This Board of Supervisors has made two appropriations to carry out this very important work, and we are advised by the Civil Service Commission that it will be ready to report upon the reclassification of City and County employments by the first of February next. In view of the fact that we have been instructed by the people to do this work and that a considerable sum of money has been expended to carry it out intelligently and scientifically we be-

lieve that it would be improper and unwise at this time to report upon any readjustments of this character which might interfere with the work already done and the recommendation so soon to be submitted by the Civil Service Commission.

Respectfully submitted,
FINANCE COMMITTEE.

FRANCK R. HAVENNER,
Chairman.
